# Town of Mount Desert

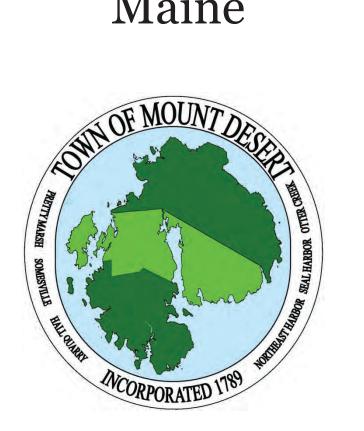

2017 Annual Town Report 2016-2017 Fiscal Year and 2018-2019 Fiscal Year Warrant

Come join us before the Town Meeting for a bite to eat!

Mount Desert Elementary School Gymnasium

# Town of Mount Desert Maine

# **Annual Report**

For the fiscal year ending June 30, 2017 and 2018- 2019 Warrant

Annual Town Election Monday, May 7, 2018

Annual Town Meeting Tuesday, May 8, 2018

### **Dedication**

Robert R. (Bob) Pyle

I have not known Bob for all of my life, but I first met him in 1963 which constitutes the lion's share of it.

Bob and his mother Louise moved to Mount Desert early in 1963 when his stepfather, Ernest Libby, was appointed As Town Manager. Sadly, Mr. Libby's tenure was brief, but Bob's mother decided to remain in the community due to the great and generous support she received after Mr. Libby's untimely death.

Bob was no stranger to the area as he spent summers as a child on Islesford. He very quickly acclimated to a new school and community making new friends swiftly.

Bob's dedication to the community began while still in high school. I recall one particularly dry summer when there was concern of another 'great fire' like the one that consumed much of Mount Desert Island in October of 1947. The Northeast Harbor Fire Department asked for volunteers who would be willing to drive the back roads of town as fire spotters. Bob spent many hours of his time that summer in the old red fire company 'Jeep" looking for signs of fire. For over fifty years he continued his dedicated service to the fire company.

Bob was also active in the law enforcement field. He started as a summer police officer in the early 1970's, moving up to police reserve serving first under his good friend Chief Alton Pinkham. Bob has some very colorful stories of his time on the police force, involving local and summer folk alike. He was active in the police reserves during much of his tenure as Director of the Northeast Harbor Library. In all probability he was the only "badge carrying librarian" in the State of Maine.

During Bob's Directorship the library evolved from the 1950's structure that although much loved in the community, had become unsafe and inadequate by the early years of the Twenty First Century. Bob became the point person advocating for the new structure even though it was not always the most politic position to assume. With his leadership the fine new structure stands proudly on the corner of Joy and Summit Roads and will serve our community for generations to come.

Thank you Bob and we look forward to your contributions for years to come.

The 2016 Town of Mount Desert Annual Report received top honors from Maine Municipal Association in 2017. Town Reports are judged on content, attractiveness and utility. The Town of Mount Desert competed with other towns in the population category of 1,000 -2,499.

### **Board of Selectmen Chairman**

### "If everything seems under control, you're just not going fast enough"- Mario Andretti

It seems like yesterday that I was writing a similar letter under similar circumstances, however we have made quite a bit of progress in our town. At the last writing, we were negotiating with Spectrum over extending broadband service to underserved portions of Mount Desert, investigating lighting options for becoming a greener community and waiting, with some trepidation, to see what the legalization of marijuana would mean for us all. As of this writing, we have an agreement with Spectrum to finish phase I of the broadband project by this summer, a firm plan in place to replace OUR streetlights with LED fixtures, and as for the marijuana legislation, well.... we shall see.

As we move into a new year, we are considering a makeover of downtown Northeast Harbor. This will include burying utility lines and restructuring walkways and green spaces. This is not just another stab at reviving a flagging local economy, but rather the fulfillment of an obligation to maintain and improve upon what we have. All one has to do is to visit other communities in our state to see that many are improving their downtown areas by repairing sidewalks, burying power lines, and creating parks and walkways. Eventually, these efforts will expand to the other villages in Mount Desert as we move forward with plans to create a vision that can be embraced by all. It is with this in mind that I would like to offer a hearty thanks to our volunteers on the Economic Development Committee, and to all those that have been part of the revitalization process.

We continue to follow our capital improvement plan, maintaining and upgrading our infrastructure by investing today. We are looking forward to the startup of the new Fiberight facility in Hamden, the construction of which has been delayed by weather and other unforeseen circumstances. We continue to move into the 21<sup>st</sup> Century, as we make the Town more energy efficient with the conversion of our streetlights to LED fixtures, and the installation of solar panels at the town garage. This is only a beginning, and I thank the Sustainability Committee for its hard work and achievement towards these ends.

Lastly, I would like to thank our remarkable town employees for their efforts. The Public Works Department continues to provide top quality service to the residents of Mount Desert, and has navigated us through our odd weather, keeping our streets, sidewalks and sewers clear. Our Public Safety Department is a model for other towns, the Marina continues to be the jewel of the Down East coast and the folks in the Municipal Office keep us all in line. Thanks also to the our volunteer board members on the School Committee, Warrant Committee, Planning Board and Zoning Board of Appeals. Without our volunteers, Mount Desert would suffer greatly.

Another year has passed and we have managed to avoid infamy. Perhaps we are not going fast enough?

Respectfully,

Lacas

John B. Macauley Ph.D. Chairman

Left to Right: Wendy Littlefield, Secretary, Rick Mooers, Selectman, Martha Dudman, Selectman, Matthew Hart, Vice Chairman and John Macauley, Chairman

### **Town Manager**

"Time is the most valuable currency so spend it wisely" - — Debasish Mridha

In the pages of this town report you will read about the many good works that have taken place during the fiscal year which ended June 30, 2017. This report will highlight some of the large and small activities, events and achievements during that time period.

### **July 2016**

The Mount Desert Fire Department added two full time firefighters to its roster as Benjamin Wallace and Chapin McFarland joined the Department to work with Chief Mike Bender and Lieutenant Amilie Blackman. Volunteer firefighters are still an integral component of our Fire Department.

John Littlefield was appointed as Wastewater Lab Technician replacing Ed Montague who became Superintendent of our Wastewater plants following the retirement of Terry Savage.

Health Insurance is a major expense for most communities including Mount Desert. In order to best serve our taxpayers and protect our valued employees we moved to a high deductible health insurance plan with a Health Reimbursement Account to help offset the higher deductibles. The net result is our employees continue to enjoy excellent insurance coverage with a saving to the town of \$70,000 from the prior year's expense. Employees with the family plans also began contributing to their coverage premiums.

Ryan Pinkham was appointed as a Motor Equipment Operator for the Highway Department.

After the Public Works Collective Bargaining Unit was approved we undertook a survey of the salary and benefits of our non-union employees compared to 15 peer communities along or near the coast of Maine. The communities chosen for comparison were: Searsport, Harpswell, Belfast, Waldoboro, Rockport, Ellsworth, Southwest Harbor, Wiscasset, Kennebunkport, Rockland, Camden, Bar Harbor, Boothbay Harbor, Damariscotta, and Castine. Actions taken as a result of these surveys will be listed in later sections of this report.

A replica of the schooner yacht "America" visited the Northeast Harbor Marina and was available for the public to tour. It is a beautiful vessel and a great reminder of our nautical heritage.

### August 2016

This is a traditionally slow month for new municipal initiatives as much time and energy is expended working with the large influx of visitors and summer residents into the community. The Board granted Public Works Director Smith the authority to proceed with a structural survey of the Highway Garage to ascertain the feasibility of placing a solar array on the building's roof.

David Higgins was hired as a Wastewater Assistant Operator.

Tom Wallace Construction Services was recognized with thanks by the Selectmen for constructing fire department training structures.

<u>September 2016</u>
The Garden Club of Mount Desert donated \$10,000 towards the landscaping project at the Northeast Harbor Marina. The Selectmen thanked them for their generous donation.

As a result of the coastal Benefits Survey of July, the Selectmen asked for a presentation from the Maine Employee Retirement System concerning a year's of Service Retirement Plan to replace the age at retirement plan for Public Safety Employees. Such plans are common in the surveyed communities. These plans allow Public Safety employees to retire after 25 years of service regardless of age. There are incentives built in if employees delay retirement past the twenty five years. It was felt that the adoption of such a plan would aid recruitment and retention among public safety employees. A year's of service plan was adopted at the May 2017 Town Meeting.

### October 2016

Tax Collector Margaret Porter resigned and returned to work in the Town Office of her hometown of Bar Harbor.

Kate Joseph joined the fire department as an on call firefighter.

The Public Works Department installed a basketball hoop at the Otter Creek playground.

A tree was planted near the Seal Harbor Village Green in honor of Paul Fremont-Smith in commemoration of his many years of service to the Seal Harbor Village Improvement Society.

Finance Clerk Lisa Young was appointed as Tax Collector. Lisa will retain her primary position of Finance Clerk.

Zachary Allen and Christopher Johannsen were appointed as part time Patrol Officers.

### November 2016

A visit by a small cruise ship in September caused a lot of controversy about the economic benefits and the possible harm that could be caused by future visits of such vessels. The Marine Management committee recommended that tenders from such vessels not be allowed to dock at the Northeast Harbor Marina and the Selectmen voted to accept that recommendation.

A request to add a cost sharing project to reconstruct a portion of Route# 198 (Giant Slide Road to Parkman Mountain Parking lot) to the Town meeting warrant was approved. The project was approved at Town Meeting.

Bar Harbor Police Officer Caleb Mora was approved as a part time Mount Desert Police Officer.

### December 2016

Elizabeth Yeo was appointed as Customer Service Clerk Collections.

Richardson Associates presented an update of the Northeast Harbor Village Center Plan. A Warrant Article to Design and Engineer this plan was approved at the May 2017 Town Meeting.

### January 2017

Selectman Brian Reilly resigned to accept employment in Houston Texas. Gordon Beck was appointed to serve until the election at the Town Meeting in May.

Heather Jones was appointed as an MDI High School Trustee until elections at the Town Meeting in May. Joseph Renault's resignation as an on-call firefighter was accepted with thanks and regrets by the Selectmen.

The Selectmen voted to support the efforts of the Sustainability Committee to obtain a cost analysis for the conversion of lights in municipal buildings to LED.

### February 2017

There were not a number of new initiatives this month. The bulk of the work was approving the Warrant Articles to be presented at the Annual Town Meeting in May. After these articles were vetted by Legal Counsel they were presented at public hearings.

Buddy and Becky Brown were chosen to receive the first "Spirit of America" tribute for volunteerism from Mount Desert. They were presented their award at the May town Meeting.

### March 2017

Final drafting of the proposed Warrant Article to expand Broadband coverage in the Pretty Marsh area was accomplished. Mount Desert has been awarded a Connect ME grant in the amount of \$100,000 for this project. The Town, if approved at Town Meeting would expend \$250,000 thousand for the project and Charter Communications (Time-Warner Cable) would contribute the remainder of the \$763,000 project cost. The article passed.

A Warrant Article to donate a piece of Town owned land in the Beech Hill area to Island Housing Trust so that they may move an existing house onto it for workforce housing was approved for inclusion in the Warrant for May. The article passed.

### **April 2017**

The Annual Audit Review was presented by the James Wadman Company. There were no material findings in the audit. The Selectmen congratulated Treasurer Mahar and the Department Heads for their hard work leading to a successful audit.

Motorized Equipment operator David Knowlton retired after many years of service to the Town. The Selectmen authorized funding from contingency for the installation of an electric vehicle charging station at the Northeast Harbor Marina.

### May 2017

At their annual organizational meeting John Macauley was elected Chairman of the Board of Selectmen, Matthew Hart was elected Vice Chairman, and Wendy Littlefield was elected Secretary.

Dennis Shubert was appointed to the Investment Committee.

Finance Clerk Lisa Young achieved the status as a Certified Treasurer.

### **June 2017**

Tony Smith was appointed as a Trustee of Mount Desert Island High School

The Town was awarded \$100,000 from the Connect ME Authority to support the broadband expansion project in the Pretty Marsh area. The total Municipal appropriation, including the grant, is not to exceed \$350,000.

Resident Shepard Brown appeared before the Board requesting the formation of a committee of school age residents to encourage the youth of Mount Desert to be involved in the governing of the Town. The Board responded to this request with enthusiasm.

Respectfully submitted,

Durlin Lunt Town Manager

and always look forward to meeting our four legged residents.

### **Treasurer**

### Finance Department Report ~ 2017

"Transparency, honesty, kindness, good stewardship, even humor, work in businesses at all times."

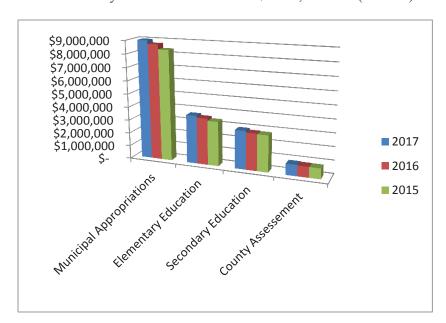

John Gerzema

The **Finance Department** consists of three fulltime employees who maintain financial records for the entire Town including the Marina. The Department is also responsible for billing and collections as well as revenues from other general Town operations. In addition to these activities, the **Treasurer's Office** is responsible for maintaining Town investments, reserve funds, project financing, as well as, processing payroll, accounts payable and capital project funds. The Finance Department strives to maintain a reputable, customer-oriented attitude of friendly service while manage a high volume of activity. For example, in Fiscal Year (FY) 2017, we processed and tracked 12,692 "over the counter" receipts totaling \$9,221,020.81.

### **Finances**

In FY 2017, the Town approved a gross budget of \$16,432,604 – an increase of \$542,297 (3.4%) from FY 2016. This budget was comprised of:

Municipal Appropriations	\$8,992,965	(+2.98%)
Elementary Education Operations	\$3,668,533	(+3.73%)
Secondary Education Assessment	\$2,920,173	(+4.20%)
Hancock County Assessment	\$ 850,933	(+3.86%)

In FY 2017, the Town ratified a gross budget of \$757,650 for the Marina Operations (Northeast Harbor, Seal Harbor, Bartlett Landing and Somes Harbor) – an increase of \$12,467 (1.67%) from FY 2016. The Marina Operation is self-supporting and does not require tax dollars to operate.

### **Fund Balance**

Fund Balance is defined as the accumulation of unappropriated surplus from prior year's fiscal financial activity minus any appropriations voted at Town Meeting plus any returns to Fund Balance of advanced

funds. MMA's rule of thumb for Municipalities Fund Balance should be between 10%-12% of the gross budget.

The Town's Unassigned Fund Balance as of June 30<sup>th</sup> was \$2,893,357 or 17.6% of the 2016-2017 Gross Budget. However, with the May 2, 2017 appropriation of \$400,000 towards the 2017-2018 Gross Budget, the current Unassigned Fund Balance is \$2,493,357 or 14.8 % of the 2017-2018 Gross Budget.

It is important for the Town to maintain an adequate Fund Balance for many reasons. A good cash flow allows the Town to, not only pay its bills on time, but maintain a higher bank balance and be eligible for a higher interest income rate. It also allows funds to be invested short term (ICS) which creates additional revenue. A sufficient Fund Balance also aids the Town in securing a good rating when applying for bond funds and thus securing a lesser interest expense rate. Most importantly, it creates a cushion for emergency funds in unforeseen circumstances. It is important to note that Fund Balance is not one hundred present surplus cash – it is also made up of accounts receivable and accruals.

### **Long-Term Liabilities**

At the end of the current Fiscal year, the Town of Mount Desert had total long term debt of \$17,033,134 including the Marina debt as well as \$150,000 of unissued debt for a total debt obligation of \$17,183,134. State Statutes limit the amount of general obligation debt a municipality may issue to 15% of its total State Assessed Valuation. The current debt limitation for the Town of Mount Desert is \$319,147,500 which far exceeds the Town's outstanding general obligation debt of \$17,183,134. All debt is backed by the full faith and credit of the Town.

### **Capital Improvement Plan**

The Town maintains an ongoing Capital Improvement Plan (CIP) that serves as a tool for the Town to make strategic investments in equipment and structures within the community. In FY 2017, the Capital Improvement budget of \$591,148 included \$37,057 for General Government, \$224,453 for Public Safety; \$144,000 for Public Works, \$44,000 for Wastewater, \$46,641 for Buildings & Grounds, \$10,000 for Parks & Cemeteries and \$84,997 for the Marina.

### **Capital Assets**

The Town's investment in capital assets for its governmental and business-like activities amounts to \$70,833,255 less depreciation of \$27,359,259, leaving a net book value of \$43,473,996. This investment includes land, buildings and improvements, vehicles, machinery and equipment, and infrastructure. The Town maintains a Capital Improvement Plan for both governmental and business-type activities for budgetary planning of this fund.

### **Taxes**

In FY 2017, 2,579 real estate and personal property tax bills were mailed for a net total tax levy of \$14,988,129.60. Taxes are collected in one installment and as of June 30, 2017, 99.7% of the total Commitment was collected with 23 remaining Tax Liens recorded.

Schedules from our 2016-2017 Audit are included in this Town Report as is the Management Letter issued by our Auditors. We encourage you to peruse the information in the Annual Town Report as well as the complete Financial Statements which are on the Treasurer's page of the Town Website <a href="https://www.mtdesert.org">www.mtdesert.org</a>.

I encourage all of you to visit us at the Town Office ~ we are always ready to help in any way we can!

Respectfully submitted,

Kathi Makar

Kathryn A. Mahar, Town Treasurer

### Tax Assessor

This report covers the 2016-2017 fiscal year (July 1, 2016 through June 30, 2017), during which this office was busy analyzing property sales, and assessing new construction and personal property for the new tax year. The number of sales decreased during this period over last year (48 last year), with 40 qualified sales, of which 20 were existing interior homes, 4 ocean/waterfront homes, 3 commercial properties, and 13 vacant land sales. Analysis of those sales suggests the assessed value was 96% of the sale price during this period (up slightly from the 95% average last year). The median sale price sold during this period was \$280,000, which is a drastic 35% decrease from the median price of \$432,500 in the previous period. Sales continue to be monitored closely, and adjustments will be made when warranted.

### Three Year Summary of Assessed Values

Fiscal Year:	2014-2015	<u>2015-2016</u>	<u>2016-2017</u>
Total Land Value:	\$1,486,451,800	\$1,483,060,800	\$1,493,799,100
Total Building Value:	\$728,665,520	\$739,687,000	\$758,654,900
Personal Prop. Value:	<u>\$4,600,000</u>	<u>\$5,946,500</u>	\$6,900,700
Total Assessed Value:	\$2,219,717,320	\$2,228,694,300	\$2,259,354,700
Total Exempt Value:	<u>(\$193,662,565)</u>	(\$193,553,565)	(\$197,713,765)
Total Taxable Value:	\$2,026,054,755	\$2,035,140,735	\$2,061,640,935

This summary reflects an overall 1.3% increase in total taxable value from \$2,035,140,735 to \$2,061,640,935 between F.Y. 2015-2016 and F.Y. 2016-2017. The increase in taxable value was largely due to new construction of several oceanfront estate properties, and from increased value in personal property\business equipment. The total taxable value was used to calculate a tax rate of \$7.27 per \$1,000 of assessed value, which was a 2.25% increase from the previous year's tax rate of \$7.11. There were 15 abatements issued, for a total assessed value, abated from the 2016-2017 tax year, of \$9,531,100, or \$69,291 tax dollars abated. There were 3 supplemental tax bills issued in the 2016-2017 tax year, adding \$1,207,600 in assessed value, or \$8,779 in added tax revenue.

The Assessing Office maintains a record of each property within the town. The records contain prior ownership information, building characteristics, sale prices, copies of deeds, tax maps and aerial photographs. The Assessing Office maintains these records to provide equitable and accurate assessments of property for tax purposes. All of these records are open to the public for their inspection in the office, and are also available for research or review online through the Town's website: www.mtdesert.org.

Taxpayers who have questions about their assessments are encouraged to request a review with the Assessor. Anyone who would like to file for abatement may do so within 185 days from the date of tax commitment. Applications are available at the Town Office, or on-line at the Town's website, www.mtdesert.org.

Maine law provides partial, local property tax relief to certain veterans, blind persons, and qualified year-round Maine residents (Homestead Exemption). Applications and additional information about these exemptions is available from the Assessor's Office. In addition, the State of Maine administers a Property Tax Fairness Credit that can be claimed on the Maine Income Tax Form for qualifying Maine Residents. For information regarding this program, call Maine Revenue Services at 207-626-8475.

The Town offers the Rural Wastewater Support Program for those property owners that qualify for the Homestead Exemption, and have a subsurface wastewater system. Qualified homeowners should contact the Code Enforcement Officer for qualifications and applications for the Rural Wastewater Support Program.

If you have any questions, please call the Assessor's Office at (207) 276-5531. Business hours are Monday through Friday, 8:30 am - 4:30 pm.

Respectfully submitted,

Thyle Fuita Kyle Avila – CMA

## VOTING FOR TOWN MEETING ELECTIONS WILL BE AT THE SOMESVILLE FIRE STATION FROM 8:00 A.M. TO 8:00 P.M MONDAY, May 7, 2018

- ◆ The open floor session of the Annual Town Meeting will begin at **6:00 p.m.**, <u>Tuesday</u>, May 8, 2018, in the Kelley Auditorium at Mount Desert Elementary School.
- ◆ To vote on the Warrant Articles at the open floor session of Town Meeting, you must be a registered voter of the Town of Mount Desert and "check in" prior to entering the meeting. Please come early the <u>meeting starts at 6:00</u> <u>p.m. sharp</u> and look for the "check in" table.

### Town Clerk

The Town Clerk's Office is often viewed as the "doorway to local government." As such, this office strives to provide accurate, reliable information in a timely, courteous, and impartial manner to residents and visitors; to work cooperatively with the Boards, Commissions, and Committees of the Town; and to comply with all the Federal, State, and Local statutes which define the scope of the Town Clerk's duties. As the custodian of the Town's historical documents and vital records, we work to safeguard these items and to insure their preservation so that they will be available for future generations. We are currently working on a long-term project that will result in the digitalization of all in-house vital records as well as other historical records.

In 2017 I became certified as a Maine Clerk, Jennifer McWain was re-certified, and Elizabeth Yeo completed the educational requirements and is in the process of becoming a Certified Clerk of Maine. The certification status is gained through a combination of education and professional experience, and scoring at least an 85 or more on each of a three-part exam from the Maine Town & City Clerks' Association. On average, the initial certificate can be obtained by a full-time professional Clerk in approximately five years; recertification takes three to five years.

2017 was a quiet election year with only one (1) local election at Annual Town Meeting and two (2) State referendum elections (June and November); a welcome respite after the busy 2016 elections. This year Maine's scheduled elections are: State Special Referendum/Primary Election – Tuesday, June 12<sup>th</sup> and General/Referendum Election – Tuesday, November 6, 2018. The June 12, 2018 primary election could potentially include (RCV) Ranked Choice Voting for some races.

Ranked-choice Voting will be conducted using a system of ranked-choice voting for the offices of U.S. Senate, Governor, U.S. Congress, State Senate and Representative to the Legislature, in those races that have three or more candidates. This means that voters will have an opportunity to vote for their first-choice candidate and to rank the remaining candidates in order of preference (i.e. second choice, third choice, etc.). The June primary will mark the first time that ranked-choice voting has been used in a statewide election in the United States. **The Elections Division** is currently working on finalizing the rules of implementation that will be formally adopted to govern the process. We will provide voters with an explanation of the voting process, tabulation and all other aspects of conducting an RCV election once the rules are adopted. We will be conducting public outreach to insure that voters are well-informed throughout the implementation process leading up to the election. Please continue to check the website for more information as the election nears, and follow our social media accounts on Facebook and Twitter for notices of updated information

Mount Desert is very fortunate to have so many of our citizens involved in the revitalization of our community. From the Town Charter mandated Boards and Committees to the hardworking advisory groups, our residents, summer and year-round, care. If you would like to be a part of the many hands that are energizing our Town, please contact me at 276-5531 for a "Resident Request for Appointment to Board or Committee" form; or visit our website <a href="https://www.mtdesert.org">www.mtdesert.org</a> and click on Document Center, and look under **Town Clerk** for the *Volunteer on a Board/Committee* link.

Speaking of the Town's website, we redesigned the website in 2017 and hope you find it easier to navigate. There are many on-line services offered for the convenience of our residents. Re-registration of motor vehicles, trailers, ATV's, snowmobiles, and boats, dog license renewals, hunting and fishing licenses, and the ability to make tax payments are all available from our website.

Thank you to our Elected Officials, all Town employees, and our townspeople for your dedication to making this very special community a better place to live. Special heartfelt thanks go to my immediate teammates, Jennifer and Lydie, for their commitment, hard work, and encouragement. We are here to serve you, our residents, and we thank you for your support.

### **Town Clerk's Statistical Report**:

We remember and honor the following friends and family members whose deaths were recorded in our town during the calendar year 2017: Luis dos Santos Beira, David R. Billings, John H. Carman Jr., Marion F. Carr, Charles E. Clement, Pauline P. Durost, Robert Evans, Cecile Marie Gaudet, David C. Graves, Phillip W. Havener, Mary A. Hodum, Edna L. Hopel, M. Andrew Horner, Rachel Krevans, Louisa Malizia, Edward J. Mandell Jr., Susan Meyers, Alice W. Noble, Phyllis B. Partridge, James E. Reynolds, and Lester R. Smallidge. We apologize if it appears we missed someone; State Law requires that we list only those names officially documented in our records.

## **Code Enforcement Officer**

Code Enforcement Officer/Building Inspector/Plumbing Inspector

In the calendar year of 2017, this office issued a total of 128 Building Permits. A total of 39 permits were in areas regulated by shoreland zoning. There were 58 plumbing permits issued in 2017. Municipal sewer hookup permits issued totaled 07. The office also processed 36 CEO Permits. There was 4 Flood Hazard Development Permit issued.

The Code Enforcement Office collected \$15,878.30 in Building Permits Fees, \$11,418.00 in Plumbing/Septic Permits Fees & \$17,900.00 in Sewer Connection/Impact Fees.

The CEO and Deputy CEO inspected 10 (seasonal) septic tanks and the Town paid \$5,160.00 for the pumping and disposal of the sludge.

The CEO and Deputy CEO inspected 45 (year round) septic tanks, and the Town paid out \$173,393.00 for the Rural Wastewater Treatment Support Program.

## The breakdown of the 2017 building permits are as follows:

Single-Family Dwelling Units (including tear downs and rebuilds)	19
Two-Family Dwelling Unit	01
Guest Houses	02
Additions to residences including decks, patios & porches	21
Renovations	29
Accessory Structures (garages, sheds etc.)	32
Foundations	04
Fences, & Walls	11
Signs	05
Marine Structures	03
Change of Use	<u>01</u>
Total:	128

## The breakdown of the 2017 plumbing permits are as follows:

Subsurface Wastewater Disposal Systems	17
Internal Plumbing	<u>41</u>
Total:	58

## **Commercial/Non Profit Permit(s):**

## A.C. Fernald & Sons, Inc. - 1049 Main Street, Somesville, Tax Map 010 Lot 147.

Renovate an existing office space on second floor of "Kitteridge Building", as approved by the State Fire Marshal's Office Permit #24314.

## <u>Union Meeting House Society – 1132 Main Street, Somesville, Tax Map 020 Lot 019.</u>

Construct an 18' X 12' one-story addition, to house the Pastor's Office, as approved by the Planning Board on January 11, 2017 (CUA#018-2016) and State Fire Marshal's Office Permit #24168.

# <u>Rector Warden Vestrymen/ St. Jude's and St. Mary's – 3 Kimball Road, Northeast Harbor, Tax Map 024 Lot 062.</u>

Renovate existing chapel, in compliance with submitted plans and State Fire Marshal's Office Permit #24651.

## A & E Investors, LLC – 121 Main Street, Northeast Harbor, Tax Map 024 Lot 086.

Reconstruct stairwell leading to the second floor. Construct fire rated walls in common stairwell area on second floor, as approved by the State Fire Marshal's Office Permit #24470.

## Clean Sheet, LLC – 10 Neighborhood Road, Northeast Harbor, Tax Map 024 Lot 019.

Renovate an existing building, in compliance with submitted plans. Change of use to an Office Building.

Respectfully submitted,

Kimberly Keene Code Enforcement Officer Building Inspector Local Plumbing Inspector

## **Police Department**

## Police Department Annual Report for January 1, 2017 through December 31, 2017

Greetings,

During calendar year 2017, the Police Department responded to approximately 1,452 incidents. Included were 94 motor vehicle accidents, 9 of them involved personal injury. Also included were reports of 237 false burglar alarms, 113 animal complaints, 81 assists to other law enforcement agencies, 49 assists to NEH Ambulance Service, 12 assists to MD Fire Dept., 106 false "911" calls, 68 reports of suspicious activity, 44 well-being checks, 31 noise complaints, 19 threatening/harassment complaints, 15 thefts and 10 OUI arrests.

Our Patrol Division and Dispatch Office are staffed 24/7. Our dispatchers issue parking permits, answer general questions about the town and dispatch for Police, Fire, EMS, Public Works employees and school busses. Among our full time staff, we have Maine Criminal Justice Academy instructors, Field Training Officers, Firearms Instructors, a Forensic Interviewer for children disclosing sexual abuse and many of our Full Time Officers have completed several leadership courses. Our Officers are encouraged to be involved with our community; our "Coffee with a Cop" program which was implemented in 2016 has been very successful, we host and attend a variety of functions to help us get to know the citizens we serve. If you have an idea for a way to help foster those relationships, please get in touch with us so we can work together.

During 2017, the Town again shared their Police Chief with the Town of Bar Harbor. The agreement is expected to continue through 2018. Through a formal agreement between the two towns, I split my time between the two communities and Bar Harbor pays Mount Desert for 60% of the expenses related to my position. A similar arrangement, in reverse, allows us to share an Administrative Assistant, a Bar Harbor employee who has an office at Mount Desert PD. All law enforcement cases, personnel and other administrative records for both PD's are located at Mount Desert PD. Police Officer, Supervisor and Dispatcher wages were all acclimated; all positions are now compensated at the same rate of pay in both agencies.

Our Patrol Officers work together with Bar Harbor's Patrol Officers and are scheduled through a combined work schedule that includes all patrol positions from both towns and provides for patrol coverage across both communities regardless of town lines. This arrangement is facilitated by our Mutual Aid Agreement with Bar Harbor and allows us to more efficiently patrol our communities and is designed to provide more efficient response times to incidents. Our records management systems have been fully acclimated with Bar Harbor's. Uniform Crime Reporting, Crash Reporting and many other functions are now all done together under one "virtual agency".

During 2017, Acadia National Park offered us the use of a federal radio frequency to use for Law Enforcement communications. This frequency works very well and resolved communications issues we have struggled with for many years. We have been offered a similar frequency for Fire and EMS use and expect to start using that one in late 2018 after ANP upgrades a radio tower to facilitate it. The park funded the equipment and installation costs for the backbone of the system and we upgraded some dispatch radio equipment and programmed radios. Obtaining frequencies like this, that work as well as this one does, had been unattainable through prior efforts.

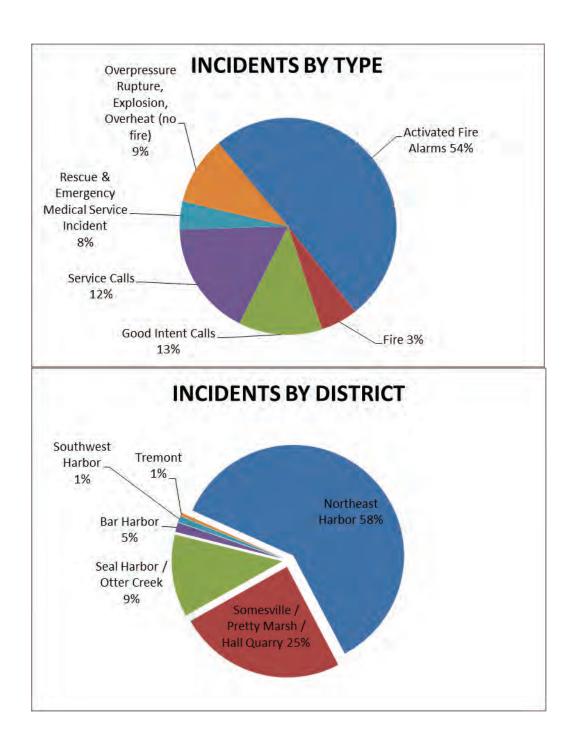

James Willis Police Chief

> Full-time Public Safety Dispatcher Lorraine Bracy retires after 25 years of service! Enjoy your retirement Lorraine!

## 2017 Fire Department Report

On behalf of the member of the Mount Desert Fire Department, I am honored to have the privilege to submit the 2017 Annual Report. I would like to thank every member for their professionalism and dedication to the department. They are devoted and committed to providing the best possible service to the residents, visitors and businesses in the Town of Mount Desert. They have proven that they are the Department's greatest asset.

