

Town of Mount Desert: Covid Update

April 6, 2020 / 4 pm / Town Manager's Office

The Town of Mount Desert expects residents and visitors alike to abide by CDC and State recommendations for social distancing, quarantine, isolation, and handwashing. Abiding by these recommendations will help protect our island community.

Today in the Maine CDC briefing Dr. Shah repeated, "The only vaccine we have for this disease is social distancing." He also said, "We are in control of how this story goes in our communities. Individually, we can help keep ourselves and our neighbors healthy by practicing social distancing."

Police Department: The Town's Police Department is tasked with enforcing the Governor's [Essential Business Mandate](#) to ensure that all non essential businesses are complying with the order to close. Please call the department 276-5111 for more information.

The Emergency Operations Center (EOC) staff was asked to provide a brief description of their current situation, any changes in their department or agency operations, and any change in their hard facilities since the last briefing. They were also requested to provide their operational objectives and any resources needed to complete

Town Manager (TM) – Town Office remains closed to the public and is in lockdown. Staffing remains stable. In addition to regular business, measures are being taken to assure information about changes due to Covid 19 is current and up to date.

NEH Ambulance Service - The Service Chief reports no change in operations since the last briefing. Staffing levels continue to be steady. Crews are at heightened awareness. Extra steps

have been taken so in the event there are short term crews shortages within NEHAS, neighboring EMS agencies will be automatically dispatched to Mount Desert to assure seamless medical coverage in town.

Police Chief – The Police Chief reports no disruption in continuity of operations within their department. Shift schedules continue to be modified to reduce or remove the likelihood of more than one officer in the PD office or patrol room. Officers have been assigned their own work stations to further reduce the likelihood of contamination. PD will be following State protocols in regards to the Governor’s “shelter-in-place” order. Plans are not to actively seek out violators but will monitor for reasonable compliance.

Treasurer - The Treasurer has reported that all essentials operations are being completed. Some staff are remaining offsite and working remotely with no major problems. The mailbox system and drop box system continues to work well.

Public Works Director – The Public Works Director indicated that the department’s staff was nearly full strength with no known or anticipated health issues at this time. Work schedules are going to be adjusted so that department staff will have as minimal contact with each other as possible. All are adhering to and practicing US CDC Social Distancing guidelines within the workplace. Workers have been vigilant in wiping down everything at worksites and in vehicles. PW Director advised every one of the forthcoming removal of all trash dumpsters in Town due to health and safety concerns to PW staff. PW Director also states that receiving mail increases employee exposure to the virus and has suggested a modification to mail handling to minimize risk.

Town Clerk – Town Clerk reports that the first week of their staff working split shifts has worked well. Overall, things seem to be running smoothly.

The Town’s operations and services are running as efficiently as possible. Staffing schedules and work environments, in most cases, have been significantly altered to adapt to this new way of doing business, but all have handled it professionally and commendably. A couple of “watch out” areas I would recommend monitoring closely would be, as mentioned early, what to do about the marina if the pandemic should worsen or extends late into spring. Some thoughts should be given to public areas under the Town’s control which may promote public gatherings, like parks and beaches. Some communities in Maine have already begun to address this by closing their beaches and parks.

All indications are that we will see more confirmed cases in our area before things level off. Unfortunately, none of us knows when that will be. Some comfort can be taken in the fact that the Town in a whole, is in a much better position to face whatever challenges lay ahead than we were just 3 weeks ago.

Public Works: For public, and employee health and safety reasons we will be removing the garbage dumpsters from the highway garage and the Northeast Harbor marina on April 3, 2020. Leaving garbage in these areas constitutes littering. Please use the town’s curbside collection service or take your garbage to the transfer station in Southwest Harbor on Long Pond Road off Seal Cove Road. For more information about why this is being done [click here](#).

*If you own rental property we ask that you do not open your building until the Civil State of Emergency has passed.

*If you have recently arrived, you must quarantine for a minimum of fourteen (14) days. Do not leave your property.

The next Board of Selectmen Zoom meeting will be on 4/21 at 4:00 PM

Hannaford

Hannaford:

In an effort to reduce exposure to Covid 19 for all, Hannaford is making changes to in-store practices.

Red hand baskets are no longer in use.

Currently 4/6/2020 there is a daily limit of 2 per customer on the following items:

BUTTER - BABY WIPES - NAPKINS - PAPER TOWELS - HOUSEHOLD CLEANING SUPPLIES - HAND SANITIZER - EGGS - VITAMINS - COUGH & COLD MEDICINE - DISINFECTING SPRAY ALOE - RUBBING ALCOHOL - LIQUID HAND SOAP - FACE MASKS - TOILET PAPER - FLOUR FACIAL TISSUE - PAIN RELIEVERS

At this time, reusable bags are still allowed however management encourages the use of plastic bags as a method of reducing the risk to staff and customers alike.

Carts will be stored outside and there will be a queuing line that will keep customers 6 feet apart.

No more than 50 people are allowed inside the store at any one time, so please limit the number of shoppers per household.

Hannaford asks that you remain behind the plexiglass while in the check out line, and to honor the 6 foot marks on the floors for personal space.

Hannaford has dedicated the hour from 6-7 AM on Tuesdays, Wednesdays, and Thursdays as a specific shopping time for our elderly (60 plus) and those who are immunocompromised.

They are open 7 days a week from 7am to 9pm for all other patrons.

Store manager Jay Boyce reports that the quietest times at the store continue to be 10am-2pm and 4pm-9pm. Additionally, he is noticing that many who come in are single shoppers that are buying a week's worth of groceries or more, and that staff and customers are working hard at social distancing.

He is grateful that shoppers are being so respectful of the many changes.
