

COMMUNITY RESILIENCE PARTNERSHIP RESOLUTION

WHEREAS, The Town of Mount Desert has completed the Community Resilience Partnership's Community Resilience Self-Assessment and List of Community Actions, and held a community workshop on January 20, 2022 which prioritized the following action areas: C1, C2, C6, H2, A2, B1. (see attached)

BE IT RESOLVED, The Town of Mount Desert commits to participating in the Community Resilience Partnership, which supports community leadership in reducing greenhouse gas emissions and increasing resiliency to extreme weather and climate change impacts;

BE IT FURTHER RESOLVED, The Town of Mount Desert designates Durlin Lunt, Town Manager to coordinate planning, implementation, and monitoring of energy and resilience projects and to be the primary point of contact to the Community Resilience Partnership;

Given under our hands at Mount Desert this 7th day of March 2022, the Selectmen of the Town of Mount Desert:

John B. Macauley, Chairman

Matthew J. Hart, Vice Chair

Wendy H. Littlefield, Secretary

Martha T. Dudman

Geoffrey Wood

Attest: A True Copy

Town Clerk, Mount Desert

Mount Desert Community Resilience Partnership Resolution Attachment

Priority Community Actions Identified:

C1: Conduct a baseline for energy usage by municipal/tribal government including electricity, heating and transportation fuels, and other energy sources.

C2: Identify and track a simplified set of emissions indicators for community emissions reduction (e.g. number of EVs registered in the community, number of homes with solar panels, number of heat pump rebates from Efficiency Maine).

C6: Enter into a long-term service contract or power purchase agreement (PPA) or adopt a clean power purchase policy to ensure increasing local government energy supplies come from renewable energy.

H2: Create a climate change education, outreach, and engagement program, focusing on mitigation and adaptation for residents and businesses.

A2: Install EV chargers in public parking areas.

B1: Adopt and execute a plan for energy efficiency and building envelope weatherization improvements for municipal/tribal buildings. Collaborate with local school district for school building improvements.

Note: These come from the List of Community Actions eligible for funding support from the Governor's Office of Policy Innovation and the Future. The full list was reviewed in the Community Meeting on January 20 and the above actions received priority vote.