The department responded to 216 calls for the calendar year of 2017, an increase of 14% from the previous year. These calls include fires, rescues, motor vehicle accidents, hazardous material incidents, assisting EMS and general public service requests. We provided equipment and/or manpower when needed to assist other fire departments within Hancock County and in turn, these departments provide us with assistance when requested. We also assist community members with installing smoke alarms if people are uncertain or unable to mount them properly. All during the year, we host tours of our facilities to school children and for those who stop by. We also go out to our local schools and other locations to talk to children and adults alike about the importance of fire and home safety.

Currently, the department has 17 on-call members, 4 full-time staff and 1 Junior Firefighters. Members attended 1,269 hours of training and education in 2017. A total of 646.66 staff hours were spent responding to incidents. Average turnout per incident was 5 firefighters per call. The department's average response time (the time from receiving the call to the first arriving unit) was 8:50, with the second unit arriving at 15:43.

One of the challenges we face every year is maintaining a sufficient number of volunteer firefighters to fulfill our mission. If you have the desire to serve your community and would like to help your fellow citizens in times of need, then contact us to find out how to join. You don't need any prior experience in the emergency services; you will receive the training you need. Volunteer firefighters enjoy a sense of accomplishment, achievement, and pride in the work they do. In addition, our members get to learn new skills, make new friends, be a part of a team, give back to their community, and make a real difference.

In May we accepted delivery of our newest apparatus, a 2017 Ferrara custom pumper. This truck is housed in the Seal Harbor station and replaces a 1995 Metal Fab pumper, which was sold to the Swans Island Fire Department last summer. The new truck will has provided us with greater fire suppression capabilities by carrying a larger water tank, a higher capacity pump, and the addition of a compressed air foam system.

This past year, we said good-by to several long term members of our department. We will miss them for their contributions of effort, experience and personality. We also welcomed several new members and look forward to the contributions that they will make in the future.

In closing, I would like to thank the residents, our career and volunteer personnel, our Town staff, and our elected officials for their continued support of our department.

Respectfully submitted,

Michael D. Bender, Fire Chief

Be a part of the tradition. Be a part of the excitement. Be a part of the community.

In Memory of Milton Andrew "Andy" Horner

Andy was a member of the Mount Desert Fire Department from 2008 until his untimely passing in 2017. His commitment and dedication to the department and the community was inspiring. I speak for the entire department when I say it was an honor and privilege to have Andy as a part of our family. He will be sorely missed.

"We make a living by what we get; we make a life by what we give".

## Harbormaster

Once again, the Northeast Harbor Marina has proven to be a premiere destination spot for many boaters. Last year, the marina had an increase in slip rentals and mooring rentals were down slightly from previous years. We have upgraded our electrical system to accommodate the increasing demand from the larger vessels that visit the marina. The new food trucks were welcomed by the visiting boaters and day trippers on the tour boats. We installed a new hoist to help with the increase in commercial activity. The landscaping project was completed with donations made by the Northeast Harbor Garden Club and Summer Residents Association. The launch boat continues to be a popular service that many boaters use and rely on.

Seal Harbor and Bartlett Landing have seen an increase in both commercial and pleasure boating activity. We installed a wash down pump and electricity on the dock at Bartlett Landing. Seal Harbor received two new 20'x20' floating docks to better manage and service the increase in boating use. Seal Harbor also received a hoist last year.

In conclusion, we would like to thank the Harbor Committee and all of the administrative staff at the Town Office for their time and effort put forth this past year as we continue to experience more growth and expansion. We would also like to thank the Marina's summer crew.

Respectfully Submitted,

John Lemoine

Harbormaster

Left to right: John Lemoine, Harbormaster, Cooper, Deputy Jr. Harbormaster and Josh Jordan, Deputy Harbormaster.

## **Public Works Department**

## **Public Works**

The year 2017 was a successful and productive one for the members of the Public Works staff. I wish to extend many thanks to my co-workers in public works - when called, they respond. The individuals are knowledgeable in their respective fields and know what is expected of them. The crews receive many compliments on how well the roads are maintained, how the garbage is collected in all sorts of weather, how nice the grounds look and that "we didn't know there was a treatment plant here. It doesn't stink". We plan to keep working diligently to maintain what I see as the Town of Mount Desert being the employer of choice both on and off Mount Desert Island to attract people like this and to strive to not fall below this benchmark. Great employees town wide help make us a great community - we have both.

For those of you who do not know, the public works department is comprised of 10 divisions employing a total of 17 full-time, one part-time and three seasonal employees. Each division has its own budget that is addressed by you, the voters, in warrant articles at town meeting. The full-time staff includes one heavy equipment operator, four truck drivers and two solid waste drivers, two mechanics, one buildings and grounds person, three assistant wastewater treatment operators, one wastewater laboratory technician, a highway and a wastewater superintendent and a director. The part-time employee works 15 hours per week at the recycling center year-around; the three seasonal people work in the summer month's with one each on the two garbage trucks and one providing assistance where needed.

We appreciate the support of the members of the other town departments; of the Board of Selectmen and the Warrant Committee for their patience, assistance and good questions throughout the year and; for Town Manager Durlin Lunt, Jr. for allowing us to do our work. He is always ready and willing to lend a hand or provide guidance when asked to do so. Particular thanks go to the taxpayers for providing us the assets we need for us to provide the best service we possibly can. We shall strive for a successful and safe 2018.

What we do: The crew members of the Public Works Department perform a diversified number of work tasks. Following are excerpts from the monthly reports that are provided to Town Manager Lunt and subsequently to the Board of Selectmen. The summary is arranged by the Divisions of the Public Works Department.

### Highways, Bridges and Roads

<u>A.</u> In <u>January</u> the crew members worked at a number of tasks associated with the mild, snow-free winter we have had so far. Their tasks included:

- Picked up Christmas trees placed curbside on two separate occasions early in the month.
- In January and each month thereafter through the year, conducted Bureau of Labor required monthly inspections of fire extinguishers, diesel and heating fuel secondary containment structures, eyewash stations, emergency lights and vehicle/truck lifts
- Worked thru rain, snow, sleet and a combination of same while they plowed, salted and sanded the roads and various ice flows that pop up in different locations.
- Once again made sure our catch basins were open to receive storm water flow from the rains that were predicted, and came. The crew repaired roadside washouts caused by the rain and collected downed trees felled by the heavy winds that accompanied some of the rain events.
- Washed, cleaned and worked on the trucks and equipment; filled potholes with cold patch and frost heaves with sand; put out "Bump" signs; constructed the last of the gravel driveway aprons

- associated with last year's paving work; trimmed trees on Cooksey Drive; worked on garbage barrels and barricades; picked up two new dumpsters at Maine Equipment in Hermon and cleaned out floor drains in the highway garage.
- Assisted Eastern Mold Remediation in inspecting and testing the area that got wet from a leak in the roof at the town office. A local builder was a great help in identifying the source of the water and getting it repaired.
- Worked with the police department to test two-way radio coverage throughout town.
- As we do throughout the year, the mechanics performed maintenance and made repairs to our equipment and trucks in public works and in the other town departments. Troubleshooting problems in the new fire trucks is a challenge, particularly electrical issues. The trucks are very advanced in general and electrically in particular.

B. The month of <u>February</u> can be summed up as "Snow". The Highway crew plowed and sanded roads, just sanded the roads and/or hauled snow to either the Gray Cow parking lot or Suminsby Park with the assistance of a local contractor. The sequence of events is typically plowing the roads, removing stockpiles of snow pushed up into temporary storage areas adjacent to the roads and then removing snow from the sidewalks, this latter work being referred to as "clean-up", a lot of which takes place at night to avoid vehicular traffic. We had so much snow in such a short period of time, the clean-up work took longer than people are accustomed to. Most people willingly accepted our explanation about the volume of snow relative to clean-up time without any problem; some did not. The crew worked 31 hours straight at one point to keep the roads open during the first storm and that was just to make the roads passable. Many hours were spent after that hauling off the snow to the two stockpile areas I mentioned above.

### C. In **March**, the crew:

- Plowed and sanded roads and sidewalks, hauled snow to stockpile areas from the Somesville fire station and helped the wastewater staff with snow removal.
- Repaired fences we damaged during snow removal on Harbor Drive and near Seal Harbor beach; repaired one of the handrails along the stairs outside the entrance to the police department; repaired a railing along the sidewalk on Steamboat Wharf Road.
- The crew filled potholes, constructed a gravel driveway apron, changed plow steel on the truck plows, services trucks and equipment, worked on park benches and cleaned the highway garage, hauled scrap metal to Bangor and picked up cedar rails on the return trip to be used for future repairs to the fences on Ox Hill, collected blown down trees following one windy snow storm event and, replaced the garbage box at the town office destroyed during our snow removal operations with a new one.
- Worked with a local contractor to prepare the area behind the highway garage for more effective storage of materials and equipment.
- Was hit quite severely by the flu bug. For two days there were four people out each day with other people out throughout the month.

### D. Through **April**, we:

- Plowed and cleaned up afterwards following what turned out to be the last snow event of the year in the week of April 3<sup>rd</sup>.
- Removed the plows, wings, hopper sanders and screens from the plow trucks and the snow blower from the sidewalk plow; hauled the large orange snow scoop from the Northeast Harbor marina to the highway garage.
- Began sweeping our streets; did some housecleaning in the highway garage; replaced three pictogram signs that had blown off of a Wayfinding sign on Route 198; hauled debris from a blown down tree to the transfer station.

- Had a very successful, safe clean-up week; a results summary can be found at the end of this Public Works report.
- Hauled leaves we collected during clean-up week to a local contractor for composting. The leaves
  are put curbside in large trash bags for us to collect. We typically collect them the Monday
  following clean-up week we have to tear open the bags and dump them in the packer truck. The
  contactor will not accept them in the bags. If they do, they have to open the bags and remove the
  leaves.
- Attended a class on excavation safety sponsored by Dig-Safe. By law, anyone planning to do any
  excavation work is required to contact Dig-Safe and provide them with specific information. They
  in turn contact entities that are members of Dig Safe such as Emera and Fairpoint. Representatives
  of the utilities then go out to the excavation site and identify any buried wires they might have in the
  area the ground with paint markings so that we, hopefully, will not damage them or ourselves, while
  digging.

<u>E.</u> In <u>May</u>, we held a public works-wide retirement bar-b-q for retiring MEO II Dave Knowlton after his 16-plus years working for us. If I had to pick a word to describe Dave and his work for us, and others agree, that word would be Reliable. We wish him well in his retirement.

- Continued sweeping our streets early in the month then had to rebuild the engine in the sweeper resulting in a two-week time period when we could not use it. Our two mechanics reduced a job that would have cost \$8,000 to \$10,000 to under \$5,000 if we had had to take the sweeper to a dealership for the work. They removed everything they could from the engine then removed it and replaced all the parts and pieces and put it back. It started on the first attempt we have great people. They also continued working on vehicles for the other Town departments as they typically do throughout the year.
- Located sanitary sewer manholes in Seal Harbor for the DOT prior to their constructing a skinny mix of permanent hot mix pavement from Pedder's Corner through Seal Harbor as far as Upper Dunbar Road. As the paving work moves along, the DOT has their paving company remove the hot mix pavement off the manholes and put a cone on them. We then put cold patch on them for ease of access. If the hot mix pavement is left on top of the manholes it requires a jackhammer to remove it. Cold patch can be removed with a pick and a shovel.
- Put window screens in at the town office; put out benches and garbage cans in various locations in town; set a foot bridge in place we built for pedestrians to access a trail across one of our ditches and; set the floats, stairs for water access and signs out at the Long Pond swim and boat launch area
- Attended two training sessions sponsored by the DOT:
  - The first session was early in the month and was on roadway work zone safety and involved setting up safe work zones with cones, flagging and what to do in high versus low traffic areas.
  - The second session later in the month involved the safe siting of crosswalks and sidewalk design, including DOT recommendations and the Americans with Disabilities Act (ADA) requirements. You may have noticed that we have not completed our crosswalk painting. This is partially due to weather and workload factors and partially due to some of the crosswalks being located in areas that do not conform to the DOT recommendations or ADA requirements.
- Removed winter sand from the edges of the Indian Point Road, repaired a fence damaged by our sidewalk plow this past winter, erected speed limit signs on the Indian Point Road and; replaced a driveway culvert on Sargeant Drive the property owner is responsible for furnishing and installing the first culvert in their driveway(s), we assume responsibility for them thereafter.
- Cold patched potholes in town, including in the Hall Quarry Road; repaired a paved drainage swale in Otter Creek and; picked up downed trees.

- Re-drilled some of the flag holes in Northeast Harbor and removed grit and debris from others throughout town prior to Memorial Day.
- Set up approximately one-third of one of the traffic calming speed humps in the highway garage to see just what was involved in the process. It has since been decided to not use them as originally planned.
- Put the Wayfinding sign back in place at the intersection of Sea Street and Main Street in Northeast Harbor. This is the one that we put out in the spring and remove in the fall to protect it from snow removal damage. The crew designed, built and installed a very effective way to erect then remove the sign post and sign.

## <u>F.</u> During the month of <u>June</u>, the crew:

- Continued sweeping our streets and hauling the sweepings to residents who wanted them as fill
  material, painted traffic control lines, cleaned culverts in Upland Road and Hall Quarry Road,
  replaced approximately 91-feet of storm drain pipe in Steamboat Wharf Road, erected signs on
  Indian Point Road and at the Northeast Harbor marina.
- Hauled pavement to a licensed recycling facility and backhauled gravel for stockpiling for future use and for the Bracy Cove pump station; hauled junk steel to Bangor Recycling.
- Worked with Lane Construction to pave a much deteriorated section of Indian Point Road, a short section of Sargeant Drive and the basketball court at the Seal Harbor playground. The crew then put loam, seed and mulch around the perimeter of the court. The crew also filled potholes with cold patch.
- Cleaned the Northeast Harbor VIS parking lot located south of the Bar Harbor Bank and adjacent to Moan Street.
- Trimmed bushes on Main Street in Northeast Harbor, along the sidewalk between the Asticou Inn and the Thuya Garden parking lot, and along Jordan Pond Road between Main Street and the fire station.
- Placed riprap adjacent to the fire departments dry hydrant on Oak Hill Road to prevent erosion into the stream used as the hydrant's water source.
- Excavated a trench for the wires from a large electrical panel to the site of the electric vehicle charging station near the harbormasters building. Representatives of Emera were working in the area for the harbor's upgrade project and told us we could not power the station from the large electric panel supply. The crew filled the trench back in. It appears Emera dropped the ball lack of communication between members of their own staff. We are now looking for an alternate location for the station.
- Did a really nice job stabilizing and shoring up the sidewalk in Seal Harbor along Route 3 between Steamboat Wharf Road and the wide curb cut in the sidewalk used for access to the beach.
- Cleaned the drying beds at the Northeast Harbor treatment plant. Materials removed during catch basin and pump station cleaning are dumped on these structures that hold the solids but allow liquids to pass through them and into the plant for treatment. Lime is placed on the materials as a means of odor control. The solids eventually dry out and get hauled off to a landfill for disposal.
- Repaired a section of wooden fence along Cooksey Drive.
- Placed riprap and fine gravel adjacent to a dry fire hydrant on Oak Hill Road to prevent erosion of the shoulder gravel into the stream the hydrant draws water from.
- Worked with a local earthwork contractor to reconstruct a foot path the property owners of the Bracy Cove pump station site use to access the ocean shore.

## <u>G.</u> In <u>July</u>, the crew:

• Erected new and replaced missing signs in Seal Harbor; painted traffic control lines some of which were done at night to avoid traffic; continued sweeping our streets and hauling the sweepings to residents who wanted them as fill material

- Prepared for FY-18 paving scheduled to begin after Labor Day weekend by repairing and/or increasing elevations of sanitary manholes and storm water catch basins in Millbrook Road and Kimball Road. The disturbed areas were then repayed
- Repaired and increased the elevation of a storm water catch basin on Spruce Road; repaved the disturbed area around it afterwards; removed accumulated winter sand from the edges of Sargeant Drive to allow proper drainage of surface water off the road into the ditches.
- Located sanitary sewer manholes in Otter Creek on a sewer line that goes from Route 3 through a
  wooded area to Grover Avenue so a local resident can connect a new home to our public sewer
  system.
- Cleared brush and bamboo from the Gray Cow parking lot overlook between the fence along the parking lot and the ledge face drop-off to the east of it; cleaned up a blown down tree on Cooksey Drive.
- Prepared plow and dump/snow truck and equipment specification for bidding purposes.
- Continued realigning storage space behind the highway garage to make more efficient and safe use of the space for gravel and stone storage; storage of culvert, storm water and sanitary sewer pipe storage; dumpster storage; and miscellaneous materials and equipment storage; stockpiled gravel and stone in this same area during the one day of the month that we were rained out.

## <u>H.</u> In **August**, the crew:

- The crew spent most of the month getting ready for our 2017 paving that is scheduled to begin in mid-September. They spent a considerable amount of time on:
  - O Replacing old culverts with new ones on Indian Point Road, shaping and constructing ditches, removing built-up winter sand from the road shoulders and paving the tops of the culvert trenches. We worked with a local contractor who provided an excavator for some of the work; some of the work we did ourselves with our loader-backhoe and loader. We used our trucks to haul materials into and out of the job site.
  - Repaired sanitary sewer manholes on Upper Dunbar Road and Kimball Road; shaped ditches on Millbrook Road.
- Painted yellow traffic control lines for the fire department near the town office (Station 1).
- Set out cones and barricades for use by the organizers of the Northeast Harbor road race.
- Moved a school bus given to the fire department for future training purposes from the north end of the Somesville fire station (Station 3) to the west side so it was out of sight of local residents. Gravel was hauled in to make a proper parking spot for the bus by the highway crew.
- Repaired an eroded section of the road shoulder on Oak Hill Road; swept our streets and put stone in to fill a void created by engine wash at the end of the boat launch ramp at Ponds End.

## I. During **September**:

- The crew spent a lot of time during the month getting ready for our 2017 paving that began in mid-September. They continued working on Indian Point Road and Millbrook Road getting ready for pavement by working on the road shoulders, constructing ditches, and replacing culverts.
- The paving company actually got started near the end of the month on Millbrook Road and Kimball Road by milling off two-inches of the existing pavement. Milling grinds up and removes whatever depth of material you want removed. In our case this was two-inches. A milling machine grinds up the pavement with the millings being transferred to a dump truck via a conveyor system in the milling machine. This is different than reclaiming the existing pavement which we do on roadways that do not have curbing along its sides. The reclaim machine grinds up the existing pavement and leaves it in place as a base for new pavement. The reclaiming action actually increases the elevation of the roadway by "fluffing up" the existing pavement one-and-a-half to two inches. If done on

- roadways with curbing, the height of the curbing is reduced by the fluffing action and the addition of the new pavement, typically three inches in thickness.
- Reset coping stones along the edge of Sargeant Drive; swept some of our streets; repaired the pavement along the edge of a section of the Whitney Farm Road, filled potholes with cold patch; addressed a beaver problem on Beech Hill Cross Road (they build dams at the end of our culverts) and; removed the floats from Pond's End.
- Installed a wayfinding sign at the intersection of Sargeant Drive and Millbrook Road directing people to "Village Center"; repaired a section of chain-link fence at the Northeast Harbor treatment plant; cleaned the highway garage; repaired washouts on Oak Hill Road, Hibbards Hill Road, Hall Quarry Road and Grover Avenue and; took some of our chains to a company in Bangor for their annual inspection per Bureau of Labor Standards requirements.
- Delivered two of our trucks to a company in Hermon to have the dump body from one transferred to the chassis of another in conformance with the terms of our Board of Selectmen authorization to purchase a new dump truck and new packer truck; began working on trucks and equipment in preparation for winter,
- Collected sand samples from prospective bidders for our 2017-18 winter sanding season,
- Hauled a packer truck load of cardboard to the Ellsworth recycling center,
- Sealed off access to a well inside a deteriorating wooden well-house located off the westerly side of Route 198 between Pedder's Corner and Hadlock Pond Road and; attended a monthly meeting of our town wide safety committee with a representative, one each, from wastewater and highway in attendance.

### J. In October:

1. The crew spent a lot of time during the month working with our 2017 paving contractor providing quality control services on our behalf. They paved roadways and constructed driveway aprons at paved driveways.

## 2. The crew also:

- Constructed ditches along various roadways; worked with a contractor and their vacuum truck to
  clean out catch basins before winter; repaired catch basins on Sea Street and at the Seal Harbor
  marina; located sewer manholes so the engineers could get information about them as it relates to
  the Sylvan Road area drainage improvements project and; picked up and disposed of grass clippings
  from behind the buildings & grounds storage building.
- Continued working on trucks and equipment in preparation for winter including taking some to vendors, for example, to have front-end alignments done on them.
- Paved a boat ramp for the harbormaster; set barricades out for the road race and collected them when they were no longer needed; picked up trash cans and benches and put them in storage for the winter.
- Began getting the winter sand pile ready for this season sand delivery. This consists of shaping the existing material to provide safe access to the top of the pile where the salt-sand mixture is dumped by the trucks then pushed over by our person in the loader.
- Dealt with receiving upwards of 4-inches of rain keeping culverts and catch basins open and flowing properly; collected downed trees from the winds that accompanied the rain storm; repaired the pavement along the edge of a section of the Whitney Farm Road and, filled potholes with cold patch,
- Addressed another beaver problem on Beech Hill Cross Road (they build dams at the end of our culverts) and erected signs to identify the change on Main Street in Northeast Harbor from one-way to two-way traffic.

• Provided flaggers to assist with test borings for the presence of ledge conducted along the easterly side of Main Street in Northeast Harbor. Information gathered will be used to assist with design of the Main Street improvements project.

### K. In **November**, the crew:

- Constructed ditches along Cooksey Drive and Bartlett's Landing Road; replaced a culvert on New
  County Road, flushed a number of culverts; removed leaves from ditches to prevent their blocking
  culverts and catch basins; picked up blown down trees on Jordan Pond Road and checked catch
  basins to be sure they were open before we received the rain mid-to-the end of the month.
- Finished constructing gravel and crushed stone driveway aprons following completion of our 2017 paving.
- Finished mixing sand and salt and stock piling the mixture for the winter. We were able to purchase close to 3,000 cubic yards as opposed to the 2,500 we thought was all we could fit into the footprint of the site.
- Cleaned sand and other debris from the inside the side away from the roadway of the sidewalk from the Asticou Inn around to the Thuya Gardens parking lot on Peabody Drive making it effectively wider and safer; replaced and repaired miscellaneous sighs including some at the town office and; crushed and hauled a load of abandoned lobster traps to the transfer station for the harbor staff. Attempts were made to notify the owners about them.
- Continued getting our trucks and equipment ready for the winter; hauled the large snow scoop to the marina for use there; marked out the various plow routes identifying hazards such as ledge outcroppings and; hauled two loads of scrap metal to Bangor Recycling.
- Worked on the installation of the EV charging station at the yachtsman's facility.
- Finished work on a sewer manhole located in Route 102 in Somesville. The handmade top of block and mortar of the structure was failing at the very beginning of the summer. The crew stabilized it for the summer season then replaced the top with a new precast concrete top once traffic subsided.
- L. The month of <u>December</u> started with some rain then evolved into a real winter. The crew did a great job. They have received many compliments about their work and their work ethic. Residents expressed their appreciation thru verbal compliments and dropping off lunch and sweets for them. The crew also:
  - Continued maintaining the trucks to be sure we were ready for the coming wind, rain and snow storms; plowed, sanded and salted the roads; sanded icy spots on the road when called in during the night; checked the respective plow routes first thing in the morning after starting work for icy spots and snow drifts; cleaned up and hauled snow to our snow dump site; pressure washed the trucks as time allowed to remove salt and sand and; pushed back the snowbanks along the sides of the roads in preparation for the next snow event.
  - Once again served as flaggers while additional ledge test borings were conducted in Main Street Northeast Harbor to obtain information to assist in design preparation for the streetscape project.
  - Made, erected and straightened signs; built the sand pad at the museum in Northeast Harbor for the annual Christmas bonfire then removed the debris and sand the following week; trimmed trees and bushes on Indian Point Road and; filled a large hole at the end of Richardson Avenue in Otter Creek.
  - Removed debris from the top of catch basins so water could flow into them; repaired one of our cedar rail fences on Cooksey Drive.
  - Assisted the CEO with the truck specifications to in soliciting competitive bids for her new truck.

## **Buildings & Grounds and Parks & Cemeteries**

This is a one-person division of Public Works with assistance provided by members of the Highway crew as needed. We do hire a helper for the spring-summer-fall season whose primary responsibility is taking care of and mowing the Village Green. Other work that was performed includes:

- Continued setting up for meetings, cleaning bathrooms in the town office, vacuuming and assisting the administration staff with projects as needed e.g. assembling shelving, hanging pictures, repairing toilets, installing door closers, and painting. As I have mentioned in the past, when staff is reasonably caught up with other work, he goes to the highway garage and vacuums, sweeps and assists with cleaning the building. He keeps busy.
- Painted the informational kiosk at Pond's End, collected recyclables from various offices and took them to the recycling center and; replaced light bulbs as needed in the town office.
- We hired a local cleaning company to provide a thorough annual cleaning to the town office. Having this cleaning done by professionals is well worth the cost the staff receives many compliments on how clean the space is.
- Flowers were planted along the upper level entrance to the town office, in the beds outside the police department and at the Veterans Memorial. As in years past, they look really nice. We get a number on compliments on the work and many people use the settings as backdrops for photos.
- During the summer, a pungent odor was reported in the lower level of the town office outside the fire department office near the elevator shaft. There is a floor drain with a trap in the bottom of the elevator shaft that drains to a catch basin in the lower parking lot. This time of year the water in the trap evaporates allowing odors from the catch basin to enter the shaft and the building. Two pails of water are sufficient to fill the trap and prevent the odors from entering the building.
- Cleaned and raked Suminsby Park on Sargeant Drive for the season placing loam where needed and seeding and mulching it. They removed six dead red pine trees and disposed of them and also build a gravel pad just inside the tree line to set the portable toilet on. Now when someone drives down to the park from Sargeant Drive the portable toilet is not the first thing they see. It is out of the line of sight and shielded by vegetation.
- Filled holes in the lawn at Suminsby Park with loam then applied seed and mulch; replaced a barbque at Suminsby Park that came up amongst the missing near the water's edge.
- Installed an eyewash station and first aid kit at the lawn shed east of the town office on Harbor Road; put out hoses to water the Village Green and; pruned trees in front of the Somesville fire station.
- Loamed and seeded the new school bus parking spot behind the Somesville fire station. The bus was donated to the fire department for training purposes. A growth of grass will improve the look of the area and help prevent erosion.
- Assembled eight new chairs for the conference room in the town office. The room has proven to be a very valuable and well used asset.
- Removed screens from the town office windows and put them in storage for the winter.
- Moved a lot of snow to keep access to the various entrances to the town office free and clear of snow, including the one adjacent to the fire departments office.

## Solid Waste

Our packer truck crew did a very good job for us throughout the year, in the tough weather we had in January and February and on through the heat of the summer. There is nothing like dumping a load of MSW (Municipal Solid Waste) from a container full of food waste that has been setting in the heat of July for a few days. In addition to collection work:

• A member of the highway crew hauled a load of cardboard to the Ellsworth recycling center. Most of our cardboard gets placed in the roll-off container located under the roof of the recycling center.

When the container occasionally overflows, the excess is put into our packer truck until we get a full load to haul to Ellsworth.

- One of the crew has been learning to plow snow with the highway crew. Training consists of the trainee riding with the regular driver to the point he feels confident to get behind the wheel himself. When he does decide he is ready, the regular driver accompanies him during two three storm evens until both decide the trainee can go out on his own which he did a few times. The individual went out by himself on a number of occasions and did a very good job.
- Participated in the successful, safe clean-up week as they do each year.
- Changed to 2017's twice a week summer season collection schedule on June 12<sup>th</sup> with the addition of our second packer truck. Things went very smoothly with the change.
- The crew did a great job keeping the area around the highway garage dumpsters neat and as clean as possible. Like with the public toilets we clean, when staff is finished cleaning them and leave to go to his next task, they can be messed up within minutes. The same thing holds true with cleaning around the dumpsters.
- We had one report that the yachtsman's dumpster located in the yachtsman parking lot at the Northeast Harbor marina was overwhelmed with local household trash to the point the dumpster was blocked from view.
- The twice a week summer collection season ended on September 9<sup>th</sup> with a smooth transition. Both packer truck crews did a great job all summer.
- Hauled a load of "tin" from our recycling center to the Ellsworth recycling center that was rejected. The load had things in it that should not have been such as a 20# propane cylinder, a number of smaller compressed gas cylinders, a broken metal tape measure, non-metal items like plastic containers and household MSW. In a case like this the load is disposed by Ellsworth as MSW and the ADD receives a tipping fee invoice. To date, ADD has covered these costs of rejected loads for the member towns.
- Hauled a load of recycled glass to EMR in Southwest Harbor. It is typically crushed and used as inert fill
- Our recycling attendant does a nice job. When the containers are moved around to be hauled to the
  Ellsworth Recycling Center, he cleans up materials that fell down to the ground from the walkway
  used to access the containers. As needed, he removes snow from the walkway alongside the
  recycling containers and helps keep the doors to the highway and bus garages snow free. He also
  cleans inside the building when time allows.
- We took delivery of our new packer truck.

### 2017 Project Updates

Solar Panel Array Project: The project was originally scheduled to be completed by the end of 2017. In October, we were notified by ReVision, the company we are working with on the project, that they could not meet this schedule. They were up front with us and were told by them they had taken on so many projects that some clients had to be pushed into 2018. They decided that since our fairly large project was easier to move that a number of smaller ones, they chose to do ours later. We did not have a problem with this since we did not anticipate generating much electricity in the winter months and, as long as the panels were in place by April 1<sup>st</sup>. We added an amendment to the original contract that stipulated completion by this April 1<sup>st</sup> date. As of this date, March 8<sup>th</sup>, ReVision is scheduled to be onsite the week of March 12<sup>th</sup> and expect to be operational by the April 1<sup>st</sup> date. They had planned to start the week of March 5<sup>th</sup> but the anticipated snow storm caused them to bump the start date by a week. The ReVision installation crew visited the site at the end of February and told us that, based on the fairly flat slope of the roof; this should be a fairly easy installation for them. Hopefully by the time you read this, the solar panel array will have been operational on or before March 31<sup>st</sup>.

Streetlight Conversion Project: As of today, March 8<sup>th</sup>, we have had LED fixtures installed in three areas in town as pilot studies. These studies are critical to the success of the exchange the existing streetlights with LED's as they will assist us in deciding what temperature or brightness we prefer the fixtures to have. The studies will also show the amount of lighted area the fixtures will illuminate. Any fixtures chosen will be dark sky compliant. We had hoped to have the total project completed by the end of October but just have the pilot studies in place. Finalizing the agreement and scheduling meetings was a bit challenging and cost time; our RealTerm project manager had rather serious medical issues that set back our schedule somewhat and, RealTerm, like ReVision took on a lot of work. Members of the Sustainability Committee active in the LED project and I see no problems so far with the schedule being delayed. The extended schedule will not cost us any additional monies nor affect the integrity of the project.

EV charging station: The charging station we purchased from Emera for \$100 did not work out. ChargePoint, the company we have been working with that will monitor, troubleshoot, and provide overall assistance to us for the operation and maintenance of the station, has told us that they cannot communicate electronically with it. Its operating system is old technology. Based on this, and as included in the new Environmental Sustainability Division of Public Works FY-18 budget, we purchased a new charging station from ChargePoint that contains current technology. In an effort to get these stations out into the market place, they sold us a new station that typically sells for \$7,000 for \$3,000. Unlike the Emera station, the new one from ChargePoint will have two leads on it giving it the capability to fuel two cars at the same time. We worked with a local electrical contractor to get the new one installed and operational. Someone who wants to charge their car must use a swipe card provided them by ChargePoint. ChargePoint charges both the user and the station owner - the town - fees. The user buys whatever time they want that is applied to the swipe card and charged to the buyer's credit card. We then receive 80% of the total revenue generated by the station with ChargePoint retaining the other 20% as an administrative fee. Our electrical engineering advisor tells us we will not get wealthy from the sale of the power but providing it enhances the town's offerings.

Bracy Cove Pump Station Upgrade: The upgrade was successfully completed by Sargent Corporation, a very experienced construction company, and things are working fine. When we were negotiating the construction and future maintenance easement with the property owner of the land the station is located on, we offered to enclose the equipment - pump station, emergency generator and control panel - in a small building to shield it from view that would blend into the surroundings. We offered to work with her on design, style, color, etc. of the building. If not enclosed in a building, the equipment would all be visible on a concrete slab regardless of how much vegetation might be planted around it to shield it from view. At the time, the property owner was not interested in the building and it was deleted from the project. We did tell her, however, that once she got to see the final product without a building she might decide she likes the idea of having one. As such, we build the concrete slab the equipment is mounted upon on a frost wall and footings in the event she changed her mind.

The property owner did decide she would like the building to house the equipment and hide it from view and to keep grandchildren and others away from it. As such, we tweaked the original design of the building, received an acceptable price from the contractor and had it built. The building is approximately 14-feet wide by 23-feet in length that was designed to blend into the surroundings, which it will once the area is revegetated to near pre-construction condition, a typical requirement of this type of construction project. Accommodating property owners in such a manner as described here has been the way we have conducted our business over the years. No sound is evident outside the structure when the pumps are running, we did not scar the landscape and the building will fade into the landscape when the plantings take hold.

