

Town of Mount Desert: Covid Update

April 24, 2020 / 4 pm / Town Manager's Office

The Town of Mount Desert expects residents and visitors alike to abide by CDC and State recommendations for social distancing, quarantine, isolation, and handwashing. Abiding by these recommendations will help protect our island community.

“While we all dream of going back to the way things were, we have to face the hard truth that the coronavirus continues to be a threat and that life will not return to normal soon. Instead, we have to invent a new normal – a different way of doing business, shopping, traveling, and recreating that keeps all of us safe. In the coming weeks, my Administration will continue to assess the impact of the coronavirus in Maine and engage with various sectors of the Maine economy to determine how they can safely reopen at the right time in the right way. This will be a gradual process to protect the health of Maine people while restarting our economy.”

-Governor Janet Mills on April 23, 2020

Public Safety & Municipal News

All municipal buildings, schools, restrooms, and playgrounds remain closed to the public.

Below is a report to the Board of Selectmen on the Town of Mount Desert's Emergency Operation Center (EOC) briefing for 0900 hours on April 21, 2020. The EOC activation level remains at 3 which is designated as a “Standby” status as defined in the Town's Emergency Operations Plan (EOP). The Local Emergency Management Director (LEMD) continues to closely monitor the spread of COVID-19 in our area. The briefing was attended via teleconference by the Town Manager, Police Chief, Harbormaster, Public Works Director, Northeast Harbor Ambulance Service's (NEHAS) Service Chief, LEMD/Fire Chief, Town Clerk and Treasurer.

The EOC briefing began with an overview of confirmed COVID-19 cases as reported by the Maine CDC. As of this briefing, there were 875 cases statewide, an increase of 177 confirmed cases in the last week. In Hancock County, there were a reported 6 confirmed cases, up 1 from the week before. LEMD also informed the EOC Staff that he had been in contact with Maine Emergency Management Agency (MEMA) to work through a couple of issues with the FEMA Grant Portal. The Town has been confirmed as registered and eligible to submit a Request for Public Assistance (RPA). However, it was recommended by MEMA to wait for a while before submitting any RPA's, but should continue to track and record all COVID-19 related expenditures.

The EOC staff was asked to provide an update of their current situation and their operational objectives and any resources needed to complete those objectives. Generally, there has been little change in operational capability or staff readiness of the Town. Below is each staff members report:

Town Manager (TM) – Town Office remains in lockdown with no public access allowed. No change in staff levels or healthiness from last week. TM said he has fielded some calls seeking information in regards to Maine's non-essential business closures. Chief Willis suggested those calls can be redirected to the PD as they have staff that is familiar with the Governor's Executive Orders.

NEHAS - The Service Chief indicated little change since last week's briefing. Staffing and PPE supplies are good. The staff continues to receive revised COVID-19 protocols from Maine EMS. As with Maine CDC, one topic of concern is congregate housing, particularly in our area. As of now, there are no issues, but this will continue to be monitored closely. There are no major changes at the hospital level.

Police Chief – The Police Chief reports no significant changes in staff or PPE inventory. The PD has been proactively offering advice and direction to the general public in respect to the Governor's Executive Orders. New and revised guidelines and protocols continue to be issued by the Federal CDC, Maine Department of Public Safety and/or the Attorney General's Office.

Treasurer - The Treasurer indicated staffing and daily operations are the same as the week before.

Public Works Director – The Public Works Director reports status quo. Staffing levels are good. PPE is in good shape. Daily operations remain normal.

Harbormaster – Harbormaster reports no change at this time. The Harbormaster and Deputy Harbormaster are continuing their rotating work schedule to maintain CDC's recommended social distancing guidelines. Activity at the harbor is still somewhat quiet, which is typical for this time of year.

Fire Chief – Fire Chief says day-to-day operations are running as normal. 24/7 coverage is ongoing. Staffing levels are steady with no reported illnesses. FD acquired some face shields which will provide additional protection for firefighters thanks to the BHPD

Town Clerk – Town Clerk reported no real change in Admin. All staff appear to remain healthy. There was some discussion on what safety protocols may need to be implemented once the

town office is open again to the general public. Maine CDC will likely provide some direction on this once it is considered safe to resume conducting business again.

Again, there seems to be little change from last week in the overall operational status in the Town.

Although nowhere near business as usual, all essential operations of the Town are presently running smoothly. The impact of the pandemic emergency may appear to be less severe in our area than in others, but both state and federal health officials warn against becoming complacent. Experts agree that the confirmed case amounts do not represent an actual number of infected people, as many will never be tested. We must remain vigilant.

Town Meeting has been postponed to a date uncertain due to Covid 19.

Police Department: The Town's Police Department is tasked with enforcing the Governor's [Essential Business Mandate](#) to ensure that all non essential businesses are complying with the order to close. Please call the department 276-5111 for more information.

Year-round Curbside Trash Collection Schedule

April Clean Up Week has been rescheduled: the 2020 annual Spring waste clean-up week to the week of June 8, 2020. This date is subject to change depending on circumstances surrounding the virus at that time.

Message from Public Works: For public, and employee health and safety reasons we will be removing the garbage dumpsters from the highway garage and the Northeast Harbor marina on April 3, 2020. Leaving garbage in these areas constitutes littering. Please use the town's curbside collection service or take your garbage to the transfer station in Southwest Harbor on Long Pond Road off Seal Cove Road. For more information about why this is being done [click here](#).

*If you own rental property we ask that you do not open your building until the Civil State of Emergency has passed.

*If you have recently arrived, you must quarantine for a minimum of fourteen (14) days. Do not leave your property.
