Re: Small Load Fee: Multiple Properties
Date: August 27, 2009

As stated in Section 14 *Small Load Fee* of the current contract between EMR and the Town, the Town will pay for the disposal of up to one ton (2,000 pounds) of materials per developed parcel located in the Town transported to EMR by the property owner(s) or their authorized representative.

Many of our property owners own multiple properties. As such, tonnages of materials transported to EMR can be spread out over these multiple properties at the property owner's discretion. For example, if an individual or entity owns 10 developed parcels, the Town will pay for up to 20 tons of materials transported to EMR, with the 20 tons being spread over the 10 properties at the property owner's discretion.

As stated in the contract, the property owner is responsible for the costs of any materials in excess of the 2,000 pounds per number of developed parcels.

If you have any questions, please contact me at 276-5743 or director@mtdesert.org.

Thank you.