Otter Creek Pier Construction: The construction of the Otter Creek pier was completed at the landing located off Grover Avenue. It was successfully received by the area people who expressed many thanks to us and compliments for getting it done. It is pretty much only accessible at certain tide levels but the folks consider that when they use the pier.

Northeast Harbor Village Center Improvements: My notes for this project go back to November 5, 2015 which represent approximately 27 months of work, most of which included our local citizens committee. Through today, March 9<sup>th</sup>, we have received competitive bids for the construction of what became to be referred to as Phase 1 of the overall project. Phase 1 begins in and around the triangle near the Neighborhood House and continues north ending at and around the town parking lot across from F.T Brown Ace Hardware. We are waiting, and hoping, to see if the voters will authorize project funding at the May 8<sup>th</sup> town meeting. The Mount Desert Water District decided to solicit bids for the replacement of their infrastructure in Main Street and include that work in the overall project with us. If their bids come in within their budget, they will proceed with the construction under our agreement with the low bidder.

Municipal Partnership Initiative (MPI): At last year's town meeting the voters approved our participating with the DOT under their MPI program on a 50%-50% cost-share basis or, \$500,000 to match the same amount as the DOT's, the maximum contribution allowed by them. The improvements include: reclaiming (grinding and leaving in place) the existing pavement; grading and compacting these materials; construction of new base and surface pavement layers on the reclaimed materials; construction of four-foot wide, not five-foot wide extended shoulders on each side of the road, drainage improvements and other typical roadway improvements associated with projects of this kind. The shoulders were reduced to four feet in width from five feet due to space limitations.

## Warrant Articles for May 8, 2018 (FY-19) Town Meeting

Following is a list of articles that involve Public Works that are in the 2018 Town Meeting warrant for voter consideration. If asked, I would agree with passage of these articles.

Article 6 Revisions to the MSW (Municipal Solid Waste) Ordinance: The substantive revisions include: recognizing the use of alternatives to plastic bags typically provided by vendors; deleting references to PERC and replacing them with Fiberight dba Coastal Resources of Maine; the licensing and fee structure section and; the effective dates of the ordinance.

Article 21 Acceptance of private roads as public: Island Housing Trust (IHT) currently owns Farnham's Way and Sydney's Way located off Beech Hill Road in Somesville. We have an ordinance in place that describes the process by which owners of private roads can ask the Town to assume ownership and maintenance of them. IHT has met all the necessary requirements. This is my first experience in 18 years of such a request being made.

Article 22 Acceptance of a private sewer collection system as public: As with the road described just above, the IHT owns the sewer system in the two roads servicing the homes located there. Our sewer ordinance addresses our accepting the private system as public. Fortunately the entire system is all gravity flow based - it does not have any pump stations with moving parts and power needs.

Articles 23, 24 and 25 Route 198 improvements with DOT: As discussed last year, this is a continuation of the 50%-50% cost-share MPI project that was approved last year. We applied for MPI participation for 2018-19 and were approved. We are asking voters to approve signing an agreement with DOT to make improvements to the second of two 1.1 mile sections of Route 198, to approve \$500,000 in matching funding and to allow any funds remaining from the first 1.1 miles of improvements to be completed in 2018 to be applied to the section under consideration here. If you recall, the section approved last year was from the end of the guardrail near the bottom of the hill just past Parkman Mountain parking lot as you head towards Somesville to just past Sargeant Drive. The second section under consideration here picks up where the first one ends through to, or near, the intersection of Route 198 and Route 233 (Eagle lake Road).

Article 26 State Route 3 Roadway Improvements: Improvements were proposed to be made by a local committee comprised of bicycling enthusiasts. The proposed work would begin at the intersection of Routes 198 and 3 (Pedder's Corner) in Northeast Harbor, and continue to the Stanley Brook Road in Seal Harbor, a distance of just over three miles. The improvements would be very similar to those being made under the MPI program by the Town and the DOT on Route 198. Last year's town meeting approved a \$20,000 match towards a grant that the committee applied for to address the same project. Not being successful, the funds were allowed to lapse.

Article 27 Crosswalk Improvements - Construction Funding: Seven crosswalks were identified throughout Town as being important, yet unsafe based on their non-conformance to required standards. If approved, these seven crosswalks will be improved to meet these standards. We are only doing seven this year based on the available budget in the Road Reserve Account that funded the evaluation and design of them at the time the need arose.

<u>Article 28</u> <u>Crosswalk Improvements - Evaluation and Design Funding:</u> If approved, these funds will be used to evaluate and design the remaining crosswalks throughout town that do not meet the proper standards. Funding for construction of the improvements would be requested at the May 2019 town meeting.

Article 29 Northeast Harbor Streetscape Improvements: As described in another section above, the culmination of over two years of effort will be put to the voters in May in the form of their considering the funding of the improvements. The committee worked very hard to present a cost-effective, functional and aesthetically pleasing project to the voters. The total project amount the committee is recommending for approval is \$3,963,485 broken down as follows:

•	Construction Contract	\$2,193,900
•	Emera, Consolidated Communications & Spectrum	975,000
•	Construction Contract Administration and Inspection	320,000
•	Unforeseen Conditions Contingency	474,585
•	Total	\$3,963,485

Shown below are portions of the project we had bid in per location so, if needed, we could consider postponing to future construction for cost reduction reasons today:

•	Town parking lot across from F.T Brown Ace Hardware	\$139,800
•	Northerly Pop-Up Park	\$60,400
•	Southerly Pop-Up Park	\$104,400
•	Park-Intersection Neighborhood Road & Main Street	\$121,200
•	Pavers in Main Street at its intersection with Sea Street	\$81,500
•	Concrete Sidewalks	\$130,500
•	Pavement Sidewalks instead of concrete	\$39,150
•	Reduction to allow southerly one-way traffic	(\$73,000)

The original low bid for the project was reduced to the \$2,193,900 by, from the information just above, postponing the southerly pop-up park at savings to us of \$104,400; postponing the pavers in Main Street at its intersection with Sea Street at a savings of \$81,500; and accepting the \$73,000 credit to the project for allowing one-way traffic on Main Street during actual construction. To the best of my knowledge and experience in Town, other than some sidewalk and road paving work, the improvements being proposed here are the first substantive ones to be considered in over 30 years.

Article 30 Summit Road Improvements: Like we did to the section of Summit Road a few years ago from Church Road to Manchester Road, funding requested here would be for the design and bidding services of improvements to the Summit Road infrastructure beginning at Main Street and extending to Church Road in Northeast Harbor. The improvements would be to sanitary sewer, storm water, the sidewalk and curbing and street surface. Of particular concern is the intersection of Tracy Road with Summit Road. Storm water run-off and egress concerns form Tracy Road onto Summit Road will be addressed. We would ask the water district if they would like to replace their water main and services as part of our project the way we did with them on the Church Road to Manchester Road project described above.

Article 31 Northeast Harbor Village Green Irrigation System: If approved, we will hire a qualified company to design and install an in-ground irrigation system much like the one in the Green in Seal Harbor. Presently, it is labor intensive, not an efficient use of time and not very effective for us to periodically put garden hoses out on the lawn to water the grass then put them back in storage. My goal is to have the Village Green rival the lawns at the Kimball Terrace Inn just across the street. I anticipate having the system installed in such a manner that if we ever did put soil fill in the settled central portion of the Village Green to bring its elevation up to match its perimeter elevations, the irrigation sprinkler heads could be easily raised by extending the vertical pipe supplying water to it.

Article 32 Unused State Revolving Loan Funds (SRF) - Wastewater Infrastructure Improvements: This article asks the voters to consider allowing the use of remaining funds we borrowed from the Maine Municipal Bond Bank that is administered by the DEP on their behalf. These funds were borrowed for the Northeast Harbor wastewater treatment plant upgrade constructed from 2013-2015 and construction of improvements to the Bracy Cove pump station that will be completed early in the spring 2018. Between the two projects, we have approximately \$480,000 remaining of the two loans of which we would like to use \$453,000 for other DEP-approved improvements we would like to make to our wastewater infrastructure. Please note we are only paying interest on the funds we have drawn down and spent, not these remaining funds. On a funds available basis, projects I would recommend funding with these funds include:

- Construction of a new precast concrete wastewater pump station wet well (the tank the wastewater flows to before being pumped to the treatment plant) to replace the 1970's vintage metal one presently in use at the pump station on Manchester Road. This is similar to what we recently did at Bracy Cove and to the Babson Brook pump station a few years ago.
- Lining the existing vitrified clay sanitary sewer pipe that flows from Sinclair Road to Manchester Road through a very wet and wooded area and across private property. There is a process by which a liner can be put in the existing pipe to seal it from groundwater leaking in and improving its flow characteristics e.g. reduce the friction, rather than excavating and replacing the pipe in place with its associated disruption to the area.
- Electrical improvements to the Gilpatrick Cove pumped station.

Article 33 Sylvan Neighborhood Drainage Project: The "Sylvan Neighborhood" consisting of Sylvan Road, Pine Road and Spruce Road experiences problems with surficial drainage during rain events and by snow melt throughout the year. The existing closed, or underground, drainage system consisting of catch basins and pipes is very limited and in poor shape; open drainage - ditches - are pretty much non-existent; discharge points for the collection pipes are on private property and can be very easily plugged. Over the years we have had reports of "torrents of water" flowing down Sylvan Road with nowhere to go; flooding on Spruce Road due to the blocking of surficial water by the filling of natural drainage ways on adjacent properties and water in people's basements being dumped into the sanitary sewer via sump pumps and cellar drains. In addition, the surfaces of the roadways are in terrible shape. The article is requesting construction related funding to address these deficiencies.

## Of Interest

<u>Paving</u>: Our FY-19 paving schedule includes reclaiming and paving the entire length of the Hall Quarry Road. It has been almost 17 years since it was last paved. We also hope to do some work on the Upper Dunbar Road, Brookside Road and Church Road, budget permitting.

MSW (Municipal Solid Waste) Disposal: Earlier this year we learned that the Fiberight facility in Hampden will not be ready on April 1, 2018 as hoped. Issues with the DEP permitting process, a warmer than expected winter that turned the job site into a quagmire of mud making it difficult to work and, problems with the delivery of the building, set the project back. The problem with building delivery is interesting. The building is a pre-engineered steel building similar to the highway garage. It was to have been shipped in order of being assembled, much like Step 1 do this, Step 2, do that, Step 3 this, etc. For some reason, the supplier got out of synch with the steps and some portions were shipped to the site out of order causing delays. It is back in track now.

Planning for such a delay, the MRC (Municipal Review Committee) arranged for alternative disposal sites for our MRC members trash. Presently, some towns MSW will be taken to the Norridgewock landfill and some will go to the landfill in Old Town. Some haul distances for some communities are longer than going to Fiberight in Hampden to drop it off; some distances are shorter. Our MSW, and that of the other ADD towns, will be hauled to Norridgewock. Longer haul distances typically translate into higher transportation costs. For those towns like ours, whose haul distance is longer, the increased distance to the alternative disposal site will be cost-neutral. These additional costs will be covered by Fiberight and/or the MRC. If they are covered by the MRC, the funds will come from a reserve account set up for just this reason.

## Construction Schedules

- Route 198 MPI with MDOT: With funding having been approved at the May 2017 town meeting last year, we are able to begin work as soon as the paperwork is completed. The contractor hopes to be finished on or before the end of June 2018 to avoid the summer traffic. There will be some delays; the contractor has to maintain one-way traffic using flaggers at all times and; intentionally detouring traffic to Sargeant Drive is not allowed.
- If approved, the Northeast Harbor Village Center Improvements project will be completed over two winter construction seasons with no work being done between Memorial Weekend and mid-October each season. The specific work schedule is to be 7:00 AM thru 6:00 PM, Monday thru Saturday in an effort to minimize the effects of not being able to work between Memorial Day weekend and mid-October. This schedule is for both the town's and the water district's work if they participate.
- If approved at town meeting, it is anticipated that the Sylvan Neighborhood Drainage Improvements project will be completed by mid-summer 2018. The layout of the streets lends itself to being able to close one street to traffic for construction and still be able to reach property via one of the other two.

## April Clean-up Week Summary

			2	2017 Apı	il Clea	n-up We	ek Resi	ults			
Item (tons)	2013 Amt.	2013 Cost	2014 Amt.	2014 Cost	2015 Amt.	2015 Cost	2016 Amt.	2016 Cost	2017 Amt.	2017 Cost	Description

<sup>1.</sup> CDD: Construction Demolition and Debris

## Wastewater

On a daily basis, most people in town don't ever wonder what the Wastewater Department is doing. That's okay, this doesn't hurt our feelings because it generally means we are doing our jobs right. I have the opportunity here to fill you in on what we have accomplished this year.

Construction of the Bracy Cove pump station began on December 5<sup>th</sup> of 2016 and continued throughout the winter months of 2017. The majority of the project was completed by May 2017 as promised. This project was built on private land that the town had been granted an easement to use. The pump station was originally designed to be enclosed inside a building but that idea was put on hold after discussions with the land owner prior to its construction. After completion, the land owner had some concerns for her grandchildren's safety as well as some issues with the aesthetics of the pump station. The town agreed to construct a building over the station after considering the issues. The project design anticipated this possibility and was laid out to accommodate a potential structure. This allowed the building project to be completed without many logistical construction complications. We contracted with Sargent Corporation to do the additional work.

In March 2017 at the Seal Harbor wastewater plant, we replaced one of our Return Activated Sludge (RAS) pumps. These pumps are responsible for maintaining the biological wastewater process's "Circle of Life". The pump essentially transports our microbes from aeration tank to clarifier and back. The aeration tank is where the microbes get their food and oxygen to live. The clarifier is where the microbes clarify the wastewater, settle out and get hungry again while waiting for the trip back to the aeration tank to start the process all over.

The original RAS pumps were installed during the 2003 upgrade of the Seal Harbor plant. These pumps have proven to be excessively costly to maintain and they generally have to be rebuilt every 12-18 months. We have three of these pumps at the Seal Harbor plant. Our crew rebuilds the pumps so there is no additional outside labor costs. The new pump that was installed is expected to have a life span of 48-60 months before a rebuild is required and the parts cost will be much less than those for the original pump. This pump operates at half the speed of the original and pumps the same volume of water per minute. The lower operational speed reduces the fatigue on the pump allowing it to operate longer between rebuilds.

Treatment plants can be dangerous places; we are constantly concerned with the safety of the public and our staff. We identified two areas that needed some safety improvements this year. The crew has installed a new section of handrail around a splitter box on our aeration tanks in Northeast Harbor. The splitter box directs flow to one or both of our aeration tanks. In order to send the flow in the right direction, slide gates must be raised or dropped manually. Accessing these slide gates exposed staff to slips and falls, a typical safety hazard identified by regulatory agencies. The new handrails have essentially removed this hazard.

The second safety improvement was installing a stainless steel safety line system around the inside of four of our six clarifiers. Our crew typically does most of the cleaning as hiring an outside contractor is very expensive. This safety line would allow the crew to wear a safety harness and safety line that would be attached to the clarifier's safety line system. This would give them the fall protection they need to complete the job without exposure to harm - the clarifiers are 12-14 feet deep. Serious injury or death could result if a fall should occur. We currently have four clarifiers that need to be outfitted with this safety system, two in Somesville and two in Seal Harbor. Northeast Harbor's two clarifiers had the system installed during the 2012-2014 upgrades. We hired an experienced contractor to install the system in all four clarifiers in February 2018. The same contractor installed the safety lines at the Northeast Harbor plant.

At the end of July, we found out that our stand-by generator at the Gilpatrick Cove pump station had lost its power producing capability. Stand-by power is one of the Standard Conditions in our State of Maine Department of Environmental Protection (DEP) issued wastewater license. By law, we have to provide emergency power to all of our facilities in the case of an outage. This is done with either a permanent on-site unit or a trailer mounted portable unit. With the assistance of a local electrical contractor, we were able to find a company that was able to repair the generator. The generator had to be removed from its fuel tank base and transported to the repair facility for service. We had to rent a stand-by generator to provide power while ours was being repaired. The wastewater crew took the opportunity to prep and paint the fuel tank while the generator was off site. The option to have the unit repaired versus replaced was a big savings for the town.

The town has six pump stations that do not have their own dedicated emergency stand-by power sources. During an outage, wastewater staff has to trailer portable generators to each site, hook them to the station and wait for the wet well of the station to pump down. Once that is complete, they then have to unhook and move to the next station and so on until power is restored. We are currently looking at replacing one of our two portable stand-by generators. We have a unit that is approximately 35 years old which has become a maintenance issue. The unit requires frequent servicing, causing it to be unreliable when a situation arises where it is needed. This new unit will be much quieter to run in residential areas than the current generator.

In the lab this past year, we were busy with our regular process control and compliance testing as well as additional sampling required by the DEP for our screening level testing year. Process control is a series of tests that the lab conducts to help guide us to run the plants efficiently. These tests are for in-house use only. Compliance testing is a series of permit required tests that we must conduct followed by a formal reporting of results to the DEP. The compliance testing parameters and testing frequencies are determined by the DEP. Any variation outside of the DEP set limits can be a potential violation against the town. The screening level testing is a batch of tests we have to conduct prior to the DEP reissuing our wastewater permits for the plants. These tests are very specific and detailed. We use commercial laboratories as a cost saving measure to perform these tests for us as we do not need these results on a regular basis. Doing these tests in-house would require more equipment, chemicals and training than we currently have. The screening level tests were conducted in 2017 as our wastewater permits are due to expire at the end of 2018. We are currently in the application process to renew the licenses.

Last year I began my report addressing the changes that occurred in the wastewater department, specifically staffing. This year I will end my report with staffing. Four out of the five full time wastewater staff have earned their wastewater licenses and one is currently studying to take their wastewater exam this spring. I am confident that next year at this time, I can report that we will have five licensed wastewater operators. These exam tests require overall knowledge of the wastewater field including systems and tests that do not pertain to our operations here in Mount Desert. The time and commitment it takes to pass these tests are a testament to our quality staff. We would not be as successful with our endeavors if it were not for the full support we receive from the residents of the Town of Mount Desert, our Board of Selectmen, the members of the Warrant Committee, Town Manager, Public Works Director, Highway Superintendent, Public Works staff, Town Office staff and the hard work and dedication of the wastewater crew. Thank you for helping us maintain a healthy and safe community.

Respectfully submitted,

**Edward Montague** 

## **Solid Waste Collection Policy**

Town policy allows refuse truck drivers to use discretion when collecting refuse on <a href="PRIVATE">PRIVATE</a> roads and ways <a href="AFTER">AFTER</a> November 1<sup>ST</sup> or the first snowfall, <a href="whitehever comes first">whichever comes first</a>. Drivers will collect from the same private roads and ways we typically have collected from during the winter months whenever conditions are suitable and safe. To aid collection, please be sure your private road is plowed and sanded or place your refuse curbside on the nearest public road. All trash must be curbside by 7:00 A.M. on your scheduled collection day.

Spring Clean Up Week coincides with school vacation in April of each year. There will be only ONE pick-up of your items, so please have them out by 7:00 A.M. on Monday. The following schedule will be followed: Monday – start in Northeast Harbor; Tuesday – starting at the intersection of Routes 3 & 198 and working towards Seal Harbor; Wednesday – starting in Otter Creek and working towards Seal Harbor; Thursday – starting on Route 198 and working towards and into Somesville; Friday – the general area including Hall Quarry, Pretty Marsh and Beech Hill. This schedule is subject to change based on weather and the volume of material collected.

We will collect trash, rubbish, and garbage including asphalt shingles, tarpaper, sheet rock, insulation, plastic bags, and other non-wood materials. Amounts are limited to approximately the size of a pick-up truckload, 8' X 6' X 3.5', approximately six cubic yards.

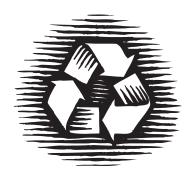

A second crew will collect tires (maximum of 4) without wheels and metal appliances such as stoves, freezers, refrigerators, washing machines, and dryers. The owners must remove the doors from the refrigerators and freezers before putting them curbside or we cannot accept them. **If the doors are not removed, they will not be collected.** 

Another crew will collect burnable wood waste such as brush and tree limbs (<u>NO</u> stumps, please). Lumber and other wooden materials will be collected separately; amounts are limited to approximately the size of a pick-up truckload, 8' X 6' X 3.5', approximately six cubic yards. Wood materials and waste may not be greater than 4 feet long and maximum 6 inches in diameter.

Please keep bagged leaves and grass clippings free of sticks, twigs, and gravel

Vehicle motors with bases removed and engine blocks will be collected.

All refuse and other materials must be in suitable containers or tied in bundles of not over 4 feet in length, except tires and large metal appliances. Tied bundles and containers must be able to be handled by one person

## **Recycling Program**

The Town of Mount Desert will continue to recycle at the Town Garage Recycling Center, 307 Sargeant Drive. Monday through Friday, 7:00AM to 10:00AM, there is a recycling attendant available to assist you. As always the recycling center is open dawn to dusk.

## Newspapers and Magazines:

Material allowed: Newspapers, advertising flyers, magazines, catalogs, telephone directories with covers, paperback books with no covers, all office paper, and envelopes, including those with windows.

Unacceptable materials: Junk mail, brown paper bags and cardboard.

## Old Corrugated Cardboard (OCC):

Domestic corrugated cardboard, brown Kraft paper bags, boxboard and pizza boxes.

Unacceptable materials: Asian cardboard, paperboard, and wax cardboard. **Wax boxes are cause for load rejection.** 

## **Plastics #1 - #7**

Accepted materials include any plastic numbered 1-7, bottles, milk jugs, soap jugs, butter tubs, lids and caps, yogurt and cool whip dishes, 5 gallon pails and kitty litter containers.

Bottles should be drained.

Unacceptable materials: Styrofoam, paper, metal, glass, trash bags, plastic grocery bags.

## **Steel Cans - Tin Cans**

Steel cans with paper on and rinsed out are acceptable.

Small quantity of aluminum cans and lids are allowed.

### Glass

Clear and colored glass jars and bottles.

If you have any questions, please contact the Town Office, 276-5531. They will be able to answer your questions or direct you to someone who can. Thank you for your participation!!!

## Policy Encouraging the Recycling of Old Corrugated Cardboard (March 1, 2013)

Our town is a member of the Acadia Disposal District (ADD) together with Cranberry Isles, Frenchboro, Tremont and Trenton. The purpose of the ADD "is to provide for the cost-effective, environmentally friendly, efficient and lawful management, disposal and recycling of waste materials".

The 2005 policy enacted by the ADD related to removing and recycling old corrugated cardboard (OCC) from the solid waste stream has been a success. Our town has saved 1,000's of dollars in actual and avoided costs; the ADD as a whole has saved many times that. Congratulations and thank you to all of you who participated and helped make the policy work. The following information should assist us as we continue to move forward with the policy.

## WHAT IS ACCEPTABLE OCC?

OCC is typically domestic cardboard boxes, colored or otherwise, that <u>do not</u> have a yellowish color to them. This color is a sign that the material has been recycled once and is no longer acceptable for processing. Brown paper bags, boxboard such as cereal boxes and clean pizza boxes are now able to be included with OCC.

Ideally, we would like clean, dry OCC. Clean means e.g. no grease, oil, or food waste on it. It can have labels and tape. A limited amount of contamination is allowed.

OCC that is damp is acceptable - if it has been out in the rain but will still hold its shape when picked up, it is acceptable; saturated OCC is not.

Dumpsters are not required but recommended for businesses. We are not able to provide dumpsters for private entities but will dump yours if you let us know you have one.

Please flatten cardboard boxes. This will increase our efficiency and allow you to put more in the dumpsters. Domestic corrugated cardboard cut down to pieces 3-feet x 3-feet square and/or flatten the boxes to increase quantity in the container thereby reducing transportation costs, brown Kraft paper bags, boxboard and grease free pizza boxes. If the pizza boxes are greasy they should go in the regular trash.

<u>UNACCEPTABLE MATERIALS</u>: Asian cardboard (yellow in color) and wax coated OCC. Too much of either of these in a load will be rejected by the larger recycling center we work with because mills and other buyers will not purchase loads of OCC contaminated with these products. If we have a load rejected we end up hauling it to the transfer station for disposal and incurring additional costs to do so. This is not all bad because it will end up being burned to generate very clean electricity.

<u>WHAT TO DO WITH IT – BUSINESS:</u> The Town will collect OCC from town dumpsters and businesses on Mondays and Wednesdays. This schedule is subject to change based on demand and our resources. It is the responsibility of the business owner to keep the OCC in an acceptable condition. We will continue to rely on the garbage collection crew to help us make this effort successful. To wet or not to wet, contaminated or clean, will be a judgment call made by them. The dryer the better – if it weighs less it will cost us less to drop it off at the recycling center in Ellsworth.

<u>WHAT TO DO WITH IT – RESIDENTIAL:</u> Please continue to use the Sargeant Drive recycling facility. Being cost-prohibitive, we will <u>not</u> be conducting residential curbside collection for OCC.

If you have any questions, please contact Public Works Director Tony Smith at 276-5743 or <a href="mailto:director@mtdesert.org">director@mtdesert.org</a>. Thank you for your contributions to the success of the policy.

## Refuse Collection Holiday Schedule May 2018-May 2019

## May 2018- May 2019

You are encouraged to "clip and save" this page for reference. To keep apprised of any changes, please watch for ads in the MD Islander, and the Town's website www.mtdesert.org

## Town of Mount Desert Holidays May 2018-April 2019

The Town Office will observe and be closed on the following dates:

<b>Holiday</b>	Day/Date to be observed

Memorial Day Monday, May 28, 2018

Independence Day Wednesday, July 4, 2018

Labor Day Monday, September 3, 2018

Columbus Day Monday, October 8, 2018

Veterans Day Monday, November 12, 2018

Thanksgiving Thursday, November 22, 2018

Friday, November 23, 2018

Christmas Day Tuesday, December 25, 2018

New Year's Day Tuesday, January 1, 2019

Martin Luther King, Jr. Day Monday, January 21, 2019

President's Day Monday, February 18, 2019

Patriots Day Monday, April 15, 2019

## **Planning Board**

The Town of Mount Desert Planning Board meets every second and fourth Wednesday of the month, as well as a number of special hearings throughout the year when the regular schedule is filled. The Conditional Use Approval process typically involves a site visit by available board members and the applicant, during the same day as the board meeting. Board meetings are held in the Town Meeting Room at 21 Sea Street in Northeast Harbor.

In 2017 the Planning Board reviewed twelve (12) Conditional Use Applications, which included the following:

```
001-2017 Section 3.4 – Excavation or Filling of >150 cubic yards. Enlarging existing man-
                          made pond.
002-2017 Section 3.4 - Non-Commercial - Indoor Recreational Facility- Fitness/Gym Building
003-2017 Section 3.4 – Excavation or Filling of >150 cubic yards. Improving and expanding
                          parking area at Harbor Brook Trail Head
004-2017 Section 6B.8- Fences and walls, exceeding CEO Authority.
005-2017 Sections 3.4 - Piers, Docks, Wharves, Bridges and other Structures and Uses
                          Extending over or below the Normal High-Water line or within a
                          wetland (refer to Section 6C.7)
006-2017 Sections 3.4 - Piers, Docks, Wharves, Bridges and other Structures and Uses
                          Extending over or below the Normal High-Water line or within a
                          wetland (refer to Section 6C.7.)
007-2017 Section 3.4 – Non-commercial Animal Husbandry – Keeping of Livestock –
                       Chickens.
008-2017 Section 6B.8- Fences and walls, exceeding CEO Authority.
009-2017 Section 3.4 - Non-Commercial - Outdoor Recreational Facility- Swimming Pools.
010-2017 Section 6B.8- Fences and walls, exceeding CEO Authority.
```

011-2017 Section 6B.8- Fences and walls, exceeding CEO Authority. 012-2017 Section 6B.8- Fences and walls, exceeding CEO Authority.

In June 2017 the Planning Board rendered a revised decision on the reactivation of the MacQuinn Quarry in Hall Quarry, first revising the Board's definition of quarrying (4-1) and then finding that the Applicant did not have grandfathered status for standing to apply for a quarrying permit (5-0). The Board's decision was then taken by the Applicant to the Appeals Board in October 2017, which supported the Planning Board's decision, finding that the Board did not err in the interpretation of the Quarrying Ordinance (3-2). The Applicant is now pursuing the decision in Maine Superior Court. The MacQuinn Quarry review has engaged the planning board in special hearings since the initial Completeness Review in July 2014.

A big thank you is in order to our exceptional Code Enforcement Officer, Kim Keene, and the Town administrative staff who steer applicants and the board through the mountainous paper trail, scheduling and procedural tasks that keep the Conditional Use Approval Process moving along. Additionally, Heidi Smallidge is our amazing recording secretary who diligently details the board minutes throughout the year.

The Planning Board is comprised of five full time members and two alternates. Currently there is a vacancy for an alternate member; I encourage anyone with an interest in becoming part of the Planning Board to contact the town office.

Respectfully Submitted,

William Hanley, Chairman

## **Zoning Board of Appeals**

As members of the Zoning Board of Appeals, we hear two kinds of cases: (1) Administrative appeals from decisions of the Planning Board and the Code Enforcement Officer; and (2) Requests for variances or exceptions from certain provisions of our Land Use Zoning Ordinances. There are other ordinances, such as the Floodplain Management Ordinance, which also provide for appeals and/or variance requests to be brought before the Board of Appeals. One of the matters that almost came before us this past year was an appeal with respect to the enforcement of the Ordinance Regulating the Building & Street Numbering in the Town of Mount Desert, but that matter was resolved by the parties before it came to hearing.

In an Administrative Appeal under our Ordinance, we are not allowed to substitute our opinions for those of the Planning Board, or Code Enforcement Officer, but are required to determine if the Planning Board or Code Enforcement Officer followed the LUZO and our review is limited to the "record" and we cannot accept new evidence at our hearing. The two matters which did proceed to hearing before us in 2017 were administrative appeals, and we issued a decision in each case.

In considering whether or not to grant a Request for a Variance, we are given the power to make the decision as to whether a variance should be granted, but the tests which authorize a variance are very strict under state law and must be met before we can be approve any such requests

The Board of Selectmen has additional powers under §7.11 of the LUZO to enter into Consent Agreements with the landowners with respect to certain violations of the LUZO and sometimes matters that come before us are continued so the parties can seek a resolution in that forum.

Membership of our local Board of Appeals consists of 7 residents appointed for 3 year terms by the Board of Selectmen. Our members have remained much the same for a few years now, and that has provided us with the opportunity to get to know each other and to work together as a group. We share a commitment to offer those who appear before us a courteous, respectful, and friendly forum and while there seems to be more law to apply each year, we also are committed to making the Board of Appeals a place where all can feel comfortable, whether or not they have legal representation. We are often the last step before a case ends up in Court, and take our role very seriously. We hope that an appearance before us leaves each of the "sides" feeling that they have been listened to, and dealt with fairly. Our function is to make decisions, but we have also found that our hearings can provide parties a chance to find a common ground for settlement, and as in the past we have continued hearings to allow the parties to talk further, often resolving their differences, saving everyone, including the Town, time and expense – and "stress"!

Our hearings are scheduled as needed when an appeal is filed and we would encourage members of the public to attend our hearings.

We want to express our appreciation to the Planning Board, the Code Enforcement Officer, the Town Office and its professional staff, Heidi Smallidge, our recording secretary, the attorneys who have been involved in the each of the hearings, and especially to those residents and non-residents who have appeared before us over the last year.

We have had a vacancy in our membership for four years. Since our quorum rules require a majority of the Board to be present for a meeting, that has placed even greater importance on the attendance of all members. We would encourage residents interested in being appointed to the Board of Appeals to contact the Board of Selectmen.

Respectfully submitted,

William Ferm Chair

### **Sustainability Committee**

The mission of the Sustainability Committee is to help guide the Town toward a more sustainable future.

### LED Streetlight Conversion Project:

Continues to move forward, they're presently eighteen new LED Streetlights as a Pilot study in the village of Northeast Harbor and Seal Harbor for citizen's input to determine color temperature and fixture choices. There will be a Public Meeting on LED Streetlights April 26, 2018 at the Town Meeting Hall.

#### Solar:

The Town Highway Garage Solar Power Purchase Agreement with Revision Energy is in the process of being installed after several delays due to the March snow storms, the project should be completed by May 1<sup>st</sup>. This installation will provide solar power for the Highway Garage and energy cost savings for the Town going forward.

### Electric Vehicle Charging Stations:

The Town of Mount Desert, first Electric Vehicle charging station is activated and is located at the Yachtsman Building, Northeast Harbor Marina. The charger is on the ChargePoint Network and is available for use by two vehicles.

### Single Use Plastic Bags and Compostable Food Packaging:

The Committee has been working with the Mount Desert Chamber to help reduce the use single use bags and promote the use of compostable food containers.

#### Invasive Plants and Aquatic Plants:

The Committee is in the process of organizing a Forum on Invasive Plants and Aquatic Species to educate the public in identifying these species and to protect our lakes and ponds.

Our Committee continues to research Town owned facilities and sites for additional potential solar projects and we are monitoring the progress of various legislative initiatives regarding renewable energy, municipal solid waste and recycling.

I also want thank Sustainability Committee members and Tony Smith Director of Public Works for all their input and time.

