ADD Household Hazardous Waste (HHW) & Universal Waste (UW) Collection Day
MDI High School; Rear parking lot; Eagle Lake Road/Route 233

Saturday, September 23, 2023

9:00 AM to 10:00 AM Outer island town loads
10:00 AM–2:00 PM for MDI and all other Towns

This form is for informational purposes. Some towns, at their discretion, might opt to use it as a registration form and ask their residents to take it with them to the collection.

Town: _____ **Name:** _____

- Please put your vehicle in line and always stay in your vehicle. Time in line depends on participant turnout and quantity of materials brought in.
- Trained employees of the waste collection companies will unload materials for you.
- Be prepared, if asked, to provide proof of town in which you reside.
- When possible, materials should be in original containers and sealed with labels still attached. Otherwise, close securely and clearly mark with name of contents.
- Transport the materials to the site in, for example, a cardboard box (we will recycle the cardboard if you do not want it).
- *If in doubt about a material, bring it and ask if we can accept it!!*

Residents from the Towns of: Cranberry Isles, Frenchboro, Lamoine, Mount Desert, Southwest Harbor, Tremont, Trenton, and Swans Island to bring reasonable, household-type amounts of HHW and/or UW to the collection **at no direct charge to them.**

The same applies for Bar Harbor residents **EXCEPT** Bar Harbor residents **are not** allowed to dispose of UW – they are directed to their own UW site at the Bar Harbor recycling center. We will accept materials from towns not listed above for a fee; the fee will not be known until the day of the collection.

Representatives of the ADD and their vendors reserve the right to determine what a reasonable amount is. ADD and its vendors reserve the right to refuse material at their discretion. Refrigerators and freezers are not accepted.

Any Questions? Call your town office for the name of your ADD director. Volunteers are needed and appreciated. Contact ADD Chair Tony Smith at 207-266-7866 for information or to volunteer. Thank you.

!!NEVER MIX CHEMICALS!!

<u>Materials classified as HHW include:</u>	<u>Materials classified as UW include:</u>