#### Phil Lichtenstein, Chairman

### **Harbor Committee**

(Formally known as the Marine Management Committee)

The Town of Mount Desert is renowned for its high quality and well managed harbor and docking facilities. These facilities include the major docking and marina located in Northeast Harbor, the Seal Harbor Town Dock, and the Bartlett Island Landing. In addition to the main piers and floats, electrical service and rest rooms, the Town also maintains boat launching ramps at Bartlett Island Landing and the Northeast Harbor Landing. It is the responsibility of the Harbor Committee to formulate and recommend financial plans, regulations, and future improvements to all of these facilities owned by the Town of Mount Desert.

Revenue and operating budgets for all of our harbor facilities is generated by the income of mooring rental and registration fees, daily, weekly, and seasonal dockage fees from the Northeast Harbor Marina, as well as registration and passenger fees from commercial passenger boats. Gross income received in 2017 amounted to more than \$840,000. All expenses needed for the operation of our harbor facilities is supported by this income, without the need for additional tax payer revenue.

Our Committee meets on a monthly basis to consider the on- going demands and requirements needed to maintain our high quality facilities. Year round use of the Northeast Harbor facilities prove to be a major challenge to accommodate the activity of year round commercial fishing and passenger vessel use. Summer seasonal activity is focused upon the needs of recreational boating and yachting activity in addition to the commercial fishing and passenger vessel requirements. General improvements completed during this past year include the expansion of dockage in Northeast Harbor, hoisting lift and booms placed at the Seal Harbor and Northeast Harbor Docks, and electrical up- grades for the Northeast Harbor facilities.

The Committee has reviewed proposals for total re-organization and alignment of all Bartlett Harbor mooring locations and re- registration of all moorings. Presently, only the moorings located in Somes Harbor, Seal Harbor, and Northeast Harbor are registered for placement and management. Re-alignment of the Bartlett Island Harbor moorings is necessary for the overall benefit of the commercial and recreational needs.

Expansion and re-location of the food vending trucks and weekly food vendors in proposed for the Northeast Harbor Marina area. The popularity of these businesses has increased annually and it is the hope to allow the continued use and activity in a safe and well managed site for parking and customers on the south side of the Village Green area. It is the intent to provide off road parking as well as on site electrical hook up for all of the vendors.

I would like to thank all of the members of the Harbor Committee for their continued dedication and volunteered efforts which benefit the Town of Mount Desert.

Respectfully submitted, Rick Savage, Chairman

### **Shellfish Conservation Committee**

On behalf of the Town of Mount Desert Shellfish Conservation Committee, I would like to thank the taxpayers for their support, and for the opportunity, to beneficially manage Mount Desert's intertidal resources. The annual conservation plan reflects our shellfish resource assessments conducted throughout the year. Our goal is to create a plan that allows for a sustainable commercial and recreational harvest but does not harmfully deplete the resource. Natural resource management requires constant attention and an adaptive approach. Ecological changes and harvester pressure can fluctuate quickly, and with no regard to the calendar year. The Shellfish Committee successfully met these challenges while maintaining a healthy resource balanced with a sustainable harvest.

The biological factors present in Mount Desert's intertidal zone mirrored patterns seen up and down the coast of Maine during 2017. Predation continued to be the major threat to stocks. Green crabs and milky ribbon worms further compromised shellfish populations, some areas seeing more destruction then others. Mount Desert's clam population was hit hard by these predators, the impact being average on the Maine coastal scale. Geologic and Hydrographic characteristics of our shoreline, such as deep water and ledge buffers, render some shellfish areas inaccessible to these predators. These substrates comprise most of the harvestable area in town and we will continue to monitor them closely.

The 2017 harvester landings fell statewide, although marine worm harvest and value increase accounted for some of this decline, it was largely a result of low market price and predation depleted mudflats. Mount Desert harvesters reported some landing decreases and noted the impact of a red tide closure during the peak market price. The harvester reports from recreational and commercial diggers indicated a rise in the population of wild hard shell clams; the Shellfish Committee has this species included in our ordinance and welcomes the emerging interest in the species, showing both an economic as well as ecologic value. The year was no exception to the ever increasing interest and activity for shellfish aquaculture. The Shellfish Committee chair's approval is required for conducting intertidal aquaculture in or on town flats. We look forward to accommodating the emergence of intertidal aquaculture and the committee is confident that our management will evolve to keep all residents in consideration.

This year the Shellfish Committee had to regrettably replace a diligent member and steward to our natural resources, John Stanley. Luckily, for the intertidal zone, Mr. Stanley will continue his career in shellfish conservation as a member of the Southwest Harbor committee. We are lucky to have him as a neighbor and we are thankful for his service to Mount Desert. There has been an inspirational level of participation, interest, and involvement from some new community members this year and I look forward to their future presence at committee events. I would like to encourage anyone with interest in our resource, harvest, or any other shellfish related queries to attend our meetings or contact us in person. We, the Shellfish Committee, hope to not only manage the municipal shellfishery, but to teach and inspire the community the importance of a healthy natural resource.

Respectfully submitted, Victor Doyle Committee chair

## Mount Desert Island Regional School System AOS 91

Annual Report of Administrators for the MDIRSS/AOS #91 Board

December 2017

During the 2016-2017 school year, MDIRSS educators continued to focus on quality implementation of standards based teaching and learning. Specific emphasis on Math and Reading instruction contributed to better Maine state assessment results in four of our five drivable K-8 schools in both math and reading. There were improvements in the overall percentage of students who met the standard in all K-8 schools, and in science at the high school, and our schools scored far above the state average at almost every school in math, reading and science. Student enrollment across MDI schools has shifted some but stayed mostly steady. MDI Arts, Robotics and Athletic teams received state accolades. We held community forums in all MDIRSS communities to solicit feedback on our schools and discuss strengths and challenges of how the AOS operates. While we recognize there is always more to be done to address the needs of all of our learners, we feel that the combined efforts of MDIRSS educators are contributing to continuous improvement in our educational program at all levels.

### **Big Picture**

Looking Back (September 2016 to August 2017)	Looking Ahead (September 2017 to August 2018)	
<ul> <li>Improved building safety and security across the district and completed identified capital improvement projects.</li> <li>Completed phase 1 of Department of Education Special Education Program Audit.</li> <li>Developed 11 budgets approved by the boards that oversee them as well as town councils; completed successful annual audit process.</li> <li>State, federal and local grants submitted and approved</li> <li>Explored revisions to the AOS structure, cooperative initiatives among towns, and opportunities to improve efficiency and effectiveness.</li> </ul>	<ul> <li>Continue to strengthen standards-based curriculum, assessment, instruction and reporting initiatives leading to a proficiency-based diploma.</li> <li>Continue to strengthen integrated Science, Technology, Engineering and Math (STEM) programming K-12.</li> <li>Complete Long-Range Planning Process with community visioning and input from stakeholders.</li> <li>Complete final phase of Department of Education Special Education Program Audit.</li> <li>Improve communication and collaboration with stakeholders.</li> </ul>	

### **Goal 1: Improve Student Achievement and Engagement in School**

Rationale: Success in the 21st century requires students to leave their K-12 educational experience with high levels of literacy and numeracy. As a district, we need to be engaged in a cycle of continuous improvement to best serve all of our students each year. Programming [curriculum, course of study, pathways, RTI (Response to Intervention), etc.], therefore, must be specifically targeted to improving reading, writing, mathematics, critical thinking and student engagement. New and existing programs of study must be measured by how well they contribute to improvement in these five areas. Parents need to be informed and actively involved as partners with the school system in supporting their children's education.

Looking Back (September 2016 to August 2017)	Looking Ahead (September 2017 to August 2018)
<ul> <li>Improved student achievement in math and reading in K-8 schools.</li> <li>Obtained approval for Marine Service Technologies satellite CTE program and expanded the Island Pathways Program to a second year.</li> <li>Added AP course in Environmental Science</li> <li>Expanded hands-on science, place-based and service learning throughout the district.</li> <li>Implemented standards-based tracking and reporting in all classes 6-12.</li> <li>Obtained \$65,000 grant for Active Learning Center to support Design Thinking classes at the high school.</li> <li>Added a teacher to the MDI Adult Education Program, a full-time clinical counselor at the high school, and increased social work services at Conners Emerson.</li> </ul>	<ul> <li>Provide instructional staff with strategies for addressing the needs of students with anxiety</li> <li>Implement new reporting system and standardize report cards</li> <li>Continue to plan and implement STEM initiatives</li> <li>Develop and begin to implement a district-wide arts-integration initiative</li> <li>Add third year to Island Pathways program</li> <li>Implement student representation to the MDIHS Board</li> <li>Increase the content areas and grade levels where project based learning occurs.</li> <li>Significantly strengthen the Response-to-Intervention (RTI) program in all MDIRSS schools, K-12.</li> <li>Integrate and expand use of Design Thinking in conjunction with high school classes.</li> </ul>

### **Goal 2: Improve Teaching and Learning**

Rationale: Research shows that quality teaching is the most important variable in student achievement. Skilled teachers who are supported by administrators, have quality teaching materials, have access to, and utilize timely data about student learning, and who actively participate in ongoing professional development make a positive difference for students. Therefore, it is important that the district prioritize teacher professional development, support, supervision and evaluation.

Looking Back	Looking Ahead
(September 2016 to August 2017)	(September 2017 to August 2018)
<ul> <li>Implemented new standards-based curriculum, assessment, instruction and reporting initiatives leading to proficiency-based diplomas.</li> <li>Improved math and reading instruction.</li> <li>Provided professional development related to health, wellness and mindfulness.</li> <li>Increased the amount and consistency of information related to instruction and assessment available to teachers on the district website.</li> <li>Provided responsive teacher professional development and time for teacher collaboration.</li> <li>Provided mentoring for more than 20 new teachers across the district.</li> <li>Implemented team planning time in all schools.</li> </ul>	<ul> <li>Strengthen the use of data to inform instruction.</li> <li>Continue to strengthen standards-based curriculum, assessment, instruction and reporting.</li> <li>Increase amount of instructional coaching, including use of video, and continue the emphasis on effective instruction district-wide.</li> <li>Successfully implement a Math Workshop model in K-5 classrooms.</li> <li>Confirm and implement a full set of curriculum aligned common grade level field trips and opportunities.</li> <li>Provide teachers with ongoing support to implement project-based, place-based teaching and learning.</li> <li>Provide timely feedback to teachers based on individual and school-wide goals.</li> </ul>

#### Goal 3: Strategic Allocation of Resources, Use of Personnel and Financial Planning

Rationale: The Mount Desert Island Regional School System (MDIRSS) is committed to providing students with an excellent education. However, resources are not unlimited and must be used strategically. Maintenance and utility costs, health insurance and employee benefits must be considerations in seeking efficiencies so as to maximize available resources. Advances in technology enable us to think differently about course delivery, communication, professional development, resource sharing and infrastructure upgrades. Our communities offer resources that MDIRSS schools can effectively utilize to further collaborate for collective impact. Preparing students for careers, college and citizenship in the 21st century requires strategic planning, coordinated resource management and accountability.

Looking Back	Looking Ahead
(September 2016 to August 2017)	(September 2017 to August 2018)
<ul> <li>Streamlined review and approval process to facilitate consistency in all AOS policies.</li> <li>Held community forums in all MDIRSS communities and solicited input to inform long range planning.</li> <li>Implemented single Community-Based Health Insurance Rating in lieu of local pools.</li> <li>Streamlined and implemented consistent safety protocols across MDIRSS schools.</li> <li>Completed a safety and security facilities review; most schools upgraded security infrastructure.</li> <li>Completed major renovations to the high school and building upgrades at several schools.</li> <li>Completed MDIRSS hiring procedure manual.</li> <li>Continued to make data-informed decisions and aligned resource allocation appropriately.</li> <li>Held meetings with food service and custodians to network and consider further efficiencies.</li> </ul>	<ul> <li>Implement MOUs with all Education Partners and formalize Education Partnerships.</li> <li>Seek to implement cooperative initiatives among schools and towns to improve efficiency and effectiveness.</li> <li>Provide each MDIRSS employee with a personalized annual total compensation report.</li> <li>Develop and implement MDIRSS financial procedure manual.</li> <li>Investigate DocuSign to streamline voucher approval process.</li> <li>Undertake a comprehensive review of job descriptions and develop an employee handbook.</li> <li>Develop and share Long Range Planning Report and Recommendations and explore cost-benefit analyses and return on investment of priorities with AOS Board.</li> <li>Complete a collaborative and successful collective bargaining process.</li> <li>Explore and evaluate sustainability initiatives district-wide.</li> </ul>

Marc Edward Gousse, Ed.D., Superintendent of Schools

Julie Meltzer, Ph.D., Director of Curriculum, Assessment and Instruction

Melissa Beckwith, Director of Special Services

Nancy Thurlow, Business Manager

## Mount Desert Island Regional High School Principal Report

Another successful year has passed at Mount Desert Island Regional High School. MDI continues to be a wonderful place to work, live and raise a family. I am thankful for the trust that our community puts in its educators and for the high standards it holds us to. We are continuously growing and evolving, and I could not be more excited about where we are and where we are headed. The following is a brief overview of our goals, priorities and information about how our students are faring.

#### **Academic Challenge at MDI High School**

I am very proud of the education that our students experience. They have the opportunity to be challenged on many different levels. We offer a range of courses that cover all levels of student interest and ability. This year we are proud to have completely revamped our offerings in technical education. Through incredible teamwork among the faculty, creative planning and research, and winning a very competitive and lucrative grant, the tech wing is now known as the Island Innovations center. The center is comprised of an Active Learning Center - which operates as the heart of the wing. This is where students and teachers can plan and design creative projects. The ALC is surrounded by three fabrication labs - one digital, one focused on wood and boatbuilding, and a third on metal work and automotive repair. It has been impressive to see the blossoming of creativity and engineering in that area of the building.

#### Wellness

It is of paramount importance to me that our school is a place where everyone, students and adults, can live a healthy lifestyle. I make consistent efforts to remind our staff of this priority. Recent survey results indicate that, compared to other Maine schools, MDI students on the whole are healthier. They get more consistent exercise (although not during the school day), are more likely to have an adult at school they connect with, drink and smoke less, and eat healthier than their peers. We will continue to strive to create a learning environment that allows students and staff to be mentally, emotionally and physically healthy.

#### **Budget**

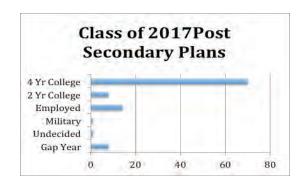

The budget that the MDIHS school board has approved for the 2018-2019 school year is up approximately 3.74% over the current fiscal year. The significant increases include salary and benefit adjustments for employees. There is also an unusual increase in the extra/co-curricular line because of large raises in officials fees and the need to upgrade some badly outdated equipment for track and field. The budget for the Board of Trustees is up \$25,000. The trustees are charged with managing capital improvement and overall maintenance of the building. I feel confident that this budget is built responsibly and will serve the needs of our community's students well. We have always enjoyed and appreciated the support of our taxpayers and that is a major factor in our successes as a school.

#### **Facilities**

Beginning last June, the walls and windows on a large portion of the building were replaced. This upgrade improved weatherproofing and significantly reduced heat loss through the walls. High quality windows were installed along with greatly increased insulation panels. The look will also be significantly different, as the clapboard siding will be replaced with panels of metal siding. I'm looking forward to the increased efficiency as well as the aesthetic facelift. We also completed phase 2 of the repaving of the driveway and parking lots. This work included a well-needed facelift at the public entry to the gymnasium. The trustees are currently planning a project to provide long-needed storage and bathrooms near the stadium field that will add a great convenience to those attending events and will allow for safe storage of highly technical and expensive athletic equipment.

### **Student Achievements**

Our students continue to be successful in the classroom and throughout our co-curricular programs as evidenced by the colleges and universities that they attend after graduation, the awards and scholarships they receive each year, and their performance on standardized tests. In particular, four students have been honored as commended scholars for the National Merit Scholarship, a very prestigious award. Three of these individuals have progressed as a finalist for the award. It is with particular pride to note that approximately 2/3 of our students continue to participate in at least one of the many extra and co-curricular programs that the high school has to offer and that 79% of our graduates went on to postsecondary educational institutions. The following provides a brief portrait detailing post-secondary plans of the graduating class of 2017:

#### **Faculty/Staff Recognition**

It is important to recognize the many contributions made by our staff on a daily basis on behalf of our young people. These individuals work hard to provide an atmosphere conducive to a high level of learning at the high school. We are blessed to have such a talented, diverse and committed faculty and staff.

#### **Farewell**

We offer thanks to the following individuals who left the school last year. We appreciate all that they brought to the school and wish them the best in their future endeavors.

Katy Fernald - Math Lori Fineman - French Heather Ford - Special Education Beth Dilley - Alternative Education Bruce Munger - Technology Judy Richards - Student Success Coordinator

#### Welcome

We are so pleased to have had the following individuals join our team. They bring new ideas and enthusiasm to our strong community.

Tucker Atwood (Math)

Carrie Joyce (Special Education)

David Lane (Special Education)

Tim McKim (Adult Education)

Michelle Merica (English)

Steve Keblinsky (Technology)

Shannon Smith (World Language)

Danielle Stockinger (Special Education)

This has been a fulfilling, rewarding, and challenging year. As always, I appreciate the support from the students, staff, families and greater community. I look forward to seeing everyone at the Annual High School Budget Meeting at 7:30 on April 4, 2018 in the Higgins-Demas Theater on the high school campus.

## **Mount Desert Island High School Trustees**

### MDIHS TRUSTEES' ANNUAL REPORT

MARCH 5, 2018

In accordance with the requirements of Section 2 and Section 8, Chapter 176, Private and Special Laws of 1963, I submit the following report of the Mount Desert Island Regional School District Board of Trustees covering the year ending December 31, 2017.

The following Trustees were serving at the end of 2017, with terms expiring as indicated:

MEMBER	TOWN	TERM ENDS
Sandy McFarland, Chair	Bar Harbor	2020
Robert Jordan, Vice Chair	Bar Harbor	2018
Robert Webber	Bar Harbor	2019
Anthony Smith	Mt. Desert	2018
Heather Jones	Mt. Desert	2020
Mia Thompson	Mt. Desert	2018
Ingrid Kachmar	Southwest Harbor	2020
Steve Hudson	Southwest Harbor	2019
Michael Sawyer	Southwest Harbor	2018
David Campbell	Tremont	2020
Keri Hayes	Tremont	2018
Amy Harper	Tremont	2019

This past year has been especially pleasing to serve our Island communities as one of Bar Harbor's Representatives on the Board of Trustees. The Trustees are a dedicated group of Island citizens willing to offer their time and talents required to maintain, and improve MDIHS facilities, for the education of our youth, and adults, who use the buildings and grounds. Two major projects in 2017 were the replacement of the window walls, etc., and a major paving project as well. These efforts were long over due, and a major improvement for MDIHS.

THE Trustees greatly appreciate the support of MDIHS Staff and Administration, in the challenges presented by these major projects, along with daily needs of providing a quality learning environment. Special thanks to Supt. Marc Gousse, Principal Matt Haney, and members of their staff, for their continuing support of the work of the Trustees, and MDIHS.

Respectfully Submitted, Sandy McFarland, Chairman, MDIHS Trustees.

### **Mount Desert Elementary School**

The Mount Desert Elementary School welcomed 182 students to a new school year this September. From this first day of school, the remarkable Mustang spirit and pride could be seen and felt within our classrooms, music room, playgrounds, fields, gardens, cafe, and in the community. I am proud to be in the midst of my second year as Principal of our school, and honored to be working and learning each day with teachers, and support staff who are such dedicated professionals, and take great pride in their important work of supporting, nurturing and educating our students. Our students are welcomed each day with kindness and appreciation by all adults in our school. Many students begin their day with nutritious and delicious breakfasts served by Chef Emily Damon, younger students settle into their day with morning meetings, and for some, their day begins by checking in with Nurse Wanda Fernald, or our Counselor, Tara McKernan. Often, the sweet sound of the MDES Jazz Band can be heard in the halls. The office is a hub of activity in the morning, as our office staff connect with parents, and welcome guest teachers for the day, and support our 8th grade students as they begin each day with morning announcements. Our collaboration with the Northeast Harbor Library continues to thrive, and this year, our middle school students are also receiving library classes! The care and attention our students receive from all adults in our school community creates a nurturing and engaging learning environment where students feel safe to take risks, persevere and to question. I am so very proud to be a part of such a welcoming, caring, collaborative school community.

Mount Desert Elementary School is home to 182 students in grades K-8. As a part of AOS 91, we are a standards based learning school that believes in educating the whole child. Our staff is comprised of highly skilled, dedicated professionals who are committed to differentiating instruction to meet the needs of all learners from emergent readers to our 8th grade global thinkers. MDES provides all students with the necessary academic challenges and supports, all made possible through collaboration and professional development focused on best practices. MDES was so fortunate this year to welcome Alex Garrett (Middle School Math), Max Mason (Ed Tech), Mariah Baker (1 year, part time, RtI teacher), Cindy Lamber (Technology Integrator), Rhoda Burke (Secretary) and Marina Frederick (Office Manager). We are also thankful to have welcomed back Cecilia Garrity (1st grade) as well as appreciate some familiar teachers in new roles including Julie Bennoch (Literacy Specialist) and Sarah Dunbar (Math Specialist and GT Coordinator). MDES is also so very fortunate to have retired teacher Susan Tripp returning as a substitute teacher, her dedication to the MDES Community knows no bounds.

It has been a remarkable year for our students and it is only February. Our students have shared their great Mustang Spirit through the organization of Book Drives for Houston area schools after the hurricanes this past summer, and through pajama and toy drives. Our middle school teachers have organized and hosted elective classes on Mondays where students explore cooking, working on the yearbook, yoga, fitness, model rockets and our newly formed middle school leadership team meets and the Green Team oversees the recycling program. Our athletes have continued to represent our school with stellar sportsmanship in all sports, and our soccer and girls basketball teams were named conference champions. The MDES Cross Country Team continued to dominate this fall, and under the enthusiastic guidance of Coach Gary Allen, brought home several victories!

We are looking forward to supporting our students who are participating in the collaborative Show Choir with Conners-Emerson, as well as enjoying our MDES Jazz Band performing at Island Jazz Night, and in the district competition. Our 4th and 5th Grade students traveled to the Gulf of Maine Research Center this fall, are regular visitors to Sonogee in Bar Harbor, and are looking forward to another dramatic performance this spring. Middle

school students will be taking part in the Invention Fair this spring, and look forward to collaborating with scientists and community members as they face this fun-filled, critical thinking challenge. As we are currently between seasons now, students are enjoying ice fishing expeditions after school, a creative writing group, cribbage club, and are also looking forward to floor hockey tournaments during the month of March. Student work was also on display this winter at the MDES Art Show at The Northeast Harbor Library and we are all looking forward to Arts Week in April.

We appreciate your support as we share this year's budget, which was created with the intention of supporting valuable programming for our students while being fiscally responsible. There are always differences from the budget created in winter to the version that is voted on at town meeting due to the fact that our increase for health insurance is an estimate until the final figures are provided by Anthem BC/BC (currently budgeted at a 10% increase) and our state subsidy numbers are not finalized until the spring. A facility study committee has been formed to prioritize and explore options for maintenance, repairs and energy efficiencies for our building. Using information provided by a facility study conducted in 2017 by Mike Sealander, we are working on developing a 5 and 10 year plan to guide our next steps.

Many teachers apply for grants through the Astor Grant Program, as well as through our own MDES PTO, to supplement their instruction. I would like to thank the MDES PTO for supporting our teachers and students through the many grants awarded each year.

On a final note, I would like to thank Carol Shutt for her 27 years of dedicated service, inspiration, creativity, and talent she has shared with MDES students, families and staff. We wish her all the best in her retirement.

Respectfully submitted, Gloria Delsandro Principal Mount Desert Elementary School

Left picture: The 8th grade class is sharing ideas for ways to celebrate and promote kindness in our school community. The laughter, giggles and smiles on the faces of the younger students after they received their high fives from our oldest students were priceless. Right picture: School's out for summer! Some of the older students stopped by the Town Office building to wish everyone a great funfilled summer. It was an unexpected "kindness" surprise! Thank you MDES students!

### Mount Desert School Board

Nothing is going to get better it's not, unless someone like you cares a whole awful lot.

Dr. Suess, The Lorax

Dear community members and taxpayers,

We are very fortunate to have one of Maine's best K-8 schools. Principal Delsandro's preceding report outlines what's new, exciting and working well. For the taxpayer, it demonstrates how strong, consistent community investments yield excellent results for our students and society.

Of special note, the tremendous talent, dedication, genuine caring and love our teachers and staff provide every day are essential ingredients. Each staff member strives for continuous improvement, modeling the spirit of learning we work to instill in our students. They deserve the competitive compensation package embodied within the MDES budget, and our heartfelt thanks.

I write this report in the wake of the deadly, likely preventable shooting at Florida's Marjory Stoneman Douglas High School. My heart is heavy for the victims and survivors. I ask myself and I ask you, how can we prevent this here and in communities across the country?

This, from a student survivor: "My parents chose Parkland to settle in because of Marjory Stoneman Douglas's stellar reputation, and because we thought that it was a safe place to live. But that isn't true anymore. The promise of safety and security failed us." <sup>1</sup>

We'd rather not think about this tragic reality, but our children are thinking about it and we must address it.

Among developed nations, the U.S. has far and away the most gun violence. In the six years since Sandy Hook, 290 school shootings have occurred. In addition to mass shootings, these include attempted and successful suicides, and accidental discharges. Since 2013, these shootings average one a week. There have already been 18 this year (as of 2/23). This includes data from Maine.<sup>2</sup>

We educate youth about democracy and the U.S. Constitution. And yet, a debate rages about what the Second Amendment really means while children and teachers are being threatened, injured, traumatized and killed by fellow Americans. The Second Amendment does have limitations, just like our right to free speech. Why does the minimally-regulated proliferation of semi-automatic weapons supersede our society's right to safely attend school, a movie or a concert? These weapons, including semi-automatic handguns, are lethal beyond belief and have no place in civilian life.

Enough.

Let's dig deep into our conscience and find the resolve to change this sad story that keeps repeating itself.

School administrators, teachers and school board members cannot solve these complex problems on their own. I believe we need to start with conversations that extend deep into the community and include students,

87

<sup>&</sup>lt;sup>1</sup> Christina Yared, New York Times Op Ed, February 18, 2018.

<sup>&</sup>lt;sup>2</sup> Sources: everytownresearch.org; Wikipedia.

parents, community leaders, elected officials, gun owners and many others. Much like drug and alcohol abuse (another complex school issue, especially at, but not limited to, MDI High School), the first step is to admit we have the same problem facing just about every community in America.

From these conversations, action must follow. Security doors, gates, cameras, active shooter drills, and police in the schools have their place, but let's not live under the illusion that they prevent horrific tragedies. Columbine, Marjory Stoneman Douglas, Virginia Tech and other schools had gates, cameras and police/school resource officers. Adding more guns to schools and society will just add more risk.

Real solutions will include a ban and recall or buy-back on semi-automatic guns. Why is it more difficult to get a driver's license or get married than buy a gun? Why do we have to register dogs but not guns? What constructive role can the insurance market play in mitigating this problem? Why do politicians who support this madness get re-elected?

Americans like to do it their own way, but we can learn valuable lessons from Canada, Australia, Finland, Norway, Sweden, the United Kingdom and other democracies that are not plagued with the level of gun violence we are experiencing.

I know this is a weighty topic to put forward for public discussion, but I feel a responsibility to put it on the table and work for change. Thank you for the honor to serve our wonderful community as an elected school board representative for the last six years. I'm grateful for the opportunity and pledge to remain an active participant in the conversations and actions I hope our community, state and nation will take to keep people, especially our children, safe.

Thank you for the unwavering support Mount Desert taxpayers provide to our school each year. It is very, very much appreciated – our school and students excel in so many ways, thanks to you.

Yours sincerely,

Caroline M. Pryor, Chairwoman Mount Desert Elementary School Committee

Mount Desert Elementary School

### Mount Desert Youth in Politics - YIP

Mount Desert Youth In Politics (YIP) was formed in 2017, with approval by the Board of Selectman. The goal of YIP is to educate kids about how town government works through mentoring with Town staff, and to give kids a voice in making local decisions.

YIP's first year has been very educational and fun. We learned about the various levels of government (Local, County, State, and Federal). We organized as a committee, and adopted some basic rules of organization. We met with different Town officials and other interesting residents who work in government, including one summer resident who is the executive vice president of the Federalist Society. We met with the Town Manager, several Economic Development Committee members, Sustainability Committee members, the Town Clerk, the Assessor, and the Executive Director of the Chamber of Commerce, among others. We toured Town facilities, and volunteered during the NEH Winter Holiday Festival. We discussed local issues such as: Main Street improvements, year-round jobs, and housing. In the coming year we hope to promote some ideas for more kid-friendly improvements, such as a clean-up day at Suminsby Park, building an ice skating rink in NEH village, and possibly a new playground. Our group is open to all interested kids aged 9 and up, and meets once a week on most Tuesdays after school, at the Town Office.

Respectfully submitted,		
Shepperd Brown - Chair		
Haji Avila - Vice Chair Menton Thomas		
Benton Thomas – Secretary		
Logan Reece – Treasurer		
Penelope Brown, Rykin Hamor, & Thalia Thoma	as - Members at large	

## **Acadia Disposal District**

### 2017 Acadia Disposal District Annual Report

The Acadia Disposal District (ADD) is an independent quasi-municipal, tax-exempt solid waste corporation with its main office located in the Town of Mount Desert. It received its Certificate of Organization from the State of Maine in 2003. The purpose of the ADD is to provide for the cost-effective, environmentally friendly, efficient and lawful management, disposal and recycling of waste materials on behalf of its member towns. The ADD has an adopted set of by-laws by which the district is operated and each member community has signed an interlocal agreement as a requirement for joining. Charter Members of the ADD include the towns of Cranberry Isles, Mount Desert and Trenton; Frenchboro and Tremont have since joined and are active participants. We would welcome additional member communities.

**Board of Directors:** In conformance with the interlocal agreements, the Board of Directors consists of one representative per member town. Each director has one vote regardless of the population or evaluation of the town they represent. We encourage anyone with solid waste related questions or comments to contact their local director. They are:

Cranberry Isles: Jim Fortune at <u>james@cranberryisles-me.gov</u>

Frenchboro: Bob Roxby at <a href="mailto:rroxby@maine.edu">rroxby@maine.edu</a>

Mount Desert: Tony Smith, Chairman at director@mtdesert.org

Tremont: Carey Donovan, Clerk at <a href="mailto:carey3d@gmail.com">carey3d@gmail.com</a>
Trenton: Martha Higgins at atlmainiac@comcast.net

Treasurer, Kathi Mahar: Kathi is also the full-time treasurer for the Town of Mount Desert. She does an excellent job in both capacities, for the Town and the ADD.

**Student Grants:** As reported in the past, the ADD established a student grant program for schools located in ADD member towns. The grant must be applied for before implementation of a project and, there is no deadline for our receipt of an application. We do not have a formal application form but the request for a grant must be made to us in writing. If you have any questions about the grants or the process, please contact Tony Smith at <a href="mailto:director@mtdesert.org">director@mtdesert.org</a>.

Service Learning Committee: We continue to be a member of the regional Service Learning Committee. The Service Learning Committee provides credit to students in grades 7 through 12 who provide or perform services to the schools. We wish to encourage student projects to reduce solid waste both at school and at home. As always, we are happy to provide consultation to students and teachers on the subject of solid waste and its disposal, and, as previously noted, we will provide mini-grants in support of the student projects.

<u>Insurance</u>: ADD purchases volunteer, liability and workers compensation insurance from MMA. We are required to carry the workers compensation insurance even though we do not have any employees. The insurance is to cover any lost time suffered by a volunteer should they be hurt while participating in an ADD function e.g. a Board of Directors meeting, the HHW&UW collection, etc. Each year we receive a rebate from MMA for not having any claims filed against us.

<u>ADD-Ellsworth Regional Recycling Update</u>: The decision by the ADD towns of Frenchboro, Mount Desert, Tremont, and Trenton to participate in our regional recycling program with the City of Ellsworth (City) continues to pay off. The revenue received by the towns from the sale of the recyclables either covers all of their recycling costs or goes a long ways towards paying them.

The program works as follows: residents take their recyclables to drop-off locations in their respective towns. The recyclables are then transported to the Ellsworth recycling center located adjacent to their transfer station near the Boggy Brook area. The City charges the ADD an annual fee of \$26,000 and, as mentioned above, 20% of the profits for our use of their recycling center including handling and selling the recyclables - ADD towns receive the remaining 80% of the revenue generated from the sale and do not pay a per ton fee or access fee to the City. We had never realized this type of revenue before. The additional cost of dumpster rental and hauling to Ellsworth are the responsibility of each town.

Recycling avoids paying tipping fees for the disposal of the same materials as trash of about \$120/ton, a significant savings to each town in avoided costs alone. Recycling revenue for each town varies depending on a number of factors, including population, amount and type of businesses, and the degree to which the town supports and promotes its recycling program. The amount of recycled materials tends to be highest in the July-December period compared to the January-June period due to the increase of people during the summer and fall. Revenue varies with the market for recyclables.

<u>Financial Audit</u>: We had another successful audit, using the services of James W. Wadman CPA in Ellsworth. There had been a miscommunication between the ADD and the auditors back when we decided to not pursue our own transfer facility on the Town Hill lot. The auditors had been carrying technical and legal costs that would have been written off towards the development of such a facility and shown as capital costs. When we explained to them that we were not pursuing a facility, they wrote the costs off in the 2017 audit.

MSW (Municipal Solid Waste) Disposal: Earlier this year we learned that the Fiberight facility in Hampden, which will actually be doing business as Coastal Resources of Maine, LLC, will not be ready on April 1, 2018 as hoped. Issues with the DEP permitting process, a warmer than expected winter that turned the job site into a quagmire of mud making it difficult to work and, problems with the delivery of the building, set the project back. The problem with building delivery is interesting. The building is a preengineered steel building and was to have been shipped in order of being assembled, much like Step 1 do this, Step 2, do that, Step 3 this, etc. For some reason, the supplier got out of synch with the steps and some portions were shipped to the site out of order causing delays. It is back on track now.

Anticipating such a delay, the MRC (Municipal Review Committee) arranged for alternative disposal sites for our MRC members trash. Presently, some towns MSW will be taken to the alternative site at the Norridgewock landfill and some will go to the landfill in Old Town. Some haul distances for some communities are longer than going to Fiberight in Hampden to drop it off; some distances are shorter. The ADD towns will continue to dispose of MSW at the EMR transfer station in Southwest Harbor. Instead of EMR in turn hauling it to Fiberight in Hampden they will haul it to Norridgewock. Longer haul distances typically translate into higher transportation costs. For those towns like ours, whose haul distance is longer, the increased distance to the alternative disposal site will be cost-neutral. These additional costs will be covered by Fiberight and/or the MRC. If they are covered by the MRC, the funds will come from a reserve account set up for just this reason.

2017 HHW & UW Collection Day: The ADD sponsored another successful HHW&UW (Household Hazardous Waste & Universal Waste)\_collection event in September of 2017. The collection was open from 9:00 AM to 10:00 AM for truckloads of materials from the outer islands then from 10:00 AM to 1:00 PM for the general public. Financial assistance from the League of Towns, the great location once again provided us by MDIHS and the roll-off containers once again provided to us at no cost by Gott's Disposal helped make this a very successful event. Materials were delivered to us from the same towns as last year including Cranberry Isles, Frenchboro, Swans Island, Tremont, Trenton, Mount Desert, Southwest Harbor, Lamoine and Bar Harbor. Using the same vendors we have successfully worked with in the past, we accepted:

- 492 units of Household Hazardous Waste items in 2017 compared to 698 in 2016 with one unit being equal to 10 gallons or 40 pounds, as applicable. This was another very high volume and weight single day/single location for the HHW company. The waste materials include oil based paint, turpentine, varnish, stains, auto fluids, paint removers and strippers, swimming pool and photo chemicals, adhesives, solvents, fertilizer, oven and drain cleaner, fungicides, herbicides, pesticides, acids and linseed oil. We do not record amounts of the specific waste material; we estimate the number of units of each.
- The summary of universal waste collected in 2016 and 2017 is shown below. Some of the waste is measured per each item; some by weight. The number of items measured per each stayed about the same, dropping approximately 3.26% by number. The items measured by weight dropped considerably or, approximately 44.76%.

UW Summary	2016		2017	
Item	Units	Weight	Units	Weight

**2018 HHW&UW Collection Event**: This year's HHW&UW collection event location and date is TBD. Apparently for at least the last couple of years it has been held the same day as the Common Ground Fair. We had requests to try to schedule around the fair and hope to do so this year. In 2016 some people waited for quite a long time to dispose of their materials. Last year's traffic pattern seemed to work better. We had a volunteer that was pulling people out of line who only had UW and pointed them in the right direction to drop their materials off. This seemed to help the line move along for those with just HHW or both HHW and UW. Lists of materials that we can accept can be obtained by contacting your local ADD representative shown above. Thank you for your patience!

Town Hill: As touched upon in the audit section above, the ADD decided to not pursue an on island solid waste facility years ago for many reasons. It was decided, however, to pursue the \$350,000 in funding that was set aside by Congress in 1986 to be used towards development of such a facility. Instead of using the funds to develop a facility, the funds would have been used to address other solid waste issues and concerns such as recycling and, potentially to help us through the transition period to Fiberight. Working through our congressional delegation in Washington during 2016-2017, bills were introduced in the House and Senate that addressed a number of issues, including the release of the \$350,000 described above. We recently learned that the language for our interests would probably not be included in the bill. It was considered an "earmark" and would likely not be addressed. We have not had confirmation of this nor have we seen the final draft of the bill. We will let you know when we do.

<u>ADD Website</u>: We are investigating an update and upgrade to the ADD website which has been long unattended. We have spoken with the company that is preparing the new MRC website about this. They are interested in working with us. We will keep you apprised of developments as we move forward.

<u>Summary</u>: In summary, the Board of Directors of the ADD would like to encourage all residents and taxpayers in our member towns to become active in learning about solid waste issues. We particularly encourage our municipal officials and officers to do so. Even though each director works with the understanding that they would like to become the solid waste expert in their community thereby lightening the workload of town officials, nothing can replace firsthand knowledge. Our meetings are open to the general public and are usually held at 9:30 A.M. on the third Thursday of the month in the Somesville fire station meeting room. We have added teleconferencing capabilities to our meetings. The process to attend the meetings via teleconferencing is included at the top of our meeting agendas and here as well.

Dial the access number: 1-800-444-2801
Enter the conference code: 9678291#

• Once the meeting opens, or if you join us after we have started, we ask that you identify yourself so you can be included in the minutes of the meeting.

### **Town of Mount Desert Housing Authority**

## Mount Desert Island and Ellsworth Housing Authorities

80 Mount Desert Street
PO Box 28
Bar Harbor, Maine 04609
Phone 207-288-4770 | Fax: 207-288-4559 | TTY 207-288-4770
Executive Director, H. Duane Bartlett

#### **Annual Report**

#### Town of Mt. Desert Housing Authority

The Town of Mt. Desert Housing Authority provided housing units and rental assistance through its Public Housing Program for over 20 elderly and disabled individuals and families in our community during 2017. All units are occupied, and there is a waiting list of individuals who wish to become tenants.

Regionally, through its Public Housing and Section 8 Programs, the MDI & Ellsworth Housing Authorities assisted over seven hundred individuals and families with rent and utilities in the amount of \$4,139,821.00 in 2017.

The Town of Mt. Desert Housing Authority is very grateful for the continued support it receives from those at the Town Office, from the Police Department, the Fire Department, and the Public Works Department of the Town of Mt. Desert. They all help us to reach our objective of providing safe and affordable housing for members in our community.

Payment in lieu of taxes to the Town of Mt. Desert for 2017 is \$4,216.00

The Mt. Desert Housing Authority Board of Commissioners meets the second Tuesday of each month. The meetings are handicapped accessible and open to public attendance. Please call the office at 288-4770 extension 127 to confirm the date and time of Board meetings as dates & times are subject to change.

The Housing Authorities' office is located at 80 Mount Desert Street, in Bar Harbor, ME. The office is open from 8 a.m. to 4 p.m., Monday through Friday. To contact the Housing Authorities, please call 207-288-4770 or e-mail Executive Director Henry Duane Bartlett at <a href="mailto:duane.bartlett@emdiha.org">duane.bartlett@emdiha.org</a>

Respectfully submitted.

Karol Hagberg, Chairperson Mt. Desert Housing Authority

The Northeast Harbor Ambulance Service Inc., originally part of the Northeast Harbor Fire Co., has been providing emergency medical care to the residents and visitors of the Town of Mount Desert and surrounding areas since 1938.

The Ambulance Service responded to a total of 262 ambulance calls in 2017. Answering these medical calls are a group of 11 Maine licensed Paramedics, 4 Advanced-Emergency Medical Technicians (A-EMT), 10 Emergency Medical Technicians (EMT) and 11 EVOC/ AVOC certified drivers.

2017 proved to be a particularly challenging year for the recruitment of local, year round emergency responders. In order for a small volunteer style ambulance to operate effectively, its staff must live near the station. In the past this was never a problem, because Mount Desert had enough year-round residents and workers to help fill our ranks. As the year-round population has decreased, our pool of potential responders has as well.

In order to address these concerns and continue to provide the quality of care that our community expects the Ambulance Service has begun providing 24/7 paid coverage. This increase in staffing helps to guarantee a timely ambulance response year round. Providing this increased level of response to the town of Mount Desert and Cranberry Isles is drastically more expensive than our traditionally volunteer structure.

Along with the expense of increasing staffing, the Ambulance Service has ordered a new PL Custom advanced life support ambulance to replace its oldest ambulance, which is now 11 years old. This new ambulance incorporates new patient safety features and will be stocked with state of the art medical equipment. The new ambulance is expected to come online in August 2018.

The Ambulance Service would like to recognize John Doyle and Milton "Andy" Horner for their commitment and dedication to our community. John Doyle retired from the ambulance after 34 years of service. John served in many roles including EMT, Advanced-EMT and Board of Director. He was known for always being there to help when there was no one else. John was a huge asset in Seal Harbor and Otter Creek, where he would regularly arrive first to emergency scenes and provided patient care and reassurance until the ambulance would arrive.

Andy Horner was an active member of the Ambulance Service for the past four years. Our membership was deeply saddened when he passed away this summer. Andy was one of our most active drivers and an allaround great guy to work with. If there was a call and Andy was in town, you could count on hearing "921 en route to the station". He enjoyed helping his neighbors and community members in their time of need. The Ambulance Service would like to give a special thank you to John and Andy's family for their contributions to our community and the Northeast Harbor Ambulance.

In addition to providing medical care, the Ambulance Service continues to sponsor an annual blood drive for the American Red Cross and provide free CPR classes to the community. The Ambulance Service also assists local schools with yearly influenza immunization clinics and provides scholarships to MDI High School graduating seniors planning to enter a medical field.

2017 marked the 40<sup>th</sup> running of the Northeast Harbor Ambulance Service Road Race and Family Fun Walk. Participants were rewarded with a beautiful August morning to run and walk along Somes Sound and through the village of Northeast Harbor. Amazing community support and a great group of volunteers continue to make this fundraiser a special end of summer tradition.

The Northeast Harbor Ambulance Service would like to thank everyone who donates time and money to this organization. With your support, we are able to continue to provide the highest quality medical care without having to ask for taxpayer money.

Respectfully Submitted,

Basil Mahaney, Service Chief

### **Northeast Harbor Library**

I am pleased to report that 2017 was another busy, productive year at the Northeast Harbor library. Thank you again to everyone who supported us this past year, either monetarily or by volunteering.

This year were named one of America's "Star Library" by the American Library Association's Library Journal. This designation is based on statistics for circulation, digital downloads, library visits, program attendance and public access computer use per capita. Of the 7,409 libraries that qualified only 259 were awarded stars and only 5 libraries were awarded stars in Maine. This wouldn't be possible without our library staff and library supporters.

In addition, we have an extensive archive collection which also houses the municipal records. We have requests all year long and are now focusing on digitizing our collection.

We serve as the school library for The Mount Desert Elementary School and classes from Kindergarten to 8<sup>th</sup> grade come each week.

We have a scholarship program which is funded entirely by donations and endowment income. This year we gave out \$ 2,000.00 per student and awarded 43 scholarships. The students are from Mount Desert and the Cranberry Isles.

The library employs 4 full time and 5 part time staff. The library is open 6 days a week: from 9:00-6:00 pm Mondays, Tuesdays, Thursdays and Fridays and is open from 9:00-7:00pm on Wednesdays and 9:00-5:00pm on Saturdays.

The library is fortunate to have 50+ volunteers helping with recycling, working in our book sale room, helping out with our programs, shelving, furniture repair and gardening. The library is governed by a volunteer Board of Directors made up of 23 people.

There is something for everyone at the library and we are truly grateful for all the generous support.

Respectfully submitted,

Eleanor B. Andrews Library Director

## **Somesville Library Association**

The Somesville Library Association has again seen a very good year, with increased circulation, solid attendance, very successful community gatherings, and vibrant children's programs. This is in large part due to the financial support of the larger community, the Town of Mount Desert, and all the work done by volunteers. We are very grateful for the tremendous support we receive.

During 2017 the Library circulated over 1500 volumes of adult and children's books to patrons, and we saw a steady increase in the use of our high-speed Internet capabilities. Most importantly, we finalized our working relationship with The Community School of Mount Desert, to offer supplemental Library opportunities. The school children, from kindergarten to sixth grade, visit the school most Friday afternoons, read to themselves and to classmates, and explore the collections for books to take home. On average, some thirty books are circulated each visit, and the children in the school enthusiastically further this mutually-beneficial relationship.

Although we are only open ten hours per week year-round, we add extra hours during the summer months for seasonal visitors in order to offer additional access to our collections, duplicate books and Internet. We continue to receive highly favorable comments year-round, about both collections and services.

We reach out and make our facilities available to groups and organizations in the community, and have seen a tremendous response to our Soup and Bread evenings. These events have brought in as many as fifty visitors each evening, where a hearty meal of home-made soup and artisanal breads can be enjoyed at the Library, or packed to take home. Visitors have been very pleased by their experiences, and the opportunity to meet friends and neighbors continue to advance the sense of community in the village of Somesville.

Our public children's events, held during the fall, Winter and Spring, included readings, performers, crafts and other exciting programs, and offered welcome changes of pace for parents and children of all ages.

The Library staff continues to acquire and make available wide-ranging reading materials, and we welcome new patrons every month who comment on the excellence of our collections, especially for a relatively small library.

Thomas V. Lange, Librarian

### **Seal Harbor Library**

Since 1891 the Seal harbor Library has provided services to the year round and seasonal Community. The Library continues to add to our collections of the latest bestseller fiction and nonfiction, large print, children, young adult and local interest books. We also have magazines, periodicals, DVDs, and audio books available to borrow. High speed internet access is available to patrons who bring their own computers.

We have long been recognized in the village of Seal Harbor as the repository for local historical items. This past year we have continued to organize and catalog our historical archives and collections with contributions from Patrons and community members accepted and preserved. This is made possible by the generous donation of time and expertise from volunteers and patrons.

We continue to offer numerous Children programs and special events throughout the year and several authors discussions and book signings as well as Book Club that meets once a month in the summer. We hosted several events by the Barn Arts Collective this past year as well as Sea Shanty singalongs with enthusiastic audiences of about 20 children and 20 adults. We continue to see an increase in usage during both the summer and winter months and are planning many of these popular events again for next season.

The Library will host our annual Summer Fair and Book Sale this year on July 28 on the Village Green which is one of our most important fund-raising events that is well attended and enjoyed by everyone. Other fund-raising activities are planned throughout the year to ensure the Library will continue to serve the community for years to come.

From September to June the Library is open on Saturday from 9:00 until Noon. With the help of many volunteers, July and August hours expand to Monday, Tuesday, Wednesday, Friday and Saturday from 9:00 till Noon and Thursday evenings 3:30 to 6:30. The Library also offers home delivery for those who are unable to visit during regular hours. For more information or to volunteer please call 276-5306.

We thank the Mount Desert Island Community for all the generous support that we have received.

Respectfully submitted

Mary Silverman, Librarian

### **Mount Desert Water District**

2017 was a very positive and proactive year for the Mount Desert Water District, a year in which we have made significant inroads into structural improvements to the water systems of the Town of Mount Desert and policy improvements to protect our water resources. With regard to structural improvements, a long awaited project to rebuild the Upper Hadlock Dam was begun in association with Woodward and Curran, engineering consultants. The permitting and planning process for this project will involve the Department of Environmental Protection, Army Corp of Engineers and Acadia National Park. We have installed a new year round hydrant at our Northeast Harbor plant and summer fire water access on Schoolhouse ledge. These additions help provide fire water access to remote areas. Additionally, the water quality to Mount Desert Elementary School was improved by installing a hydrant that can now be flushed on a previous dead end water main.

On the policy front, the Board has developed the Corrosion Control Program for the Drinking Water Program in conjunction with the increased lead and copper testing in Seal Harbor. By the end of the year we achieved reduced monitoring status due to excellent test results in the field. We thank our customers for their help in administering these tests. Paul spoke at the kickoff meeting of the Voluntary Lake Monitoring Program before they began surveying ponds on the Island for invasive milfoil. Mike and Ryan helped conduct the survey in Hadlock Pond, while learning how to identify potential risks and species that can negatively affect our source water quality. This participation helps in our effort to reduce the introduction of harmful milfoil into our water source. In addition, we have revised our Memorandum of Understanding with Acadia\_National Park which was approved by our attorney. Board approval is expected in the first quarter 2018. Lastly, the Board has reviewed Northeast Harbor's Main St. Renovation Proposed Project. This project had not been part of our long term Capital Plan and must receive careful consideration.

We are sad to say that Steve Zirnkilton retired from the Board after serving the District for 13 years. His guidance and collegiality will be missed, and we wish him the best of fortune in the future. In Board elections the following candidates were unanimously elected: Jim Fahey as Chairman, Alan Joseph as Treasurer and Rosemary Matchak as a new Trustee. Finally, the Board wishes to acknowledge the dedication and unwavering support of Paul Slack, Steve Montminy, Mike Olson, Ryan Frati and Natasha Johnson who work tirelessly to keep us on course.

Respectfully submitted, James R. Fahey, Chairman

Management Paul Slack

Trustees: Karen Coombs, Alan Joseph, Manager Stuart Burr, Jim Fahey and Rosemary Matchak

The mission of the Mount Desert Island Historical Society is to foster meaningful engagement with the histories of Mount Desert Island.

Dear Friends and Neighbors,

This year at the Mount Desert Historical Society has been marked by exciting developments in our programs and outreach. We added two new staff positions, a Curator of Collections and a Development Coordinator. We collaborated with our neighboring historical organizations on the first stage of the History Trust, an island-wide effort to preserve and enhance access to our shared history. And finally, we published the 19<sup>th</sup> edition of our historical journal, *Chebacco*, and exhibited new research in the Somesville Museum and Gardens. I hope that you enjoy reading about our work this year and thank you for your support.

**Interpretation:** This year, the Historical Society created three new films: *The Vintage Classroom, Somesville: A Sense of Place*, and *A Challenge to Act: A History of Fishing and Conservation on Mount Desert Island.* We also published the nineteenth volume of *Chebacco*, entitled "Beholding the Past," which tells the stories of fifteen objects from various places and time periods in the island's history. The new edition of the journal complements "*Beholdings: Making Connections with Collections,*" our 2018 exhibit in the Somesville Museum.

Educational and Community Outreach: In the spring, Brendan O'Keefe and Eloise Schultz redesigned our Vintage Classroom program to bring the village of Sound to life, introducing more characters, music, comedy, and the acting skills of the Barn Arts Collective. The interactive performance will be visited by all district third grade classes. In the summer, over 200 students attended National Park Service classes at the Somesville campus to look at the alewife and elver migrations and learn about the natural and human history of Somesville. More than 2,000 people enjoyed the fruits of our annual Strawberry Festival, which we organized with the Seal Cove Auto Museum. And in the winter, we were joined by a crowd of 300 for our Bean Supper and a community panel on local food traditions.

**Research:** We have begun the process of editing *The Champlain Society Logbooks 1880-1889*. With 24 notebooks, more than 1,500 pages of transcribed text, and original photographs, the collection presents both an exciting opportunity as well as a challenge. This winter, we also welcomed the addition of our visiting history scholar, Brittany Goetting, and next year's Eliot Fellow, Daniel S. Soucier. Both are Ph.D. candidates at UMaine and will conduct research at the Historical Society this year.

**Preservation:** HistoryIT completed its survey of island historical organizations for the History Trust initiative, resulting in a comprehensive evaluation of the state of our respective collections. They also developed prototype digital collections, located at <a href="https://www.historytrust.historyit.com">www.historytrust.historyit.com</a>. We look forward to advancing this project, which will ensure the continued preservation and discovery of our history for future generations. This year, we have requested \$2,800 from the Town to support maintenance of the Somesville Museum & Gardens and the installation of our new exhibit.

Sincerely,

Tim Garrity Executive Director

### **Great Harbor Maritime Museum**

The current exhibit, curated by Willie Granston, focuses on 2 artists, Rose Lamb and Henry Wadsworth Longfellow, Jr. who captured the Island's Sense of Place in the 1800s. Seen today, these sketches provide insight into another era but also remind viewers that many locations remain integrally connected to Mount Desert Island's identity today.

Rose Lamb was born in Boston to a prominent family in 1842 and despite her status as a woman was educated like a professional male artist. After her training with William Morris Hunt, she toured Europe befriending Mary Cassatt and Childe Hassam. Lamb started summering on MDI in the late 1860s. While the Smithsonian owns the majority of her papers, including sketchbooks, a small sketchbook she carried during her 1869/1870 visits is in the NEH Library's collection.

"Waddy" Longfellow was the nephew of the poet, graduated from Harvard, studied Architecture at MIT and the Ecole des Beaux Arts and worked for HH Richardson before setting out on his own in 1886. He sailed down east many times; always with a sketchbook and visited MDI often. His original sketchbooks are in the Longfellow House. Their drawings have been made larger for ease of viewing.

Our guest book is filled with names of people from literally all over the USA with enthusiastic comments and lots of questions. I hope your name will be added this summer. Persuading you to visit local museums and Historical Societies is perennial issue for those of us who see you walk by day after day. It is always "there," but our island is blessed with extraordinary culture. Think about making a pledge to yourself to visit them! And take time to read the labels and look at the exhibit during the summer Thursday Evening Gallery Walks and Christmas Festival where it is warm and engaging!

Although this exhibit will be up for another season, they are generally always changing. Come visit! And enhance our history by adding your stories to all the others. And have your picture taken with Mussel Man!

Respectfully and with thanks, Sydney Roberts Rockefeller Chair, Board of Directors

### **Mount Desert Nursing Association**

# **Mount Desert Nursing Association**

COMMUNITY & HOME HEALTH CARE SINCE 1949

M

N

The Mount Desert Nursing Association is dedicated to serving the health care needs of year-round and seasonal residents of Mount Desert Island without regard for ability to pay.

On behalf of the 2017-2018 MDNA Board of Directors, Professional Advisory Committee and the MDNA staff, I submit the following report for

fiscal year January 1, 2017 to December 31, 2017.

MDNA's Annual Town Report is dedicated to Connie Madeira, Lifetime Member of the MDNA Board of Directors. Connie is an inspiration to us and we thank her for her continued support.

MDNA would also like to recognize Connie as she celebrated her 100<sup>th</sup> birthday this year in her Northeast Harbor home surrounded family.

Connie is known for her sense of humor and quick smile.

### **MDNA BOARD OF DIRECTORS**

President: Mazzie Gogolak

Vice President and Treasurer: Richard Fuerst Secretary: Ursula Kelly, PhD, APRN-BC

Board Members: Judith Gilkes Benson, BSN, RN, Martha Bucklin, LCSW-CADC, Debbie Cummings,

Doreen Graves, Marianne Hunt, Jackie Lowe, Nicole McGarr, Sally Merchant, Jerry Miller.

Medical Director: Dr. Julian Kuffler

**Professional Advisory Committee**: Dr. Tanya Hanke, Eric Norberg, RPH, Sid Salvatore, RN, Liz

Oppewall, PT, Sue Erickson, MSW, and Emma Lansing, RN, Community Advocate.

#### Dear Friends and Neighbors,

Last year, I reported that MDNA was in a unique position to provide home health services to the entire MDI community by becoming the only locally operated Medicare Accredited Home Health Agency on Mount Desert Island. We are proud to announce that we have expanded our services to include our neighboring towns and villages, the Cranberry Islands, and Swan's Island. We also succeeded in becoming a CHAP Medicare Accredited Home Health Agency. MDNA staff has worked tirelessly to launch these services and did so in a year's time. This is an incredible accomplishment and it happened in the Town of Mount Desert. And, it just may be that because MDNA is a growing medical hub and is situated in the Town of Mount Desert, specifically in Northeast Harbor, the town's economy may benefit!

The Town of Mount Desert residents used the highest percentage of traditional private pay nursing services:

- 74% private pay nursing visits totaling \$72,000
   Residents paid approximately \$18,000
   Town of Mt. Desert contributed \$29,000
   MDNA subsidized approximately \$25,000
- 100+ free office and off-site clinic visits for blood pressure checks, flu vaccines, blood sugar checks, foot care, suture removal and RN care coordination services.
- 30% of all the Medicare beneficiaries served were from the Town of Mount Desert and received skilled nursing, physical therapy and /or home health aide services. All services subsidized at no cost to patients.
- Residents have also taken advantage of our "Medical Equipment Loan Closet" saving thousands of dollars for residents and other home health agencies in equipment costs.

#### Other services and collaborations:

- Nursing visits for "At Home MDI".
- Palliative Care Group at Mount Desert Island Hospital.
- Hosted an Emergency Table Talk demonstration with island wide members of EMS, Fire, Police, Hospital, and other non-profits along with the Hancock County Emergency Management professionals to provide unification in the event of a natural or man-made emergency.
- •
- In 2017, MDNA staff has grown from five to twenty individuals sixteen of whom live on MDI!

#### MDNA now offers the following services:

Traditional private pay home care services provided by an RN to assist residents remain at home to "Age in Place".

<u>NEW</u> – Medicare Home Health Services for Medicare beneficiaries that require skilled nursing, physical therapy and home health aide home visits per Medicare guidelines.

<u>NEW</u> – Personal Care Attendant Program for those that need personal care and homemaker services to remain healthy and safe at home.

<u>NEW</u> – Free monthly blood pressure screenings at Maple Lane Apartments in Northeast Harbor and Ridge Apartments in Southwest Harbor.

<u>NEW</u> – Flu vaccine clinics in collaboration with Mt. Desert Island Hospital at Maple Lane Apartments in Northeast Harbor and Mill Pond Medical Center on Swan's Island. (seasonal)

In conclusion, MDNA's expansion and Medicare accreditation demonstration period has not come without expense or challenges to provide care for all those in need. We continue to add staffing so that all residents obtain the quality services they need in a timely manner. To accommodate the increasing requests for private pay and Medicare services, the professional payroll has increased substantially. Even though Medicare reimbursement will provide an additional revenue stream to our operational budget, it is not retroactive for all patients served since June 2017. The one-time costs for accreditation are estimated to be upwards of \$240,000 for a period of eight months.

The MDNA Board made a calculated decision to use the organization's savings funds to "invest" in these two initiatives. They believed that achieving our goals would demonstrate to our friends, neighbors and contributors that MDNA was viable and worthy of their support. The goals have been achieved! And, the stage is now set for great work by MDNA!

MDNA appreciates the Town of Mount Desert's dedication to the health and welfare of its residents and we look forward to serving you in the future.

Respectfully submitted,

Elise Allen O'Neil, BSN, RN, Nurse Administrator

### The Neighborhood House

The mission of The Neighborhood House is, "...to serve as the community center for the year-round and summer residents of the town of Mount Desert. The center, along with its programs, is dedicated to the maintenance and improvement of the community values and spirit of the town. The programs shall not focus on any age group or income bracket within our community; we will provide equally for all."

The 2017 calendar year was by far our busiest to date surpassing 2016. The Neighborhood House offered various youth programs, summer camps, community events, adult and senior activities, fitness programs as well as operation of the public pool during 2017. The multiple programs offered to the townspeople were of great benefit; however just as important was the sense of community The Neighborhood House provided through its activities and by making the building available to all for a variety of functions.

For our young population, the Youth Club after school program entered its twentieth year. "Gus" the 15-passenger bus allowed us to provide free transportation from the elementary school to The Neighborhood House each afternoon. Also offered were youth sports such as soccer and basketball which were run by a dedicated group of volunteers; four summer camp programs; and an intensive basketball camp for those of middle and high school age.

Our adult citizens enjoyed the community fitness room, Active Older Adults group, personal training, yoga and indoor cycling classes. The "Community Café" continued to be incredibly popular with our biggest crowds in 2017 with one hundred plus residents regularly coming for lunch with neighbors. The Café also became an important outlet for volunteering.

We also offered our large-scale community events. The Father-Daughter Valentine Dance drew a crowd filling the Great Hall. The Memorial Day BBQ on the town green attracted a few hundred people. The "Bash at the Boatyard" and the annual Bike Parade drew crowds in July. In August The Neighborhood House partnered with the Northeast Harbor Library to host a free performance by The Barn Arts Collective for the community. In October, The Neighborhood House served as the starting and hospitality point for the MDI Half Marathon. Later in the month, the "Trick-or-Treat Truck" was on the road for Halloween driving to villages in the town for families to knock on "Gus's" door for goodies. Finally, December brought back the Frosty 5K and The Frogtown Mountain Puppeteers for their yearly performance of "The Grinch" in conjunction with the Northeast Harbor Library.

Aside from our own programs, The Neighborhood House prides itself on close collaboration with several organizations and businesses throughout our community. In 2017 we partnered with the Harbor House and YMCA for our sports programs. Harbor House and The Neighborhood House were also collaborators administering the MDI Community Campfire Coalition heating assistance program. The Neighborhood House is available and well used by groups such as the Acadia Community Theater, Mount Desert Festival of Chamber Music, Acadia Friends, and local garden clubs to name a few. Furthermore, the building is open to all for weddings, anniversaries, birthdays and other private functions. The Great Hall is also the ideal space for the abundance of art shows, concerts, lectures, and the like. Over 75 of these types of events occurred at The Neighborhood House during 2017.

Respectfully submitted,

Anne-Marie Hart Executive Director

## **MDI Campfire Coalition**

Keeping neighbors warm this winter.

The MDI Community Campfire Coalition's mission is simple; to provide heating assistance to families in need on Mount Desert Island, Swan's Island and the Cranberry Isles.

The Coalition began in 2008 and is a collaboration between the Harbor House and The Neighborhood House with support from other non-profits, churches, town governments and various community and civic organizations.

Providing heating and weatherization assistance, education and a helpline, the Coalition aided 78 households during the 2016-2017 heating season. In fact, since its inception, over 1,100 homes have received assistance.

Qualifying households receive 100 gallons of fuel or the equivalent in electric, kerosene, propane or wood. The threshold for help is 220% of the national poverty level. Many people at this income level are working minimum wage jobs and are ineligible for government benefits. The program does not replace government assistance through the Low Income Home Energy Assistance Program (LIHEAP).

To qualify, an individual or family must complete an application and provide proof of income. All applications and correspondence are confidential. Applications are available in town offices, libraries, at The Neighborhood House in Northeast Harbor and Harbor House in Southwest Harbor.

The Coalition is solely dependent upon private donations, grants and appropriations from all four towns on the island. Every penny received purchases fuel oil or the equivalent in alternate heating sources. There are no administrative costs taken by either Harbor House or The Neighborhood House for their management of the program. This is truly a very simple concept and successful effort.

Respectfully submitted, Anne-Marie Hart Executive Director The Neighborhood House On behalf of the MDI Community Campfire Coalition

### Mount Desert Chamber of Commerce

Mount Desert Chamber of Commerce & Mount Desert Events Subcommittee

In 2017 the Mount Desert Chamber of Commerce finalized taking over the responsibilities of the Mount Desert Events Subcommittee. This includes selecting and managing the summer movies and other summer events, creating and distributing an event rack card, and the Christmas Festival. We were also responsible for updating the Town Wayfinding Map, printing and distributing the Town Brochure throughout the state, and promoting Town events on our website and social media.

This year's Annual Christmas Festival drew record crowds throughout the day. Hundreds of community members came out to run in the Frosty 5K, shop for presents from our local merchants, go to Santa's Workshop at the Neighborhood House, ride the horse-drawn carriage around Main Street, and of course see Santa and Mrs. Claus come in on the Sunbeam. The Chamber also sponsored a frequent shopping and dining card that ran from November 1<sup>st</sup> to the day of the Festival. Over 40 participants turned in a card. Winners were selected at random and receive gift certificates to our local merchants.

In 2017, the Visitor Center in the Marina was open seven days a week from Memorial Day to the Sunday of the MDI Marathon. The Center's welcome staff, Steve Ashley, Stuart Burr, Melanie Case, Deborah Crooks, and Miriam Pyle greeted over 21,000 visitors, a substantial increase from 2016. We also added year-round, free public, high-speed Wi-Fi to the Visitor Center so that everyone in the Harbor will have access to the internet.

The Chamber grew its membership to 100 businesses and nonprofits last year. This is a 20% increase over 2016. We also began working on increasing the services offered to our members, including social media promotion, new advertisement opportunities, and networking events. As we continue to grow our organization, we will continue to expand our offerings.

The annual support from the Town of Mount Desert is much appreciated and is vital to the work the Chamber does. The Town's generous support has allowed the Chamber to fund a part-time Executive Director, who is already making great headway in building a sustainable organization to promote the businesses and nonprofits of the Town. The momentum gained from the town appropriation funds has helped us become a stronger, more sustainable organization, better suited to help the Town of Mount Desert grow and prosper.

We look forward to the 2018 season and are ready to help support our community in its continued efforts to build a strong, sustainable, year-round economy.

Respectfully submitted,

Tom Reeve

Executive Director, Mount Desert Chamber of

Commerce

## Seal Harbor Village Improvement Society

One of my major objectives when I took over the VIS presidency was to raise awareness of the organization's rich history and the essential role it plays in preserving the beauty of our village. To that end, this summer we accomplished a lot. In late July, we launched the Seal Harbor VIS website. Thanks to Karen Zimmerman of Z Design in Bar Harbor, the site provides an online resource for the VIS. Moreover, we can now accept online donations and have received a steady amount each month. I encourage you to visit and explore the site at <a href="www.sealharborvis.org">www.sealharborvis.org</a>. In addition, we also moved forward on two wayside informational signs, which were also designed by Z Design. The signs were installed on the Green by the Abbey Chapel and down by the beach parking lot in late September. Larry noted that within the first day of installation, visitors to both the beach and green were seen reading the signs. While these two projects were one-time added expenses, I believe they will go a long way to our goal of promulgating the essential role the VIS plays in our community.

Like much of MDI, summer was a very busy time for all of us in Seal Harbor which means the VIS was hard at work tending to the areas under our purview. The unusually warm weather Maine experience last fall made it feel more like summer and this was particularly true in Seal Harbor. While our able employees Larry, Lisa Taylor and Karrie Alley were hard at work on fall projects like extensive pruning and other seasonal clean up duties, a steady and sizeable stream of visitors to the beach added immensely to their workload. The higher than usual volume of beach goers meant more time dedicated to maintaining the beach, the lot, and the comfort station. Such news serves a reminder that, while summer is definitely busier for us, the vital work of the VIS goes on unabated throughout the year.

### Larry's Detailed Report of Seasonal Duties

Spring: Cleaning winter sand, debris and garbage from lawns and parking lots, sidewalks, around the Firehouse, monument circle, library, and all the way around the village green as well as leaf blowing and removal at all the properties that we maintain. Maintenance on all equipment is done to prepare for the season. Opening and checking water lines for restroom, gardens and The Green. We check the trails that we maintain, as well as cut and clean up blow downs. We clean the beach from winter seaweed and debris, mulch all trees on the green and clean up grounds around the restrooms.

<u>Summer</u>: Fertilizing, mowing and weed whacking of lawns, blowing debris, and cleaning Comfort Station, removing garbage on the beach and at the parking lot are done daily and sometimes two times a day. The rose bushes in the Beatrice Farrand Garden were pruned and the area is weeded, fertilized and mulched as needed.

<u>Fall</u>: Fall cleanup of all the properties that we maintain. Winterizing of equipment as well as shutting down the restroom and anti-freezing pipes is done. Work on the trails and repairing bridges if needed or building new bridges.

<u>Additional work</u>: Karrie and I did a large cutting and pruning around the triangle by the Firehouse. I also have been doing work for the Land Preserve, including designing and manufacturing trail signs. Currently, we are taking advantage of the good weather to cut back a lot of brush, alders and weeds building up along the beach.

<u>Community Events:</u> The Village Green is used for the Union Church Fair and the Seal Harbor Library Fair and book sale. I have to re-mow for the day of the event. After the events I have to re-rake the traffic areas to bring back the grass. Lots of times I have to re-fertilize."

- Larry Taylor, Chief Facilities and Grounds Manager, Seal Harbor VIS

While the response to the website and new signs have been very positive, I believe there is more we can do to let people know what the VIS does for the community and how vital the needs are for resources. In July of 2016, we hosted a VIS cocktail party which was a big success. We welcomed more than 70 guests (both year-round residents and summer folk) on a beautiful evening at the Yacht Club and there was a tremendous amount of enthusiasm throughout the event, followed by a lot of positive feedback. We plan to host another event this summer

Whenever I pass the beach and the Green and see it in full use, I am reminded of the reasons why the VIS is so essential. With the weather in Maine being as fickle as ever, having Larry and the VIS watching over the lands, beach and monuments means a lot to our residents and many visitors. It has been an honor to be a part of the Seal Harbor VIS and I'm grateful for the support of so many in our community. I look forward to building on the success of this year and ensuring the strength of this essential organization.

Sincerely,

Alex P. Stephens, President

Seal Harbor Village Improvement Society

# **Aid Society of Otter Creek**

Aid Society of Otter Creek, Maine

The Aid Society of Otter Creek, Maine is a community organization that serves primarily as a village improvement society. Incorporated in 1901, the Aid Society was responsible for the Otter Creek Church (currently referred to as the Otter Creek Hall) and the Neighborhood House which was burned in 1993 during a fire training exercise. The Society currently maintains the Otter Creek Hall which serves as a community center, and provides limited support to village residents in need.

On behalf of the Aid Society, I would like to thank the Town of Mount Desert for its generous support of our mission to improve the Village of Otter Creek and promote a sense of community. A few years ago, a grant from the Maine Community Foundation allowed us to have an architectural assessment carried out on the Hall to determine what work needed to be done to restore the building to its original state. Using this document, and with partial funding from the town, we have replaced the roof, installed a new furnace and upgraded the electrical system. Last year, we undertook to convert the unused lot directly across the street into a veterans memorial park in honor of those that have served in the military since the founding of our country. We are currently seeking funding for the construction of a parking area that will allow handicapped access to The Hall, and although we have a long way to go, we are making progress.

The Aid Society of Otter Creek Maine is located at 82 Otter Creek Drive, Mount Desert, Maine 04660. For questions regarding use of the building for events, please email <u>jbmacauley3@gmail.com</u>

Respectfully submitted,

John B Macauley, President

Aid Society of Otter Creek, Maine

# Somesville Village Improvement Society

February 2018

Somesville Village Improvement Society Mount Desert, ME

On behalf of the Somesville Village Improvement Society, I would like to thank the Town of Mount Desert and our residents, both local and seasonal, for their support.

The Somesville Village Improvement Society has had a busy and successful year. We cleared several vistas on Somes Pond, Echo Lake, and throughout Somesville, itself. We supplied the flowers in the boxes on the bridge over the Mill Pond and the planter at the intersection of Routes 102 and 198. Our famous Thaddeus Shepley Somes Memorial Bridge was repainted to showcase the American flag as well as a holiday wreath. We erected signs on both ends of Somesville welcoming folks to our village. In October we held a public program in memory of Linda Smith Savage, long time president of the Somesville Village Improvement Society and resident and friend of Mount Desert. A bench was dedicated to her at Pond's End. We look forward to the 2018 season and to helping to continue to keep Somesville beautiful for all who travel through our historic village.

Respectfully,

Mady Allen, Secretary

Somesville Village Improvement Society

### SUMMER RESIDENTS ASSOCIATION

The mission of the Summer Residents Association (SRA) of the Town of Mt. Desert is to provide an effective means of communication between the summer residents and the town leadership on issues that concern the current and future well-being of the Town. The SRA Board of Directors seeks to represent and to keep the summer community informed of, and involved in, the Town planning process on current and future issues. The SRA has a board representing most villages in the town Mt. Desert.

The Summer Residents Association seeks to be the timely and constructive voice of the summer residents with Town government, working closely with Town leaders to preserve and protect the unique character, culture, environment and quality of life in the Town of Mt. Desert.

In 2017-2018, in pursuit of our mission, the SRA supported several goals of economic development through Town of Mount Desert Economic Development Committee efforts. Of particular note was the establishment of the Town of Mount Desert Economic Development Corporation (a 501(c)(4) and the Town of Mount Desert Community Development Corporation (a 501(c)(3). These corporations are private but have two members of the Town's Board of Selectmen and the Town Manager on the board as ex-officio members. Both corporations will be funded with private donations, grants and some municipal support. The first project the MDCDC is working on is the Promenade Park that was envisioned in phase 2 of the Northeast Harbor Village Center Plan. This linear park would run along the bluff overlooking the harbor at the edge of the Gray Cow Parking Lot.

Additionally, our two 2017 summer meetings of membership and local leaders continued to highlight community issues, including village revitalizations projects on Main Street, affordable village housing, broadband expansion to our town, and overall economic development improvements in retail and tourism. Presentations were made by the Town of Mount Desert Manager, Economic Development Consultant, Broadband, MDI 365, Island Housing Trust, and Village Revitalization Project Consultants.

SRA newsletters are available online: www.mtdesert.org/Public Documents/MtDesertME SRAnews/

The 2018 SRA meetings on July 18th and August 22<sup>nd</sup> are open to the whole community, and we encourage you to attend and provide your feedback.

Respectfully submitted,

## **Town of Mount Desert Economic Development**

### 2017 FCONOMIC DEVELOPMENT COMMITTEE REPORT

Concern about the vitality and sustainability of Northeast Harbor, the town of Mount Desert's commercial and governmental center, began in 2010 with the creation of the Town of Mount Desert Revitalization Committee. This committee was a partnership between members of the town's year round population and the Summer Resident's Association. Both constituencies were worried about the health and long-term sustainability of the community and its businesses. In the spring of 2012 this committee recommended engaging an outside expert in revitalization "best practices" to study the problem and in June hired the Urban Land Institute (ULI) to undertake a Technical Assistance Panel (TAP) study focused on identifying opportunities and strategies for revitalizing Northeast Harbor's commercial center, leveraging recent investments in the Marina, and creating opportunities for the development of affordable housing.

After several months of study, the TAP report recommended a "basket" of actions to address Northeast Harbor's identified issues. These recommendations included:

- Make Northeast Harbor a "beehive" of activity
- Capitalize on Marina Improvements
- Add Amenities and Animation to Main Street
- Enhance and Leverage Historic Assets
- Strengthen the Commercial Core
- Provide a Spectrum of Year-Round Housing and Increase the Supply of Affordable and Market Rate options
- Identify and Effectuate Catalytic Projects
- Pursue Institutional Opportunities and Partnerships

•

In addition, the report recommended that the town hire an economic development facilitator or director to assist the town in these efforts.

In the spring of 2013 the Mount Desert Revitalization Committee became the Town of Mount Desert Economic Development Committee and in July they hired a part time economic development consultant to assist the committee in implementing the recommendations outlined in the ULI TAP study.

Initial efforts by the Committee focused on supporting struggling businesses on Main Street with improved marketing of the village and its businesses, better business directory and visitor signage and working with tourism outlets in Bar Harbor to increase Northeast Harbor's visitor base. An outdoor movie program was established on Northeast Harbor's Village Green to attract more people to the village center and a town Event Committee was established to begin the process of making the village the "beehive" of activity envisioned in the TAP report.

Since 2013 this Committee has continued to expand its efforts to support business expansion, improve community services, and spur private investment. These efforts have included:

- Improved marketing of the town through the creation and distribution of a Town of Mount Desert brochure and a town event rack card. In addition, a TV ad was created and aired in statewide markets
- Amended town ordinances to expand business opportunities by creating options for mobile food vendors to operate in town and to allow for better visitor signage.
- Worked with the Town of Mount Desert Chamber of Commerce to expand its membership and services and to improve its website. In 2016 the Chamber was able to hire a part time executive director and take over all marketing and event efforts for the town.
- Sponsored major town events such as the Town of Mount Desert antique auto shows in 2014 and 2015, the very successful visit of the schooner Lynx, village concerts, community suppers, fairs and dances. These efforts were designed to increase tourism and engage local residents.
- Established the Town of Mount Desert Facebook Page to increase the town's social media presence and to communicate more effectively with residents and visitors to our villages.
- Worked with Tilson Technologies to create a broadband plan and network design for the Town of Mount Desert that would provide state of the art Internet capabilities for the entire town. This project led to the establishment of a local Broadband Committee, which recently received a \$100,000 grant from the State of Maine. This funding, combined with recently approved local funds, will provide improved broadband services to over 300 households in Somesville and Pretty Marsh.
- Created the Northeast Harbor Village Center Plan. This conceptual plan outlines improvements to
  the village's appearance and functionality and will add amenities and animation to Main Street and
  improve circulation within the entire village core. Research shows that public investment in a
  downtown improves visitors' perception of an area and increases the level of private investment in a
  community. Final design of phase 1 of this project was approved at town meeting in May of 2017
  with construction funding on the warrant for this year.

The success of these efforts can be seen throughout the village. Over the past three years, the number of shops and restaurants in the village core has increased. Swallowfield, Maine Gifts from the Sea, and Sweet Soles have all opened during this period and four new restaurants, The Fork and Spoon, 123 Main Street, the Sea Street Cafe and the Tan Turtle Tavern are now available. This coming summer, Abel's Lobster Pound will re-open and a new offering, Main Street Mercantile, will join Main Street. In addition, two food trucks now operate in the marina area and McGrath's recently received a major renovation to expand its business offerings. Between 2013 and 2016 total taxable retail sales in the Town of Mount Desert increased 30% for food sales, 17.6% for retail sales, 41.6% for restaurants and 33.8% for lodging.

Efforts to address the village housing shortage are also being made. Both the Island Housing Trust and Mount Desert 365, a new, local 501(c) (3), are focused on providing affordable workforce housing. Several properties have been acquired in Northeast Harbor and plans are being made to build additional units within walking distance of the village.

The next step is to provide greater support for the business community and groundwork has been laid to tackle this need. In the spring, the town's Economic Development Committee registered a 501(c) (4) organization called the Town of Mount Desert Economic Development Corporation (MDEDC), which will focus on business retention and attraction. This private, non-profit corporation will support business expansion and improvement and entrepreneurship through grants, loans and technical assistance. It may also partner with others to expand the availability of commercial space in the village. Funding for these efforts will come from grants, private donors and municipal investment.

The Economic Development Committee also registered a 501(c) (3) organization called the Mount Desert Community Development Corporation (MDCDC). Its mission is to improve the vitality and livability of the Town of Mount Desert through enhancement of public spaces, infrastructure improvements, the preservation of historic structures and other efforts that will improve the shape and character of the community. This private, non-profit corporation is currently working to implement several community improvement projects that were identified in the recently adopted Northeast Harbor Village Center Plan. Funding for this organization will also be from grants, private donations and municipal investment. All donations to this corporation will be tax deductible.

The Economic Development Committee is committed to revitalizing the town of Mount Desert. They will partner with the MDEDC and the MDCDC as needed to create and support projects. Private support of these efforts is essential. Both year round and summer residents are urged to learn more about these initiatives and support them in ways that ensure their success.

Working together we can attain our goal of a healthy and revitalized village.

Respectfully submitted,

**Economic Development Committee**

### Land and Garden Preserve

The year 2017 brought significant change to the Preserve and to the citizens of Mount Desert Island with the loss of David Rockefeller, Sr. in March at the age of 101. Everyone who knew Mr. Rockefeller, or knew of him, was familiar with his graciousness, generosity, and his love of Mount Desert Island. His passing certainly leaves a void, but his legacy of environmental stewardship lives on through his gift of land to the Preserve.

In his will, Mr. Rockefeller made bequests to various nonprofit organizations, including the Land & Garden Preserve. In late December 2017, we took ownership of several properties including the historic Abby Aldrich Rockefeller Garden in Seal Harbor. Set within acres of moss-carpeted woods on the former summer estate of John D. Rockefeller, Jr., this garden was created between 1926 and 1930 by Abby Aldrich Rockefeller and noted garden designer Beatrix Farrand. In 1961 David Rockefeller, Sr.'s wife Peggy took on responsibility for each year's design of the flower beds. After Peggy's death in 1996 her daughter, Neva Goodwin, continued the tradition. This responsibility has subsequently been passed on from Neva to the Preserve's Manager of the Abby Garden, Cassie Banning.

During Mr. Rockefeller's lifetime, he opened the Abby Garden—his private garden—to the public for several hours on Thursdays. With the transfer of ownership to the Preserve, we are committed to continuing that tradition. Consistent with our non-profit mission "to share the beauty of historic lands and gardens on Mount Desert Island," our goal is not only to continue public access to the garden, but to expand it.

We are working on a visitation plan for the Abby Garden that will be rolled out in the spring of 2018. We will publicize the plan on our website and Facebook page, as well as in the local media. Constituents in our database will receive letters and emails.

The number of visitors to the Abby Garden will be limited to ensure the quality of each visitor's experience and to protect the wellbeing of the garden. Visitation will be by reservation only through the Preserve's website at www.gardenpreserve.org beginning June 1, 2018.

The Preserve is honored to be the steward of three beautiful gardens and acres of natural lands. We are delighted to be able to share them with you, the residents and visitors of Mt. Desert. The Asticou and Thuya Gardens are open seven days per week during daylight hours from May through October. The lands and trails around Little Long Pond can be enjoyed year-round during daylight hours. The Abby Garden is open from mid-July until early September. As a reminder, we will be announcing these visiting hours in the spring of 2018.

Respectfully yours,

Rodney Eason, CEO

# **Island Explorer**

During the 2017 season, Island Explorer carried 581,305 passengers, a record high for the project. As a result, nearly 230,000 cars were removed from the road. Island Explorer is a partnership operated by Downeast Transportation, Inc. with municipalities contributing roughly 5% of the funding, rider and local donations 2%, LL Bean 17%, and our federal and state partners 17%. The lion's share of Island Explorer funding comes from Acadia National Park which provides about 60% through park entry fees.

Photos provided by Land and Garden Preserve

### **Island Connections**

### Our Mission

Island Connections provides free transportation and other services to seniors and people with disabilities from Mount Desert Island and the surrounding islands to enhance their independence and quality of life by utilizing our core group of dedicated volunteers.

Services provided to our island neighbors include: Transportation for seniors and people with disabilities to scheduled medical, dental, chemotherapy, radiation treatments, dialysis treatments, mental and physical therapy, dental and eye appointments as well as grocery shopping, food pantries, banking visits, exercise classes and other various trips and other appointments, rides to Birch Bay Village Adult Day Program, and community centers (Neighborhood House, YMCA, and libraries) as well as be the "wheels" for the Meals on Wheels program provided by the Mount Desert/Ellsworth Housing Authority to homes three days a week. We also have the ability to transport wheelchair bound residents with our wheelchair accessible minivan.

When working families and friends are unable to provide transportation to the doctor, grocery store or pharmacy, Island Connections is there to do so. During the past 12 months, Island Connections provided approximately 3,656 appointment trips for a total of 35,000+ miles driven by our volunteers; delivered close to 13,000 Meals on Wheels, as well as organized and collaborated on events attended by many island wide neighbors, residents and volunteers.

As MDI's population ages and with the increased numbers of baby boomers retiring, Island Connections is receiving and will continue to receive requests more than ever. Quite often, the need is for an in town round trip drive to a health care appointment or grocery store. Island Connections matches Neighbors' requests with our volunteer drivers' availability and geographic preferences. In addition to your financial support, offering your time as a volunteer driver is equally valued.

We thank the people of the Town of Mount Desert for your support.

Sincerely,

Doreen Willett Executive Director

## **Bar Harbor Food Pantry**

To the residents of Mount Desert,

The Bar Harbor Food Pantry has had another year of growth in the number of clients we are serving.

We served 405 households, which represents roughly 900 individuals for the year of 2017. These households used the pantry on a regular basis. This was an increase of 25 households from 2016. Of those, 31 households or 70 individuals are residents of Mount Desert.

We received a \$1,000 grant from Mainers Feeding Mainers that allowed us to purchase fresh local produce for our clients through Beech Hill Farm. We have continued to participate in the statewide food recovery program with Hannaford and Good Sheppard Food Bank that supplies us weekly with bread and frozen food items.

We had a successful fundraiser this year in partnership with the UMaine Hockey team at Kebo golf course. Through our Fairways Fore Food tournament we were able to raise roughly \$4,700 to go towards the purchase of food items. We increased our revenue by \$1,000 in 2017.

A generous donor enabled the pantry to run a Matching Fundraising campaign. A donor will match up to \$5,000 in donation from Oct 1<sup>st</sup> to Dec. 31<sup>st</sup> of this year. All funds were raised for this match.

Serendipity, the BHFP's fund raising resale clothing shop, had another successful year of business bringing in almost \$35,000 in profit, after store expenses to help support the budget of the food pantry. Serendipity is a valuable community resource providing a place to recycle quality clothing and purchase practical items at low prices. The store received a \$5,000 grant that will be used for interior store improvements. The store is entirely volunteer staffed and open year round, but overseen by the Executive Director.

Our greatest source of funding however is from the support of Mount Desert Island community through donations. The support from individuals, town funding and local businesses makes up roughly 90 % of our annual operating budget of \$180,000 yearly. We rely heavily on your continued support.

On behalf of those that benefit from the services we provide, thank you! We could not do the work we do without the support of the Mount Desert Island community and generous town of Mount Desert.

Best Regards,

Jennifer Jones Executive Director

# **Hospice Volunteers of Hancock County**

# ~ Volunteer Service since 1980 ~

14 McKenzie Avenue ~ Ellsworth, Maine 04605 207-667-2531 - Fax 207-667-9406 e-mail: info@hospiceofhancock.org www.hospiceofhancock.org

~ Volunteer Service Since 1980 ~

January 29, 2018

Dear Residents of the Town of Mt. Desert,

Thank you for your continued partnership with Hospice Volunteers of Hancock County in providing important services to your neighbors in Mt. Desert! Your support is much appreciated and allows us to offer our services free of charge to those in need of our care.

As Hospice Volunteers of Hancock County recognizes 37 years of service to our neighbors, we remain committed to providing compassionate, professional care:

Our core mission services are offered free of charge and include Patient Care & Caregiver Support, Bereavement Support and Community Education and Advocacy. We also serve the community broadly with our Evensong singers, our Equipment Sharing Program and our Veterans and Caregivers Outreach Program. All of these services are offered without charge and without reimbursement from state or federal programs.

During the past year, the mission services we provided to local residents were extensive:

- Patient Care and Caregiver Support to 165 patients and families, including 11 residents of Mt. Desert.
- Well over 1300 gestures of Bereavement support, including to five residents of Mt. Desert.
- Multiple Community Education programs, including eight showings of the Atul Gawande film Being Mortal, each featuring a local panel of service providers, partnering with 17 community collegial programs, reaching over 350 local residents.

We are happy to serve the residents of the Town of Mt. Desert. Please let us know if there are needs for which you think we can be of service. Feel free to call us at 667-2531.

CARING HEARTS

Bereavement Program

Thank you again!

Sincerely,

Jody Wolford-Tucker, Ph.D.

beford Tucker

### **Downeast Horizons**

### People Helping People

### ANNUAL REPORT TO TOWN OF MOUNT DESERT February 5, 2018

Downeast Horizons (DEH), founded in 1974, is an organization that assists adults and children with disabilities to find support for their individual needs and to exercise choices whenever possible that result in growth toward increasing and maintaining independence. All individuals supported by DEH have developmental disabilities including cognitive disabilities; Autism and Asperger Syndrome; Down Syndrome; and some have multiple disabilities including physical handicaps. We currently provide services to 30 individuals from the town of Mount Desert.

#### PROGRAM UPDATES

MDI Center: The MDI Day Program began a concerted effort this year to give back to their community. One of the projects that they decided to assist with is the Hancock County Meals on Wheels Program, which provides nutritionally balanced, hot meals for homebound individuals. The program is available to homebound individuals 60 years of age or older and to persons with disabilities who are unable to prepare a meal due to physical or mental limitations and have no one to prepare a meal for them.

One of the largest obstacles to this program is finding enough volunteers who are able and willing to deliver these meals. I am proud to report that each week; Downeast Horizon's staff and program participants are volunteering to help out, and can be seen delivering these meals in Hancock County. Through this experience, our staff and participants are given a wonderful opportunity to perform safety checks on people who often have few, if any, individuals checking in on them.

The Ellsworth Center: Our Expeditions Group continues to expand rapidly. This group was developed for active individuals who focus on youthful, fun, and enriching activities while developing independence. The group is often seen throughout Hancock County having a wonderful time while exploring and giving back to their community.

The Brewer Center: Our Bangor program crossed the river and into their new home. The move took place at the end of June, and programs resumed the first week of July from the Brewer Center. Staff and participants helped pack and unpack into the new building, and continued to help with decorating and finalized details. Although the building was not 100% completed the first week of July, both staff and participants were very flexible and understanding as the contractors finished up last-minute details. An official grand opening was held on August 17th. The adult participants took part in the celebration by offering tours and answering any questions visitors may have had.

The vision for the Brewer Center includes adding two more community support groups: a group for individuals with more profound physical disabilities, and an evening style program similar to the group in Ellsworth. Expectations for growth are high in Brewer; we hope to double the number of adults served over the next two years.

### CAPITAL IMPROVEMENTS

Downeast Horizons continues to maintain and enhance our facilities. In 2016, we hired a contractor who worked with our maintenance staff to complete the additions to Hancock House and our Union Street home. These additions will allow us to change each of these non-licensed, two-bed homes to licensed, three-bed homes, and thus afford us the opportunity to add another resident to each home as needed. In most cases, adding an extra bedroom, bathroom, and family room will enable us to help one additional person without substantially increasing our staffing costs. The cost for the renovations for both homes was almost \$200,000. These renovations are directly related to the generous support we receive from our donors, and without this support these vital upgrades would not have been possible. Over the next two years, we will continue to focus on renovating homes when possible, improving energy efficiency, and enhancing the safety at all of our locations.

### EMPLOYEE RETENTION

Downeast Horizons recognizes that the quality of the care given to its program participants depends largely on our Direct Care Professionals. Therefore, DEHI continues to invest in our employees. Over the past two years, DEHI has provided our direct care employees annual raises of up to 3 percent and a holiday incentive of up to \$500 per employee. DEHI has been able to do this by continuing its philosophy that we should operate within our current funding and not borrow on the future. Thus, as an agency, Downeast Horizons has very little long-term debt and continues to have the resources to invest in our employees, while similar agencies have been forced to freeze wages and cut benefits.

Downeast Horizons' full-time employees receive the following benefits: annual performance-based raises; 10 paid holidays per year; a retirement plan with matching contributions of up to 5%; dental and life insurance; and paid time off.

In 2016, in an effort to attract and retain employees in the Children's department, we increased our Children's starting wage from \$10 to \$11 per hour. By doing this we have been able to recruit additional Children's workers and help additional children. Downeast Horizons also increased the starting wage of our Adult Direct Care Professionals. It is our commitment to our workers that has enabled DEHI to have one of the lowest employee turnover rates in our area. Throughout the state of Maine our business workforce has an annual turnover rate of 41%. Downeast Horizons' employee turnover rate is currently at 21%, and out of our 160 employees, 51 have been with the agency for more than 5 years. We are grateful for these dedicated employees and look forward to 2017.

The \$5,600.00 generously given by the citizens of Mount Desert in 2017 assisted in paying for safety/health building maintenance and repairs; staff training; and client motivation activities. In 2018, DEH will continue to target funds from the towns and individuals for these items.

DEHI is grateful to the town of Mount Desert for its long-time support and respectfully requests a continuation of that support in FY2018.

### State of Maine Office of the Governor

STATE OF MAINE
OFFICE OF THE GOVERNOR
I STATE HOUSE STATION
AUGUSTA, MAINE
04333-0001

### Dear Citizen of Mount Desert:

For the past seven years as your Governor, my priority has been to make Maine—our people—prosper. Helping you keep more money in your wallet by reducing taxes has been part of that mission.

Too many Maine families are facing skyrocketing property taxes that strain household budgets. Our elderly on fixed incomes are particularly vulnerable to these increases. School budgets are often blamed for annual increases in property taxes. But there's another reason. A tremendous amount of land and property value has been taken off the tax rolls, leaving homeowners to pick up the tab.

As of 2016, towns and cities owned land and buildings valued at nearly \$5.5 billion statewide. Large and wealthy non-profits, such as hospitals and colleges, often escape paying property taxes on their vast real estate holdings—totaling more than \$5.1 billion statewide.

In Maine, nearly 2.5 million acres of land have been set aside for conservation by the federal and state governments and non-profit organizations, including land trusts. Municipalities are losing out on property taxes on an estimated \$2 billion in land that has been either removed from the tax rolls or prohibited from development—shifting the cost of municipal services to local homeowners through higher property taxes.

It's time to recognize the results of taking property off the tax rolls and identify solutions to reduce the burden on our homeowners. My administration's proposals have been met with staunch resistance.

In 1993, about 35,800 acres of land were documented as land-trust owned. That number has increased by an astonishing 1,270 percent. Land trusts now control over 490,000 acres with an estimated value of \$403 million. We must restore the balance. We will be working this session to ensure all land owners are contributing to the local tax base. It's time for them to pay their fair share.

I encourage you to ask your local officials how much land in your municipality has been taken off the tax rolls, as well as how much in tax revenue that land would have been contributing today to offset your property taxes.

If ever I can be of assistance to you or if you have any questions or suggestions, I encourage you to contact my office by calling 287-3531 or by visiting our website at www.maine.gov/governor.

Sincerely,

Paul R. LePage Governor

# United States Senate

### Dear Friends:

It is an honor to represent Maine in the United States Senate. I am grateful for the trust the people of our State have placed in me and welcome this opportunity to share some key accomplishments from this past year.

Maine has the oldest average age in the nation. As Chairman of the Senate Aging Committee, my top three priorities for the Committee are fighting fraud and financial abuse directed at our nation's seniors, increasing investments in biomedical research, and improving retirement security. Following the Committee's investigation into skyrocketing prescription drug costs, I authored bipartisan legislation to foster generic competition, which was signed into law. The Aging Committee's toll-free hotline (1-855-303-9470) makes it easier for seniors to report suspected fraud and receive assistance. To support the 40 million family caregivers in the United States, I am proud to have authored the RAISE Family Caregivers Act to create a coordinated strategy to support family members who make countless personal and financial sacrifices to care for their loved ones.

The opioid crisis touches families and communities across our state. As a member of the Appropriations Committee, I fought for significant increases in funding to support community, law-enforcement, and public health efforts. In April, the State of Maine was awarded over \$2 million to fight this devastating public health crisis. Additionally, I have authored legislation to support grandparents and other extended family members who are raising grandchildren as a result of the nation's opioid epidemic.

Biomedical research has the potential to improve and save lives, and also supports good jobs at research facilities here in Maine. Last year, the Appropriations Committee approved a \$2 billion increase for the National Institutes of Health for the third consecutive year. This includes an increase of nearly 30 percent for research on Alzheimer's, our nation's most costly disease. As founder and co-chair of the Senate Diabetes Caucus, I work to raise awareness of the threats posed by diabetes, invest in research, and improve access to treatment options. My bill to establish a national commission of health care experts on diabetes care and prevention was signed into law in 2017.

We owe our veterans so much. Last year, I worked to secure the authorization of a Community-Based Outpatient Clinic in Portland to support the health care of Maine's veterans in the southern part of our state. I also worked to secure funding extensions to help veterans throughout rural Maine receive health care within their communities. I also worked to secure funding for housing vouchers for veterans to reduce veterans' homelessness.

Maine's contributions to our national security stretch from Kittery to Limestone. I successfully advocated for critical funding for projects at the Portsmouth Naval Shipyard for construction of an additional ship that will likely be built at Bath Iron Works. This funding will strengthen our national security and preserve great jobs in our state.

As chairman of the Transportation and Housing Appropriations Subcommittee, I worked to increase funding for the TIGER program that has provided Maine with more than \$122 million for vital transportation projects. For housing, I worked to provide \$160 million to help communities protect children from the harmful effects of lead poisoning.

Growing our economy remains a top priority. I supported the comprehensive tax reform bill because it will help lower- and middle-income families keep more of their hard-earned money; boost the economy; and encourage businesses, both small and large, to grow and create jobs here in Maine and around the country. This legislation contains key provisions I authored that are important to Mainers, including preserving the deduction for state and local taxes, expanding the deduction for medical expenses, and enabling public employees such as firefighters, teachers, and police officers, as well as clergy and employees of nonprofits, to make "catch-up" contributions to their retirement accounts. I led the effort to ensure that the tax cut will not trigger automatic budget cuts to Medicare or any other programs.

A Maine value that always guides me is our unsurpassed work ethic. As of December 2017, I have cast more than 6,500 consecutive votes, continuing my record of never missing a roll-call vote since my Senate service began in 1997.

I appreciate the opportunity to serve Hancock County and Maine in the United States Senate. If ever I can be of assistance to you, please contact my Bangor office at 207-945-0417 or visit my website at www.collins.senate.gov. May 2018 be a good year for you, your family, your community, and our state.

Sincerely.

Susan M. Collins United States Senator

Swan M Collins

# U.S. Senator Angus King

Dear Friends,

Representing Maine in the United States Senate is an honor.

I continue my work on the Senate Armed Services Committee, each year authorizing the funding required to build our military capabilities and ensuring that our service members are trained and equipped to defend our nation. I was pleased to be part of a bipartisan effort to enact a new law to simplify the appeals review process to reduce the backlog our veterans are facing, as well as a new law that provides critical funding to the VA Choice Program, allowing veterans in rural Maine to access services closer to home.

While my committee work is important, working to combat the opioid epidemic is one of my top priorities. Although Congress has made some important strides, much remains to be done to provide additional funding for prevention, treatment and enforcement. I am working with colleagues on both sides of the aisle to pressure the Drug Enforcement Administration to reduce the amount of opioids produced and to thwart the flow of fentanyl and other deadly drugs into our country.

I am very optimistic about the integrated, multiagency effort I led with Senator Collins to foster innovation and commercialization in Maine's forest economy. Through the Economic Development Assessment Team (EDAT) we are already experiencing increased federal investments that will strengthen our existing forest products industry and help support job creation in rural communities. Initiatives like Cross Laminated Timber, Combined Heat and Power, nanocellulose, 3D printing with biobased materials and other biobased products will mean that Maine's wood-basket will continue to be a major jobs and economic contributor for our future.

Finally, the coming year will continue the work of the Senate Select Committee on Intelligence in the ongoing investigation of Russian interference in the 2016 election. Our Committee has held seven public hearings and numerous classified sessions, reviewed tens of thousands of pages of documents and conducted hundreds of interviews. I remain focused on the security of our elections and committed to developing strategies to prevent interference by foreign governments in our democracy.

May 2018 be a good year for you, your family, your community and our great State.

Best,

Angus S. King United States Senator

Augus S. Zing, f.

# **State Senator Brian Langley**

Senator Brian D. Langley 3 State House Station Augusta, ME 04333-0003 (207) 287-1505

### Dear Friends and Neighbors:

I would like to thank you for the opportunity to represent you in the Maine Senate. It has been an honor to serve you for four terms and I can hardly believe that I will be termed out after this coming November. I have met thousands of people living in Hancock County that I never would have met any other way. Representing this district with its unique communities ranging from islands to unorganized territories has truly been the best experience of my life.

On August 2, Maine lawmakers finally adjourned for the year, after what proved to be the longest session in recent memory due to a brief government shut down over budgetary disagreements. While no state budget is ever perfect, the end product was a state budget that makes a record investment in our students, supports our communities and will tremendously benefit small businesses and our economy.

Perhaps the most significant action the Legislature took last year, as part of the biennial budget, was the removal of the burdensome, job-killing surtax that was already hurting small businesses, doctors and other professionals that we so critically need. In November 2016, voters sent a clear message that education funding was to be a priority of the 128th Legislature, and we heard that message loud and clear. However, the funding mechanism which was included in the measure – the surtax – presented a serious threat to the state's economy. This new tax gave Maine the ominous distinction of being the highest-taxed state in the country and primarily impacted small businesses, which are the backbone of our economy, taxing them at a rate that is higher than larger corporations are subject to pay. I am proud to say that after much hard work and negotiating and thanks to our rebounding economy, we were able to support our local schools at a level we have never been able to before – without any additional taxation.

The Homestead Exemption, which provides much-needed property tax relief for homeowners, was also preserved in the budget with an increased exemption of \$20,000.

The Legislature also passed a measure to make Maine compliant with the REAL ID Act. As a result of this important new law, the federal government has granted Maine a waiver, meaning that Maine citizens can continue to use their driver's licenses to board commercial airplanes and access certain federal buildings.

While we accomplished much, there is still a lot of work ahead of us next session. Again, thank you for putting your trust in me to represent you. Please feel free to contact me if you need help in navigating the state bureaucracy. I can be reached in Augusta at 287-1505 or by email at <a href="mailto:brian.langley@legislature.maine.gov">brian.langley@legislature.maine.gov</a>. Thank you for allowing me to be your senator.

Sincerely.

Senator Brian Langley

# HOUSE OF REPRESENTATIVES

2 STATE HOUSE STATION AUGUSTA, MAINE 04333-0002 (207) 287-1400

TTY: (207) 287-4469

### Dear Friends and Neighbors:

Thank you for the opportunity to serve Mount Desert once again in the House of Representatives during the 128<sup>th</sup> Maine Legislature. It continues to be an honor to represent you in Augusta.

I am particularly proud of the two-year state budget we negotiated in the first session, which directs more funding to our local schools in support of special education and to schools across the state for economically disadvantaged students and expanded early education.

The second regular session began on Jan. 3 and is scheduled to adjourn by late April. Generally, the Legislature only considers bills carried over from the previous year and bills deemed "urgent" by the 10-member Legislative Council during the second session.

That leaves us with roughly 400 measures to consider over the session. Among our top priorities will be to implement the recommendations of the bipartisan Task Force to Address the Opioid Crisis, which completed its work last fall, and to responsibly implement the MaineCare expansion initiative overwhelmingly passed by voters last November.

I'll be returning to my role on the Appropriations and Financial Affairs Committee, which is charged with overseeing the state budget, general fiscal policy and bonding. On the committee and in all my work in the Legislature, my focus will be on Maine's long-term strategy for building a sustainable economy based on a skilled professional workforce and prosperous, welcoming communities. In support of this, I continue to work on bills to provide bonding for scientific research and development, college affordability and capital funding for Maine's public colleges.

Please contact me anytime with your ideas, questions and concerns by phone at 288-3947 or by email at <a href="maine.gov">brian.hubbell@legislature.maine.gov</a>. I post updates on my work in Augusta at <a href="www.rephubbell.com">www.rephubbell.com</a> and also send periodic email updates, so please let me know if you would like to receive these.

Regards,

Brian Hubbell

State Representative

### INDEPENDENT AUDITOR'S REPORT

February 7, 2018 Members of the Board of Selectmen Town of Mount Desert Mount Desert, ME 04662

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Mount Desert, Maine as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the Unites States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Town's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for out audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Mount Desert, Maine as of June 30, 2017, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Other Matters

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and pension disclosure schedules on pages 3-8, 36, and 37 be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Mount Desert, Maine's basic financial statements. The combining and individual nonmajor fund financial statements and schedule of expenditures of federal awards as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated February 7, 2018, on our consideration of the Town of Mount Desert, Maine's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of Mount Desert, Maine's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Town of Mount Desert, Maine's internal control over financial reporting and compliance.

Respectfully Submitted,

James W. Wadman, CPA

James W. Wadman, CPA

TOWN OF MOUNT DESERT	Exhibit D
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,	Page 2 of 2
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS	
TO THE STATEMENT OF ACTIVITIES	
FOR THE YEAR ENDED JUNE 30, 2017	
Net change in fund balances - total governmental funds	2,408,538
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report capital outlays as expenditures while governmental activities	
report depreciation expense to allocate those expenditures over the life of the assets:	
Capital asset purchases capitalized	1,831,044
Capital asset disposals	(2,132)
Depreciation expense	(1,842,096)
	(13,184)
Revenues in the Statement of Activities that do not provide current financial resources	
are not reported as revenues in the funds:	
Unavailable Taxes	3,639
Bond proceeds proved current financial resources to governmental funds, but issuing	
debt increases long-term liabilities in the statement of net position. Repayment of debt	
principal is an expenditure in the governmental funds, but the repayment reduces	
long-term liabilities in the Statement of Net Position:	
Capital lease obligation principal payments	124,484
New Capital Lease	(14,545)
New Debt	(2,463,119)
General obligation bond principal payments	1,626,504
	(726,676)
Some expenses reported in the Statement of Activities do not require the use of	
current financial resources and, therefore, are not reported as expenditures in	
governmental funds:	
Transfers to fiduciary and proprietary funds	
Deferred Outflows of Pension Expense	291,684
Deferred Inflows of Pension Expense	119,973
Net Pension Liability	(529,789)
Accrued compensated absences	(79,644)
	(197,776)
Change in net position of governmental activities	1,474,541

#### **Warrant Committee Report**

The 2018 Warrant Committee for Town of Mount Desert presently consists of 22 registered voters of the Town, appointed for 3-year terms by the Board of Selectmen. Only the Warrant committee has it recommendations for each Warrant article printed on the Warrant each year. We are asked to consider each article proposed by the Board of Selectmen, Planning Board, School Board, and on occasion by a citizen initiated petition. We represent true citizen in-put in the development of the budget and warrant articles; and Town Government functions best when all the parts participate fully.

Membership is a responsibility and it is also educational and rewarding. Some of our members have served for years and offer a historical perspective to our discussions; new members offer fresh insight that helps us to make the best decisions, when we vote of our recommendations on the Warrant Articles.

Our Town Charter requires that the Warrant Committee include at least 20 registered voters. The Warrant Committee encourages any registered voters to consider applying to the Board of Selectman to join the Warrant Committee. The Warrant Committee is not a year round commitment, most of meetings start in early January and end by middle March with our votes on each Warrant Article, unless there is a Special Town Meeting scheduled during the year. This year the Warrant Committee made a formal request to the Board of Selectman to have our vote counts be printed with each article in the Warrant, which was unanimously passed by the Board of Selectman. Please note the vote count in this year's Warrant.

The Warrant Committee was very active this year attending most Board of Selectman meetings during the budget process and offering our insight on many issues, including the proposed Marijuana Moratorium. The Committee heard presentations from all the Department Heads, explaining their individual budgets and answering specific questions by the Warrant Committee, MDES Principal Gloria Delsandro budget presentation for the elementary school, along with MDES School Board, School Superintendent Dr. Marc Gousse, and Nancy Thurlow the Business Manager who can explain the funding formulas required by the State of Maine.

We want to thank the all Department Head's, the entire staff of the Town Office, Town Manager Durlin Lunt, Principal Gloria Delsandro, Superintendent's office, School Board, Planning Board, and all the residents and non-residences who appeared before us this year. The staff of the Neighborhood House for allowing us to host our Annual dinner which followed voting on the Warrant, and Chef Emily Damon for catering the event with her amazing pizzas. Finally, all the members of this year's Warrant Committee, for devoting their time and commitment this process.

Co-Chairs
Phil Lichtenstein
Jerry Miller

#### Greeting

#### State of Maine

Hancock County, ss year

#### To: James K. Willis, Jr., a Constable in the Town of Mount Desert

In the name of the State of Maine, you are hereby required to notify and warn the Inhabitants of the Town of Mount Desert, qualified by law to vote in Town affairs, to assemble in the Somesville Fire House, 1157 Main Street, Mount Desert, Maine, on Monday, the seventh day of May AD 2018 at seven-fifty o'clock in the forenoon, then and there to act on Article 1; and immediately thereafter to act on Article 2 until eight o'clock in the evening.

AND to notify and warn said voters to reconvene in the Kelley Auditorium, Mount Desert Elementary School, 8 Joy Road, Northeast Harbor, Maine in said Town, on Tuesday, the eighth day of May AD 2018 at six o'clock in the evening; then and there to act on Articles x through xx; all of said Articles being set out below to wit:

Pursuant to Title 21-A, §759(7), absentee ballots will be processed at the polls on May 7, 2018 every half hour beginning at 9:00 AM.

#### **Election of Moderator**

**Article 1.** To elect a Moderator by written ballot.

#### **Election of Municipal Officers**

Article 2. To elect one member to the Board of Selectmen for a term of three years, two members to the Mount Desert Elementary School Board for terms of three years, one trustee to the Mount Desert Island Regional School District for a term of one year, and one trustee to the Mount Desert Island Regional School District for a term of three years.

#### **Non-Voter Recognition**

**Article 3.** To see if non-voters shall be allowed, when recognized, to speak during the 2018 Annual Town Meeting.

#### **Animal Welfare**

Article 6. Shall an ordinance dated May 8, 2018 and entitled "Amendments to the Solid Waste Ordinance of the Town of Mount Desert" be enacted? See Appendix A (pg. 39)

Board of Selectmen recommends passage Warrant Committee recommends passage (11 Ayes; 0 Nays)

**Article 7.** Shall an ordinance dated May 8, 2018 and entitled "Amendments to the Town of Mount Desert Public Road Acceptance Ordinance regarding street design and construction standards" be enacted as follows?

Explanatory Note: This amendment will correct the reference to where the required road standards can be found.

#### **Public Road Acceptance Ordinance**

As adopted May 5, 2009 Annual Town Meeting Amended May 8, 2018 Annual Town Meeting

The Citizens of the Town of Mount Desert do ordain a Public Road Acceptance Ordinance be adopted as follows:

WHEREAS, the Town has identified several private roads where maintenance including: plowing, sanding, grading and bituminous repairs have been requested of the Town by the private owners, and

WHEREAS, the Board of Selectmen have requested that private/public roads be identified and listed along with an assessment of their condition, size, use, benefit to the public and future need, and

WHEREAS, it is the intention of this ordinance to identify those private roads which by the nature of their condition, use and location would be more appropriate with a "Public" designation.

NOW, THEREFORE BE IT RESOLVED, that to become "public", a road or road section must meet the following conditions:

- The road must meet the "Street/Road Design and Construction Standards" of the Mount Desert Land Use Zoning Ordinance ("LUZO") <u>Subdivision Ordinance</u>, which standards are currently listed in <u>LUZO s. 6B.18Section 5.14</u>.
- 2. The current private owner(s) are willing to sign over all title, rights and responsibilities without reservations to the 50' wide, right of way. Legal costs of the deed to the own shall be borne by the private owner(s).
- 1. The current private owner(s) shall ask the Public Works Director to certify in writing to the Board of Selectmen that the above-stated conditions have been met.
- 2. The current private owner(s) shall provide to the Town Manager evidence of good and marketable title in and to the proposed road in the form of an attorney's title opinion letter or a commitment for title insurance.
- 3. The Town Manager shall request from an attorney a letter certifying that said attorney's title opinion letter or said title insurance commitment sufficiently protects the Town's interests.
- 4. Upon receipt of the afore-mentioned two letters, the Selectmen will recommend the request for "Public" Designation as an article in the next succeeding regular Town Warrant. Following Town Meeting approval, the Town of Mount Desert will accept title and all future rights and responsibilities, including maintenance, repair and replacement as necessary and the road shall be deemed "Public". The Selectmen may, at their option, agree to placing potential acceptance of a road on the warrant, contingent on its reconditioning by the private owner(s) after approval by Town Meeting and before becoming "Public".
- 5. When a road is accepted by the Town Meeting as a "public" road, and after the deed for the land beneath said road has been duly recorded at the Hancock County Registry of Deeds, the road shall be placed on any "Road Inventory" regularly kept by the Town.

NOW THEREFORE BE IT FURTHER RESOLVED should the current owner(s) fail, or be unwilling, to meet the above-stated conditions, then:

- 1. The road shall remain private;
- 2. All repairs and maintenance of the road and its appurtenances shall be the responsibility of the owner(s) at the sole cost of the owner(s);

If any section, subsection, sentence, clause or phrase of this Ordinance is for any reason held to be unconstitutional or invalid, such decision shall not affect the validity of the remaining portions of this Ordinance.

The effective date of this Ordinance is: May 5, 2009.

This Ordinance shall expire and be of no force or effect on May 7, 2024.

Planning Board recommends passage Warrant Committee recommends passage (11 Ayes; 0 Nays)

Article 8. Shall an ordinance dated May 8, 2018 and entitled "Amendments to the Town of Mount Desert Land Use Ordinance regarding amendments to Conditional Use Permits" be enacted as follows?

Explanatory Note: This amendment allows the CEO to approve minor amendments to Conditional Use Permits and clarifies that the requirements for an application and approval for other amendments are the same as they are for the original application.

**2.4 Conditional Uses.** Conditional uses may be permitted only after review and approval by the Planning Board — except where the Code Enforcement Officer is authorized under the Standards of Section 5.6 to authorize minor changes in the placement and size of improvements for an approved conditional use permit — and only if specific provisions for such conditional uses are made in this Ordinance. The Standards of Section 6A and the applicable standards of Section 6B and 6C of this Ordinance shall apply at all times.

#### 3.4 Permitted, Conditional, and Excluded Uses by District:

All land use activities, as indicated in the following table, shall conform with all of the applicable land use standards in Sections 6.A., 6.B., and 6.C. The district designation for a particular site shall be determined from the Official Land Use Zoning map.

**P Use allowed without a permit** (but the use must comply with all applicable land use standards

C Use allowed with conditional use approval from the Planning Board, except where the code enforcement officer may authorize minor changes in the placement and size of improvements for an approved conditional use permit X Use is prohibited

CEO Use allowed with a permit from the code enforcement officer

#### **SECTION 5 CONDITIONAL USE APPROVAL**

.

#### 5.6 Amendment

An amendment to a Conditional Use Approval may be issued by the Planning Board only:

- 1. in conformity with the procedural and substantive requirements set forth in Section 6A and the applicable standards of Section 6B and 6C.
- 2. on finding that there have been significant changes of conditions or circumstances; and
- 3. when justified by a statement of findings of fact and reasons.

No proposed or existing building, premise or land use authorized as a conditional use may be established, enlarged, modified, structurally altered, or otherwise changed from that approved in the conditional use permit, unless such amendment is authorized in accordance with the standards and procedures set forth in this Ordinance, and the conditional use permit and approved site plan are amended accordingly.

Minor changes. The Code Enforcement Officer may authorize minor changes in the placement and size of improvements for an approved conditional use permit if the Code Enforcement Officer determines that the changes are consistent with the findings made by the Planning Board in connection with the approval of the conditional use permit and the standards of Section 6 of the Land Use Ordinance. The Code Enforcement Officer must also make a separate determination whether the minor changes are consistent with the standards of Section 6 of the Land Use Ordinance.

Other Changes. Changes to an approved conditional use permit, other than minor changes in the placement and size of improvements, shall require amendment to the conditional use permit by the Planning Board. The requirements for application and approval of a conditional use permit amendment shall be the same as the requirements for original application and approval.

#### **Town of Mount Desert Subdivision Ordinance**

.

#### 5.7 Lots and Density

- **5.7.1** The lot size, width, depth, frontage, shape and orientation and the minimum setback lines shall be in accordance with the Land Use Zoning Ordinance.
- **5.7.2** Where individual, on-site sewage disposal systems are to be utilized, the size of each lot shall be based on soil characteristics, and shall, as a minimum, conform to M.R.S.A. Title 12, Section 4807- A as amended.
- **5.7.3** The Planning Board shall determine if a division of land will be reviewed as a Cluster, a Workforce or a Conventional subdivision.

In order to conform to Section V of the Comprehensive Plan, special consideration shall be given to the preservation of open space and the character of the community in which the development is proposed.

- Land Subdivisions: Density requirements shall be in accordance with Land Use Zoning Ordinance, Section <u>3.5</u>3.6-<u>Dimensional Requirements for Districts</u>. Dimensional requirements remain as stated in the Land Use Zoning Ordinance, Section <u>3.5</u>3.6.
- Non-land subdivisions (multiple units within a single structure): Overall net density shall <u>be in accordance with Land Use Zoning Ordinance</u>, <u>Section 3.5</u> <u>Dimensional Requirements for Districts</u> not exceed two dwelling units per minimum lot size in the district.
- Overall net density shall be determined by the total number of proposed dwelling units and the total acreage (including open spaces and recreational areas) within the subdivision.

#### NOTES:

- (b) Refer to setback as defined in Section 8.
- (c) Measured from edge of road surface, or edge of legally established right of way if no road exists.
- (d) In all districts restrictions on setback of structures from property lines may be varied or nullified by written agreement with the abutting property owner. Said agreement or a copy of said agreement showing signatures shall be filed at the Municipal Office.
- (e) The minimum SC setback from shoreline is 75 feet except for functionally waterdependent structures.
- (f) Within the shoreland zone: No new lot shall be created except in conformity with all of the requirements of this Ordinance for the district in which it is located. In addition to shore frontage, refer to Section 6B.10.4.3 for the required minimum lot width. For the required measurements, refer to shore frontage and minimum lot width in Section 8.
- (g) Primary residential use in a <u>Shoreland Commercial District</u> must meet the dimensional requirements of the adjacent residential district. This requirement does not apply to projects that include covenants held by a qualified workforce housing entity.

Article 15. "Amendments to the Town of Mount Desert Land Use Ordinance regarding Animal Husbandry and Animal Husbandry 2" be enacted as follows?

Explanatory Note: This amendment would make the animal husbandry standards below applicable to all districts.

6B SPECIFIC PERFORMANCE STANDARDS FOR ACTIVITIES AND LAND USES.

6B.18. Animal Husbandry & Animal Husbandry 2 in the Village Commercial and Shoreland Commercial Districts

- 1. Permit Required. A building permit is required for the construction of a henhouse and chicken pen.
- 2. Number and Type of Chickens Allowed.
  - 1. The maximum number of chickens allowed is six (6) per lot regardless of how many dwelling units are on the lot. In the case of residential condominium

- complexes without individually owned back yards, the maximum number of chickens allowed is six (6) per complex.
- 2. Only female chickens are allowed. There is no restriction on chicken species.
- **3. Non-Commercial Use Only.** Chickens shall be kept as pets and for personal use only; no person shall sell eggs or engage in chicken breeding or fertilizer production for commercial purposes.

#### 4. Enclosures.

- Chickens must be kept in an enclosure or fenced area at all times. During
  daylight hours, chickens may be allowed outside of their chicken pens in a
  securely fenced yard. Chickens shall be secured within the henhouse during nondaylight hours.
- 2. Enclosures must be clean, dry, and odor-free, kept in a neat and sanitary condition at all times, in a manner that will not disturb the use or enjoyment of neighboring lots due to noise, odor or other adverse impact.
- **5. Odor.** Odors from chickens, chicken manure, or other chicken-related substances shall not be perceptible at the property boundaries.
- **6. Predators, Rodents, Insects, and Parasites.** The property owner shall take necessary action to reduce the attraction of predators and rodents and the potential infestation of insects and parasites. Chickens found to be infested with insects and parasites that may result in unhealthy conditions to human habitation shall be removed by the Animal Control Officer.
- 7. Waste Storage and Removal. Provision must be made for the storage and removal of chicken manure. All stored manure shall be covered by a fully enclosed structure with a roof or lid over the entire structure. No more than three (3) cubic feet of manure shall be stored. All other manure not used for composting or fertilizing shall be removed. In addition, the henhouse, chicken pen and surrounding area must be kept free from trash and accumulated droppings. Uneaten feed shall be removed in a timely manner.

Article 24. Shall the Town of Mount Desert be authorized to allocate any unspent funds originally appropriated in connection with the 2017-2018 State Route 198 Maine Department of Transportation's Municipal Partnership Initiative approved at the May 2017 Town Meeting to the work described in Article 22 and Article 23, above?

Article 25. Shall the Town of Mount Desert be authorized to issue general obligation bonds or notes of the Town in a principal amount not to exceed \$3,963,485.00 to finance professional technical and construction services associated with improvements to Main Street located in the Village of Northeast Harbor (the Project) to improve the appearance, functionality and vitality of the Main Street area beginning at or near the intersection of Main Street with Summit Road then continuing in a southerly direction along Main Street ending at or near the intersection of Main Street with Neighborhood Road, with said improvements to be in general conformance with the report prepared by consultants to the town entitled "Northeast Harbor Village Center Plan - Final Report" dated December 19, 2016, further described in said report as Area 1A - Main Street and generally described and illustrated in the site plan located in Appendix D Site Plan and to include, but not necessarily be limited to improved sidewalks, grading, drainage, roadway, utilities, including burying the overhead utility wires, plantings, lighting and other amenities and appurtenances required to complete the improvements, and further shall the Board of Selectmen be authorized to execute all things necessary or convenient to issue the bonds or notes of the Town, which may be callable, and to accomplish the Project? See Appendix D 1-4 (pg. 96)

#### FINANCIAL STATEMENT - TOWN OF MOUNT DESERT

#### 1. Total Town Indebtedness

A.	Bonds outstanding and unpaid:	\$15,533,751.	63
B.	Bonds authorized and unissued:	\$ 0.	00
C.	Bonds to be issued under this Town Meeting Article	\$ 3,963,485.	00
	ΤΟΤΔΙ	\$19,497,236	63

#### 2. Costs

At an estimated interest rate of 4.69% for a term of 20 years, the estimated costs of this bond issue will be:

Principal	\$3,963,485.00
Interest	\$1,791,748.44
Total Debt Service	\$5,755,233.44

#### 3. Validity

The validity of the bonds is not affected by any errors in the above estimates. If the actual amount of the total debt service for the bond issue varies from the estimate, the ratification by the voters is nevertheless conclusive and the validity of the bond issue is not affected by reason of the variance.

Kathryn a. Mahar Treasurer, Town of Mount Desert, Maine

Article 26. Shall the Town of Mount Desert be authorized to issue general obligation bonds or notes of the Town in a principal amount not to exceed \$645,000.00 to finance professional technical and construction services associated with improvements to Sylvan Road, Pine Road, Spruce Road and Tennis Club Road located in the Village of Northeast Harbor (the Project) and generally described and illustrated in the site plan located in Appendix E Site Plan to address surficial and subsurface drainage functionality in the general area to include, but not necessarily being limited to, improved grading, drainage, catch basins, storm drain pipes, roadway surfaces and appurtenances required to complete the improvements, and further shall the Board of Selectmen be authorized to execute all things necessary or convenient to issue the bonds or notes of the Town, which may be callable, and to accomplish the Project? See Appendix E 1-2 (pg. 100)

#### FINANCIAL STATEMENT - TOWN OF MOUNT DESERT

#### 1. Total Town Indebtedness

A.	Bonds outstanding and unpaid:	\$15	,533,751.63
B.	Bonds authorized and unissued:	\$	0.00
C.	Bonds to be issued under this Town Meeting Article	\$	645,000.00
	TOTAL	\$16	.178.751.63

#### 2. Costs

At an estimated interest rate of 4.69% for a term of 20 years, the estimated costs of this bond issue will be:

Principal	\$ 645,000.00
Interest	\$ 291,581.22
Total Debt Service	\$ 936,581.22

#### 3. Validity

The validity of the bonds is not affected by any errors in the above estimates. If the actual amount of the total debt service for the bond issue varies from the estimate, the ratification by the voters is nevertheless conclusive and the validity of the bond issue is not affected by reason of the variance.

Kathryn a. Mahar Treasurer, Town of Mount Desert, Maine

#### FINANCIAL STATEMENT - TOWN OF MOUNT DESERT

(If Articles 23, 25 and 26 are Approved in Total)

#### 1. Total Town Indebtedness

A.	Bonds outstanding and unpa	id:	\$15,53	3,751.63
B.	Bonds authorized and unissued:		\$	0.00
C.	Bonds to be issued under Town Meeting		\$ 5,10	8,485.00
	Articles 23, 25, & 26	TOTAL	\$20,64	2,236.63

#### 2. Costs

At an estimated interest rate of 4.69% for a term of 20 years, the estimated costs of this bond issue will be:

Principal	\$5,108,485.00
Interest	\$2,314,810.44
Total Debt Service	\$7,423,295.44

#### 3. Validity

The validity of the bonds is not affected by any errors in the above estimates. If the actual amount of the total debt service for the bond issue (or Amortization) varies from the estimate, the ratification by the voters is nevertheless conclusive and the validity of the bond issue is not affected by reason of the variance.

Treasurer, Town of Mount Desert, Maine

Article 27. Shall the residents of the Town of Mount Desert vote to authorize the use of funds that remain from those borrowed from the Maine Municipal Bond Bank (MMBB) through the State of Maine Revolving Loan Fund (SRF) and administered by the Maine Department of Environmental Protection (MDEP) for the upgrade to the Northeast Harbor wastewater treatment plant in 2013-2014, with a remaining balance of approximately \$53,000 (fifty-three thousand dollars) and for the upgrade of the Bracy Cove wastewater pumping station in 2016- 2017, with a remaining balance of approximately \$400,000 (four hundred thousand dollars) for a total amount of remaining funds of approximately \$453,000 (four hundred and fifty-three thousand dollars) to finance professional technical and construction services associated with improvements to the Town's wastewater collection and conveyance system, with said improvements being subject to review and authorization by the Maine Department of Environmental Protection (MDEP), said improvements to include but not be limited to, and in no particular order of priority, and on a funds available basis, replacement of an existing wastewater pumping station metal wet well circa 1970's located off Manchester Road in the Village of Northeast Harbor with a new precast concrete wet well in the same general area as the existing one; replacement of the existing vitrified clay circa 1970's sanitary sewer pipe that conveys sewage from Sinclair Road to Manchester Road enroute to the wastewater treatment facility; and upgrading the electronics control system at

the Gilpatrick Cove wastewater pumping station and associated appurtenances and incidentals to complete the improvements and, based on recommendations to them by Public Works staff, to authorize the Municipal Officers to execute all things necessary or convenient to facilitate successful completion of the improvements.

Board of Selectmen recommends passage Warrant Committee recommends passage (11 Ayes; 0 Nays)

**Article 28.** To see if the Inhabitants of the Town of Mount Desert will vote to authorize the Board of Selectmen to accept and expend on behalf of the Town additional state, federal and other funds (including unconditional gifts of money) received during the fiscal year 2018-2019 for Town purposes, provided that such additional funds do not require expenditure of local funds not previously appropriated.

Board of Selectmen recommends passage Warrant Committee recommends passage (15 Ayes; 0 Nays)

Article 29. To see if the Inhabitants of the Town of Mount Desert will vote to approve July 1, each year, as the date on which all taxes shall be due and payable providing that all unpaid taxes on September 1, of each year, shall be charged interest at an annual rate of 8% (percent) per year. (*Tax Club members are exempt within the terms and conditions of the Town's Tax Club Agreement*.)

Board of Selectmen recommends passage Warrant Committee recommends passage (15 Ayes; 0 Nays)

Article 30. To see if the Inhabitants of the Town of Mount Desert will vote to authorize the Tax Collector to enter into a standard "tax club" agreement with taxpayers whereby: (1) the taxpayer agrees to pay specified monthly payments to the Town based on the taxpayer's estimated and actual tax obligation for current year property taxes (real estate and/or personal); (2) the Town agrees to waive interest on timely payments; (3) the Town authorizes the Tax Collector to accept payment of taxes prior to commitment of taxes; (4) the agreement automatically terminates if two consecutive payments are missed and the taxpayer thereupon becomes subject to the same due date and interest rate as other, nonparticipating taxpayers; (5) only taxpayers who are current on their property tax obligations may participate; and (6) interested taxpayers shall apply annually for participation by the date shown on the application, date and application format to be determined by the Tax Collector.

**Article 31.** To see if the Inhabitants of the Town of Mount Desert will vote to authorize the Tax Collector to accept pre-payment of property taxes, with no interest to be paid on same.

Board of Selectmen recommends passage Warrant Committee recommends passage (15 Ayes; 0 Nays)

Article 32. To see if the Inhabitants of the Town of Mount Desert will vote to set the interest rate to be paid by the Town for abated taxes that have been paid, at the rate of 4% (percent) per year.

Board of Selectmen recommends passage Warrant Committee recommends passage (15 Ayes; 0 Nays)

Article 33. To see if the inhabitants of the Town of Mount Desert will vote to authorize expenditures to pay any tax abatements granted by the Assessor, Board of Assessment Review, or Board of Selectmen together with any interest due thereon from the Town, during the fiscal year beginning July 1, 2018, in an aggregate amount not to exceed the property tax commitment overlay.

# Written Ballot required for Article 57

Article 57. To see if the Inhabitants of the Town of Mount Desert will vote to increase the property tax levy limit by \$0.00. (Estimated Tax Rate and LD I Worksheet pgs. 104-106).

Explanation: The State Legislature passed a "tax reform" law known as LD#1. This bill created a maximum municipal tax levy based upon this year's tax, plus an allowance for inflation and the Town's tax base growth due to new construction. However, LD#1 allows Mount Desert voters to increase that tax cap with the approval of a simple majority of the voters at Town Meeting. The only requirement is that a secret vote must be taken by written ballot.

Board of Selectmen recommends passage Warrant Committee recommends passage (15 Ayes; 0 Nays)

# **Marina Proprietary Fund**

# Note: Articles 70 – 72 raise funds for the Proposed School Budget

# **Hand Count**

**Article 70.** To see what sum the voters of the Town of Mount Desert will appropriate for the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act (Recommend \$1,999,403.00) and to see what sum the voters of the Town of Mount Desert will raise as the Town's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act in accordance with the Maine Revised Statutes, Title 20-A, section 15688 for the period July 1, 2018 and ending June 30, 2019.

School Board recommends \$1,758,558.00

Warrant Committee recommends \$1,758,558.00 (15 Ayes; 0 Nays)

Explanation: The Town of Mount Desert's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act is the amount of money determined by state law to be the minimum amount that a municipality must raise in order to receive the full amount of state dollars.

# **Hand Count**

**Article 71.** To see what sum the voters of the Town of Mount Desert will raise and appropriate for the annual payments on debt service previously approved by the legislative body for non-state-funded school construction projects, non-state funded portions of school construction projects and minor capital projects in addition to the funds appropriated as the local share of the Town of Mount Desert's contribution to the total cost of funding public education from kindergarten to grade 12 for the period July 1, 2018 and ending June 30, 2019.

School Board recommends \$348,430.00

Warrant Committee recommends \$348,430.00 (15 Ayes; 0 Nays)

Explanation: Non-state-funded debt service is the amount of money needed for the annual payments on the Town of Mount Desert's long-term debt for major capital school construction projects and minor capital renovation projects that are not approved for state subsidy. The bonding of this long-term debt was approved by the voters on November 6, 2001.

# Written Ballot Vote Required for Article 72

**Article 72.** To see what sum the voters of the Town of Mount Desert will raise and appropriate in additional local funds for school purposes (Recommend: \$1,901,507.00) for the period July 1, 2018 and ending June 30, 2019, which exceeds the State's Essential Programs and Services allocation model by (Recommend: \$1,901,507.00) as required to fund the budget recommended by the school Board.

The School Board recommends **\$1,901,507.00** for additional local funds and gives the following reasons for exceeding the State's Essential Programs and Services funding model by **\$1,901,507.00**: The State funding model underestimates the actual costs to fully fund the 2018-2019 budget.

The Warrant Committee recommends (15 Ayes; 0 Nays) **\$1,901,507.00** for additional local funds and gives the following reasons for exceeding the State's Essential Programs and Services funding model by **\$1,901,507.00**: The State funding model underestimates the actual costs to fully fund the 2018 – 2019 budget.

Explanation: The additional local funds are those locally raised funds over and above the Town of Mount Desert's local contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act and local amounts raised for the annual payment on non-state funded debt service that will help achieve the Town of Mount Desert's budget for educational programs.

Notes: Articles 70, 71, & 72 raise a total town appropriation of \$4,008,495.00

2017-18 Total Town Appropriation was \$3,790,149

# Note: Article 73 summarizes the proposed school budget and does not authorize any additional expenditures

# **Hand Count**

**Article 73.** To see what sum the voters of the Town of Mount Desert will authorize the School Board to expend for the fiscal year beginning July 1, 2018 and ending June 30, 2019 from the Town's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act, non-state-funded school construction projects, additional local funds for school purposes under the Maine Revised Statutes, Title 20-A, section 15690, unexpended balances, tuition receipts, state subsidy and other receipts for the support of schools.

Note: 2017-18 Total Budget was \$4,253,831.00

School Board recommends \$4,388,964.00

Warrant Committee recommends \$4,388,964.00 (15 Ayes; 0 Nays)

**Article 74.** In addition to the amount in Articles 59 - 73, shall the School Board be authorized to expend such other sums as may be received from state or federal grants or programs or other sources during the fiscal year 2018-2019 for school purposes provided that such grants, programs or other sources do not require the expenditure of other funds not previously appropriated?

Current Year Totals: \$115,872.00

School Board recommends passage Warrant Committee recommends (15 Ayes; 0 Nays)

#### Moratorium

**Article 75.** Shall an ordinance dated May 8, 2018 and entitled "Town of Mount Desert Marijuana Moratorium" be enacted as follows?

# TOWN OF MOUNT DESERT MORATORIUM ORDINANCE ON RETAIL MARIJUANA ESTABLISHMENTS, RETAIL MARIJUNA STORES, AND RETAIL MARIJUANA SOCIAL CLUBS

WHEREAS, the "Marijuana Legalization Act" has become law in Maine, codified in the Maine Revised Statutes in Title 7, chapter 417; and

WHEREAS, the Marijuana Legalization Act (the "Act") authorizes municipalities to regulate the number of retail marijuana stores and the location and operation of retail marijuana social clubs and retail marijuana establishments, including retail marijuana stores, retail marijuana cultivation facilities, retail marijuana products manufacturing facilities, and retail marijuana testing facilities, as those terms are defined in the Act, as well as providing the option to prohibit the operation of retail marijuana social clubs and retail marijuana establishments, including stores, cultivation facilities, manufacturing facilities, and testing facilities, within their jurisdiction; and

WHEREAS, the proposed Act will not limit the privileges or rights afforded by the Maine Medical Use of Marijuana Act (22 M.R.S.A. §§ 2421 – 2430-B) to qualifying patients, primary caregivers, or registered dispensaries, including cultivation facilities associated with any of those classifications; and

WHEREAS, the current ordinances of the Town of Mount Desert (the "Town") do not include any regulations related to retail marijuana stores, retail marijuana establishments, or retail marijuana social clubs under the proposed new Act; and

WHEREAS, the unregulated location and operation of retail marijuana establishments, retail marijuana stores, and retail marijuana social clubs within the Town of Mount Desert raises legitimate and substantial questions about the impact of such establishments, stores, and social clubs on the Town, including questions about the compatibility of retail marijuana establishments, retail marijuana stores, and retail marijuana social clubs with existing uses and development in residential, commercial, and industrial zoning districts; the potential adverse health and safety effects of retail marijuana

establishments, retail marijuana stores, and retail marijuana social clubs on the community if not properly regulated; the possibility of illicit sale and use of marijuana and marijuana products to minors and misuse of marijuana and marijuana products by those who would abuse the uses authorized under the Act; potential criminal activity associated with the cultivation, manufacturing, sale, and use of marijuana and marijuana products for non-medicinal purposes and the potential increased burden on the Town's police and fire departments; and the adequacy of the Town's streets and infrastructure to accommodate the additional traffic and/or population that may result from the presence of retail marijuana establishments, retail marijuana stores, or retail marijuana social clubs; and

WHEREAS, the possible effect of the location and operation of retail marijuana establishments and/or retail marijuana stores and/or retail marijuana social clubs within the Town has potentially serious implications for the health, safety, and welfare of the Town and its residents; and

WHEREAS, the Town needs time to review the Act and to review its own ordinances and regulations to determine the implications of future proposed retail marijuana establishments and/or retail marijuana stores and/or retail marijuana social clubs to develop reasonable ordinances and regulations governing the location and operations of such establishments and stores and social clubs to address the concerns cited above; and

WHEREAS, the Town's current ordinances are insufficient to prevent serious public harm that could be caused by the unregulated development of retail marijuana establishments and retail marijuana stores and retail marijuana social clubs and other uses authorized by the Act, thereby necessitating a moratorium; and

WHEREAS, the Town, under its home rule authority, its police power generally, and under 30-A M.R.S.A., chapter 187, subchapter 3 ("land use regulation"), as provided by the Marijuana Legalization Act, or as otherwise provided by current law, has the authority to impose reasonable restrictions, conditions, and limitations on such retail marijuana establishments and retail marijuana stores and retail marijuana social clubs; and

WHEREAS, the Selectboard, the Town Staff, the Ordinance Review Committee, and the Planning Board, with the professional advice and assistance of the Chief of the Police Department, shall study the Town's current ordinances to determine the land use and other regulatory implications of retail marijuana establishments and retail marijuana stores and retail marijuana social clubs and consider what locations, if any, and conditions of approval, if any, might be appropriate for such uses; and

WHEREAS, a moratorium is necessary to prevent an overburdening of public facilities that is reasonably foreseeable as the result of retail marijuana establishments and retail marijuana stores and retail marijuana social clubs and other uses authorized by the Act, being located in the Town; and

WHEREAS, it is anticipated that such a study, review, and development of recommended ordinance changes will take at least one hundred and eighty (180) days from the date the Town enacts this Moratorium Ordinance on retail marijuana establishments and retail marijuana stores and retail marijuana social clubs;

NOW, THEREFORE, be it ordained by the Town Meeting of the Town of Mount Desert, that the following Moratorium Ordinance on retail marijuana establishments and retail marijuana stores and retail marijuana social clubs be, and hereby is, enacted, and, in furtherance thereof, the Town Meeting does hereby declare a moratorium on the location, operation, or licensing of any retail marijuana social clubs and any retail marijuana establishments, including retail marijuana stores, retail marijuana cultivation facilities, retail marijuana products manufacturing facilities, and retail marijuana testing facilities, within the Town.

This Moratorium Ordinance shall take effect on the date of its enactment by the Town Meeting, and shall be applicable as of that date. The moratorium shall remain in effect for one hundred and eighty (180) days from the effective date of this Ordinance, unless extended, repealed, or modified, for the express purpose of drafting an amendment or amendments to the Town's current ordinances to protect the public from health and safety risks including, but not limited to, compatibility of retail marijuana establishments, retail marijuana stores, and retail marijuana social clubs with existing and permitted uses in residential, commercial, and industrial zoning districts; the correlation of retail marijuana establishments, retail marijuana stores, and retail marijuana social clubs with medical marijuana cultivation facilities and dispensaries, all as defined in the Act; the potential adverse health and safety effects of retail marijuana establishments and retail marijuana stores and retail marijuana social clubs on the community if not properly regulated; the possibility of illicit sale and use of marijuana and marijuana products to minors and misuse of marijuana and marijuana products by those who would abuse the uses authorized under the new law; criminal activity associated with the cultivation, manufacturing, sale, and use of marijuana and marijuana products for non-medicinal purposes and the potential increased burden on the public safety agencies serving the Town in responding to the same; and the adequacy of the Town's infrastructure to accommodate the additional traffic and/or population that may result from the presence of retail marijuana establishments or retail marijuana stores or retail marijuana social clubs in the Town.

BE IT FURTHER ORDAINED, that this Ordinance shall apply to retail marijuana stores and retail marijuana social clubs and retail marijuana establishments, including retail marijuana stores, retail marijuana cultivation facilities, retail marijuana products manufacturing facilities, and retail marijuana testing facilities, as those terms are defined by the Act, codified at 7 M.R.S.A. §§ 2442 (36), (38), (39), (40), and (41), that may be proposed to be located within the Town on or after the effective date of this Ordinance; and

BE IT FURTHER ORDAINED, that notwithstanding the provisions of 1 M.R.S.A. § 302 or any other law to the contrary, this Ordinance, when enacted, shall govern any proposed retail marijuana establishments or retail marijuana stores or retail marijuana social clubs for which an application for a building permit, Certificate of Occupancy, site plan, or any other required approval has not been submitted to and granted final approval by the Code Enforcement Officer, Planning Board, or other Town official or board prior to the applicability date of this Ordinance; and

BE IT FURTHER ORDAINED, that no person or organization shall develop or operate a retail marijuana establishment or retail marijuana store or retail marijuana social club within the Town on or after the effective date of this Ordinance without complying with whatever ordinance amendment or amendments the legislative body may enact as a result of this Moratorium Ordinance; and

BE IT FURTHER ORDAINED, that during the time this Moratorium Ordinance is in effect, no officer, official, employee, office, or board of the Town shall accept, process, approve, deny, or in any other way act upon any application for a license, building permit, or any other type of land use approval or permit and/or any other permits or licenses related to a retail marijuana establishment or retail marijuana stores or retail marijuana social club; and

BE IT FURTHER ORDAINED, that during the time this Moratorium Ordinance is in effect, no person or organization shall develop or operate a business that engages in retail or wholesale sales of products or merchandise for which a substantial portion of its business is to prepare, cultivate, distribute, or ingest marijuana or retail or wholesale sales of such products or merchandise of the kind that are commonly offered for sale or used at so-called head shops, retail marijuana social clubs, or retail marijuana establishments, including, without limitation, water pipes, hashish pipes, glass pipes, pipe screens, bongs, vaporizers, scales, rolling papers, hydroponic equipment, and grow lights and general tobacco products in so-called smoke shops; and

BE IT FURTHER ORDAINED, that those provisions of the Town's ordinances that are inconsistent or conflicting with the provisions of this Ordinance, are hereby repealed to the extent that they are applicable for the duration of the moratorium hereby ordained, and as it may be extended as permitted by law, but not otherwise; and

BE IT FURTHER ORDAINED, that if retail marijuana establishments or retail marijuana stores or retail marijuana social clubs are established in violation of this Ordinance, each day of any continuing violation shall constitute a separate violation of this Ordinance, and the Town shall be entitled to all rights available to it in law and equity, including, but not limited to, fines and penalties, injunctive relief, and its reasonable attorney's fees and costs in prosecuting any such violations; and

BE IT FURTHER ORDAINED, that should any section or provision of this Ordinance be declared by any court of competent jurisdiction to be invalid, such a declaration shall not invalidate any other section or provision.

Appendix A (Article 6; Pg.4)

SOLID WASTE ORDINANCE of the TOWN OF MOUNT DESERT

ENACTED MAY 6, 2014
Revised and Enacted May 8, 2018

# **SECTION 1: AUTHORITY**

This Ordinance is created under the authority granted to the Town of Mount Desert (hereinafter the "Town") by Title 38 M.R.S.A., §1301 et seq. (the Maine Hazardous Waste, Septage and Solid Waste Management Act) and the Town's home rule authority pursuant to the Maine Constitution and 30-A M.R.S. § 3001 et seq.

# **SECTION 2: PURPOSE**

- 2.1. To protect the health, safety and general well-being of the citizens of the Town.
- 2.2. To enhance and maintain the quality of the environment, conserve natural resources and prevent water and air pollution by providing a comprehensive, rational and effective means of regulating the disposal of solid waste.
- 2.3 To recognize that the use of single use plastic bags typically provided by vendors is not an environmentally sound use of resources and residents of and visitors of and to the Town shall strive are striving to use alternate means such as reusable cloth bags and other reusable items to collect and transport their goods.
- 2.3. To control solid waste in the Town by establishing limitations, prohibiting certain acts causing solid waste problems and to enforce the provisions of this Ordinance.
- 2.4. To encourage and expand solid waste recycling and waste reduction.
- 2.5. To control solid waste in the Town by establishing limitations, prohibiting certain acts causing generating solid waste problems and to enforce the provisions of this Ordinance.
- 2.6. To control the costs of solid waste management to the taxpayers of the Town.

# **SECTION 3: DEFINITIONS**

3.1. Terms used in this Ordinance that are defined in 38 M.R.S.A. §1303-C as may be amended from time to time, shall have the meaning prescribed in §1303-C and that meaning shall be controlling, notwithstanding any contrary definition in the Ordinance or in any dictionary. The §1303-C definitions are set forth in Appendix A to this Ordinance; Appendix A shall be updated regularly (at least annually). Any word not otherwise defined shall have its customary dictionary

meaning.

This Ordinance provides the following definitions:

<u>Acceptable Waste</u> - solid waste (as defined herein) that is capable of processing at the Town's designated processing facility and/or otherwise handled by the Town's solid waste collection service.

<u>Authorized Individual</u> - means any person, partnership, corporation or other entity that either owns, rents, leases (on a permanent or temporary basis) a dwelling or operates a commercial establishment in Town.

<u>Agricultural Solid Wastes</u> - wastes produced from the raising of plants and animals for food, including manure, plant stalks, hulls and leaves.

<u>Ash</u> - residue, including cinders and fly ash from the burning of solid fuels for cooking and heating, and from on-site incineration of refuse materials.

<u>Bulky Objects</u> - abandoned vehicles, stoves and refrigerators, large furniture, tree trunks, stumps and brush.

<u>Commercial Solid Wastes</u> - wastes that originate in wholesale, retail, or service establishments, such as office buildings, stores, markets, theaters, hotels and warehouses.

<u>Construction and Demolition Debris (CDD)</u> - solid waste resulting from construction, remodeling, repair, and demolition of structures, and as specifically defined in 38 MRS § 1303-C (see Appendix A attached).

<u>EMR</u> - Eastern Maine Recycling located in Southwest Harbor, Maine, is a licensed solid waste transfer station that also provides solid waste recycling services.

<u>Fiberight dba Coastal Resources of Maine, LLC - Fiberight is a licensed facility located in Hampden, Maine, licensed by the Maine DEP for solid waste processing.</u>

<u>Garbage</u> - every accumulation of waste (animal, vegetable, and/or other matter) that results from the preparation, processing, consumption, dealing in, handling, packing, canning, storage, transportation, decay or decomposition of meats, fish, fowl, birds, fruits, grains or other animal or vegetable matter (including but not by way of limitation, used food containers and all putrescible or easily decomposable waste animal or vegetable matter that is likely to attract flies or rodents), except (in all cases) any matter included in the definition of bulky waste, construction and demolition debris, dead animals, hazardous waste, rubbish or stable matter.

<u>Green Wood</u> - land clearing debris that is reasonably free of soil material and rock and bark, shavings, slash, and plant and vegetable matter from gardens and landscapes.

<u>Hazardous Waste/ Universal Waste</u> – shall be as defined by 38 M.R.S. §1303-C (Appendix A attached).

<u>Industrial Waste</u> - wastes generally discarded from industrial operations or derived from manufacturing processes but not including a) hazardous waste or b) special waste which by reason of its composition, characteristics or other properties is not ordinarily acceptable for

disposal at sites licensed for disposal of municipal solid waste. Excluded special waste shall include, but not be limited to friable asbestos and oil-contaminated soil.

<u>Municipal Wastes</u> - the combined residential and commercial wastes generated within the Town.

Non-Resident - a person who does not reside in or pay property taxes to the Town.

<u>PERC</u> - Penobscot Energy Recovery Company is a licensed waste-to-energy facility located in Orrington, Maine that provides solid waste disposal services.

<u>Refuse</u> – a broad term and is synonymous with "solid waste" and shall be defined as any of a wide variety of solid materials as well as some liquids in containers, which are discarded or rejected as being spent, useless, worthless, or in excess.

<u>Resident</u> - a person who resides in or occupies a residential property and/or pays property taxes to the Town.

<u>Residential Waste</u> - waste generated in houses, apartments and other dwelling units, including paper, cardboard, beverage and food cans, plastics, food wastes, and glass containers.

<u>Sewerage Treatment Wastes</u> - screenings, grease, scum and grit from the Town of Mount Desert Publicly Owned Treatment Works.

Solid Waste—waste as defined in 38 MRS § 1303-C (see Appendix A attached).

Special Wastes- waste as defined in 38 MRSA 1303-C (see Appendix A attached)

<u>Tipping Fee</u> - the fee charged to the Town by a facility such as EMR<del>, PERC, etc.</del> <u>or Fiberight, etc.</u> for transport or disposal of solid waste.

<u>Unacceptable Waste</u> - solid waste of a type that municipalities are authorized to regulate under 38 MRS § 1305, as amended, and that are prohibited at EMR (for transport to the Town's designated acceptable waste processing facility) or at that designated waste processing facility.

<u>Wood Waste</u> - means brush, lumber, bark, wood chips, shavings, slabs, edgings, slash, sawdust, and wood from production rejects that are not mixed with other solid or liquid waste. For the purpose of this definition, "lumber" is entirely made of wood and is free from metal, plastics, and coatings. Wood Waste does not include painted wood or pressure treated wood. These would be included with Construction and Demolition Debris, as defined. Wood Waste also does not include Green Wood, as defined.

# **SECTION 4: REGULATED ACTIVITY**

- 4.1. The accumulation, collection, transportation and disposal of acceptable wastes and unacceptable wastes generated within the Town shall be regulated in the following manner:
- 4.1.1 All acceptable waste generated within the Town shall be deposited roadside at locations designated by the Town in appropriate containers and collected by the Town or appropriate licensed commercial hauler.

4.1.2 All unacceptable waste, including hazardous waste, special waste, hazardous universal waste, CDD waste, hot loads, and certain wood wastes, shall be subject to the Materials Disposal Restrictions set forth in Section 4.3 below and shall be handled by licensed firms and deposited at licensed facilities out of Town consistent with Section 4.2 below. Violations of this Section 4 shall be subject to enforcement under Section 8 and related provisions of this Ordinance.

# 4.2. General Requirements

- 4.2.1. All solid waste shall be handled and disposed in accordance with this Ordinance.
- 4.2.2. The Board of Selectmen shall have the authority to restrict or modify the disposal of all types and volumes of solid waste, if deemed in the best interests of the Town.
- 4.2.3. No person, partnership or corporation, shall dispose of any refuse on any public property or roads except as allowed by this ordinance.

# 4.3. Materials Disposal Restrictions

The following waste materials or containers of waste materials as described below shall not be handled or disposed within the boundaries of the Town:

- 4.3.1. Materials classified as hazardous waste in 38 MRS § 1303-C (see Appendix A attached) unless:
  - Within a Town sanctioned public collection event or effort, if handled by a person or firm licensed to handle and transport hazardous waste and if disposed at a facility licensed for hazardous waste disposal outside the Town; or
  - Handled and transported by a commercial entity licensed to handle and transport hazardous waste if taken to a licensed facility outside the Town.
- 4.3.2. Materials classified as universal waste by 38 MRS § 1303-C (see Appendix A attached) unless:
  - Within a Town sanctioned public collection event or effort, if handled by a person or firm licensed to handle and transport universal waste and if disposed at a facility licensed for universal waste disposal outside the Town; or
  - Handled and transported by a commercial entity licensed to handle and transport universal waste if taken to a licensed facility outside the Town.
- 4.3.3. Ash at a combustible temperature or other hot loads.
- 4.3.4. Trees, limbs of trees, or tree trunks more than 4 inches in diameter and/or 3 feet in length or stumps except by a commercial entity licensed to handle and transport woody waste and disposed at a licensed wood waste facility outside the Town
- 4.3.5. All Commercial Demolition Debris as defined herein, except by a commercial entity licensed to handle such CDD waste if disposed at a licensed facility outside the Town.
- 4.3.6. All Special Waste as defined herein, except by a commercial entity licensed to handle

Special Waste if disposed at a licensed facility for disposal of Special Waste outside the Town

4.3.7. All Green Wood and Wood Waste as defined herein, except by a commercial entity licensed to handle such Wood Waste if disposed at a licensed facility outside the Town.

#### **SECTION 5: HANDLING AND DISPOSAL OF SOLID WASTE**

Authorized Individuals (including Residents) shall handle and dispose of acceptable solid waste by only one of the following methods:

5.1. Town-provided collection service:

Materials disposed at curbside are limited to solid waste acceptable to the Town's contracted transfer station or solid waste processing facility. Materials must be placed in secured bags, secured containers and/or secured receptacles adequate to prevent loss of control of the solid waste. Those disposing of the solid waste are responsible for picking up and cleaning up of unsecured solid waste regardless of the cause.

Curbside solid waste collection occurs by summer and winter schedules promulgated by the Town. Solid waste must be at curbside by 7 AM on the scheduled day to ensure pick up.

- 5.2. Authorized Individuals at the Town of Mount Desert area designated at EMR.
- 5.3. Hire a Private Hauler.

Authorized Individuals may contract <u>at their cost</u> with a private hauler for disposal of acceptable solid waste. All waste collected by private haulers shall be delivered to EMR and credited to the Town's guaranteed annual tonnage. <u>Authorized Individuals shall be responsible for all costs associated with a private hauler, including disposal costs.</u>

5.4 Town Sponsored Solid Waste Disposal at EMR

Authorized individuals Individuals have a Town sponsored solid waste disposal account at EMR allowing up to two thousand (2,000) pounds of solid waste annually per Town physical address delivered by the authorized individual or their private licensed hauler. Authorized Individuals shall be responsible for all costs associated with a private hauler. This allowance provides for the disposal of all solid waste; particularly green wood, bulky objects allowed by EMR and CDD (construction and demolition debris) except special, hazardous and universal waste. This allowance may expire in 2018 at such time the inhabitants of the Town choose to eliminate the practice.

#### **SECTION 6: FEES**

Authority: The Town Meeting may establish fees for solid waste disposal to promote recycling and improve the efficiency of the management of solid waste and to support the cost of solid waste collection and disposal.

# **SECTION 7: LICENSES**

7.1 No person, firm or corporation shall transport on a commercial basis any acceptable waste for disposal outside the Town without obtaining a license to transport such waste within the

Town from the Town Manager. The license shall be in effect for 42 24 (twelve twenty-four) months from date of issue and must be renewed on or before its expiration date.

- 7.2. Any person, firm or corporation required by this Ordinance to obtain an annual license shall make application to the Town Manager. A nonrefundable license application fee as determined by the Board of Selectmen shall accompany each application. The fee structure shall be reviewed every two (2) years by the Town Manager or designee with a recommendation being made by the Town Manager or designee to the Board of Selectmen as to its appropriateness or if it should be changed. The existing fee or any changes to it shall go into effect July 1 of each new fiscal year. A copy of the application form is available from the Town Office.
- 7.3. The application shall contain all information required by it, including, but not limited to, a description of the activity/activities engaged in, e.g., collection and transport of acceptable, recyclable/storable and/or unacceptable waste; types and estimated amount(s) of waste handled in each service area and; a description of the facility/facilities operated and used. The applicant's signature on the application verifies the applicant's intended compliance with this Ordinance. Incomplete applications will not be processed.
- 7.4. Licenses shall not be transferable.
- 7.5. All licenses shall expire one two (2) years (1) year from the date of issue unless revoked or suspended sooner in accordance with the provisions of this Ordinance.
- 7.6. In the event that the Town Manager denies a license application, the applicant shall be notified of the reasons for the denial of the license. The applicant may appeal the Town Manager's decisions to the Board of Selectmen.
- 7.7. Suspension and Revocation

Any license issued may be suspended or revoked by the Town Manager for cause, including the following reasons:

- a. Violation of this Ordinance;
- b. Violation of any provision of any state or local law, ordinance, code or regulation which relates directly to the provisions of this Ordinance;
- c. Violation of any license condition(s); and
- d. Falsehoods, misrepresentations or omissions in the license application.

Suspension or revocation of a license may be appealed to the Board of Selectmen.

# **SECTION 8: VIOLATIONS & PENALTIES**

8.1. Disposal generally prohibited; disposal of rubbish, garbage, solid waste and debris on public or private property:

No person shall throw or place or cause to be thrown or placed upon any premises located within the limits of the Town any rubbish, garbage, solid waste or debris of any kind, except in full conformance with this Ordinance, nor shall any owner or occupant of any such premises suffer any such rubbish, garbage, solid waste or debris to remain on said premises after receiving notice from the Chief of Police or, Code Enforcement Officer Public Works Director or their designees. Any person or persons so failing to remove any such rubbish, garbage, solid

waste or debris for a period of seven days after receipt of said notice shall be subject to enforcement

# 8.2 Limited Exemption:

Disposal of rubbish, garbage, solid waste and debris during the Spring Clean-up Week shall not constitute a violation of this Ordinance and shall not be subject to enforcement.

- 8.3. Any person, including, but not limited to, a landowner, the landowner's agent or a contractor, who violates any of the provisions of this ordinance shall be subject to enforcement and liable to the remedies, fines, and civil penalties as stated below in Sections 8.4, 8.5 and 8.6.
- 8.4. Monetary penalties may be assessed on a per-day basis and are civil penalties. The minimum penalty for a specific violation is \$100, and the maximum penalty is \$2,500.
- 8.5. Municipal Costs of Enforcement: In addition to the foregoing penalty provisions, any person violating any provision of this ordinance shall be liable to reimburse the Town for costs of enforcement including reasonable attorney fees and court costs. This The Town is also authorized to seek and obtain equitable relief.
- 8.6. Violations of this ordinance shall also be enforced under the provisions of the Maine antilittering statute at 17 M.R.S. §§ 2264-A, 2264-B, and 2264-C, as may be amended from time to time. A copy of those laws is attached as Appendix B and shall be updated as those laws are amended.

#### **SECTION 9: SPECIAL COLLECTION EFFORTS**

9.1. The Board of Selectmen or designee may authorize seasonal or other solid waste collection efforts in addition to those described in this ordinance. Such events shall be advertised by the Town so as to inform as many residents as practical.

#### **SECTION 10: SEVERABILITY**

If any section, sentence, clause, or phrase of this Ordinance shall be held invalid for any reason, the remainder of that section and all other sections shall continue in full force and effect.

## **SECTION 11: EFFECTIVE DATE; SUNSET**

This Ordinance shall become effective on May 6, 2014, and shall continue in effect for a period of four (4) years unless extended or reauthorized by Town Meeting prior to the expiration of the period of four (4) years from the effective date. upon the date of enactment for a period not to exceed 15 years, unless amended or repealed prior to the expiration of this 15 year period.

#### **SECTION 12: AMENDMENT**

This Ordinance may be amended in the same manner as any other Ordinance of the Town.

ADOPTED by Annual Town Meeting this 6<sup>th</sup> 8<sup>th</sup> day of May 2018. <del>2014.</del>

Joelle D. Nolan Claire Woolfolk, Town Clerk

# Appendix A

38 M.R.S.A. § 1303-C § 1303-C. Definitions Effective: July 1, 2012

As used in this chapter or in chapter 24,1 unless the context otherwise indicates, the following terms have the following meanings.

- **1. Repealed.** Laws 1995, c. 656, § A-19.
- **1-A.** Biomedical waste. "Biomedical waste" means waste that may contain human pathogens of sufficient virulence and in sufficient concentrations that exposure to it by a susceptible human host could result in disease or that may contain cytotoxic chemicals used in medical treatment.
- **1-B. Repealed.** L. 2005, c. 612, § A-21, eff. Jan. 1, 2007.
- **1-C. Bypass.** "Bypass" means any solid waste that is destined for disposal, processing or beneficial use at a solid waste facility but that cannot be disposed of, processed or beneficially used at that facility because of the facility's malfunction, insufficient capacity, inability to process or burn, downtime or any other comparable reason.
- 2. Repealed. Laws 1989, c. 890, § B-225.
- **2-A. Class I liquid.** "Class I liquid" means any liquid having a flash point below 100° Fahrenheit.
- **2-B. Class II liquid.** "Class II liquid" means any liquid having a flash point at or above 100° Fahrenheit and below 140° Fahrenheit.
- **3. Closing reserve fund.** "Closing reserve fund" means a fund created for the purpose of financing the closing and maintenance after closing of a waste facility.
- 4. Commercial hazardous waste facility. "Commercial hazardous waste facility" means:
- A. A waste facility that handles hazardous wastes generated off the site of the facility; or
- **B.** A facility that, in the handling of a waste generated off the site, generates hazardous waste.
- **5. Commercial landfill facility.** "Commercial landfill facility" means a commercial solid waste facility that is used for the burial of solid waste.
- **6. Commercial solid waste disposal facility.** "Commercial solid waste disposal facility" means a solid waste disposal facility except as follows:
- **A. Deleted.** Laws 2007, c. 338, § 2.
- **A-1. Repealed.** Laws 2005, c. 612, § 2, eff. Jan. 1, 2007.
- **A-2.** A solid waste facility that is owned by a public waste disposal corporation under section 1304-B, subsection 5:
- (1) As long as the public waste disposal corporation controls the decisions regarding the type

and source of waste that is accepted, handled, treated and disposed of at the facility; and

- (2) If the facility is a solid waste landfill, the facility accepts only waste that is generated within the State unless the commissioner finds that the acceptance of waste that is not generated within the State provides a substantial public benefit pursuant to section 1310-AA, subsection 1-A:
- **B. Deleted.** Laws 2007, c. 338, § 2.
- **B-1. Repealed.** Laws 2005, c. 612, § 2, eff. Jan. 1, 2007.
- B-2. A solid waste facility that is owned by a municipality under section 1305:
- (1) As long as the municipality controls the decisions regarding the type and source of waste that is accepted, handled, treated and disposed of at the facility; and
- (2) If the facility is a solid waste landfill, the facility accepts only waste that is generated within the State unless:
- (a) The commissioner finds that the acceptance of waste that is not generated within the State provides a substantial public benefit pursuant to section 1310-AA, subsection 1-A; and
- **(b)** Acceptance of waste that is not generated within the State is approved by a majority of the voters of the municipality by referendum election;
- **C. Deleted.** Laws 2007, c. 338, § 2.
- **C-1. Repealed.** Laws 2005, c. 612, § 2, eff. Jan. 1, 2007.
- C-2. A solid waste facility that is owned by a refuse disposal district under chapter 17:
- (1) As long as the refuse disposal district controls the decisions regarding the type and source of waste that is accepted, handled, treated and disposed of at the facility; and
- (2) If the facility is a solid waste landfill, the facility accepts only waste that is generated within the State unless the commissioner finds that the acceptance of waste that is not generated within the State provides a substantial public benefit pursuant to section 1310-AA, subsection 1-A:
- **D.** Beginning January 1, 2007, a solid waste facility owned and controlled by the Department of Administrative and Financial Services, Bureau of General Services under chapter 24;
- **D-1. Repealed.** Laws 2005, c. 612, § 2, eff. Jan. 1, 2007.
- **E.** A solid waste facility owned and controlled by a single entity that:
- (1) Generates at least 85% of the solid waste disposed of at a facility, except that the facility may accept from other sources, on a nonprofit basis, an amount of solid waste that is no more than 15% of all solid waste accepted on an annual basis; or
- (2) Is an owner of a manufacturing facility that has, since January 1, 2006, generated at least

85% of the solid waste disposed of at the solid waste facility, except that one or more integrated industrial processes of the manufacturing facility are no longer in common ownership, and those integrated industrial processes will continue to generate waste that will continue to be disposed of at the solid waste facility. This exemption only applies if the source and type of waste disposed of at the solid waste facility remains the same as that previously disposed of by the single entity.

For the purposes of this paragraph, "single entity" means an individual, partnership, corporation or limited liability corporation that is not engaged primarily in the business of treating or disposing of solid waste or special waste. This paragraph does not apply if an individual partner, shareholder, member or other ownership interest in the single entity disposes of waste in the solid waste facility. A waste facility receiving ash resulting from the combustion of municipal solid waste or refuse-derived fuel is not exempt from this subsection solely by operation of this paragraph.

For purposes of this paragraph, "integrated industrial processes" means manufacturing processes, equipment or components, including, but not limited to, energy generating facilities, that when used in combination produce one or more manufactured products for sale; or

**F.** A private corporation that accepts material-separated, refuse-derived fuel as a supplemental fuel and does not burn waste other than its own.

For purposes of this subsection, "waste that is generated within the State" includes residue and bypass generated by incineration, processing and recycling facilities within the State or waste whether generated within the State or outside of the State if it is used for daily cover, frost protection or stability or is generated within 30 miles of the solid waste disposal facility.

- 7. Repealed. Laws 1999, c. 525, § 2, eff. June 17, 1999.
- **A. to F. Repealed.** Laws 1999, c. 525, § 2, eff. June 17, 1999.
- **8. Construction and demolition debris.** "Construction and demolition debris" means debris resulting from construction, remodeling, repair, and demolition of structures. It excludes asbestos and other special wastes.
- **9. Contingency reserve fund.** "Contingency reserve fund" means a fund maintained for the purpose of meeting unexpected contingencies in the operation of a waste facility.
- **10. Conveyance.** "Conveyance" means any aircraft, watercraft, vehicle or other machine used for transportation on land, water or in the air.
- **11. Repealed.** Laws 1989, c. 890, § B-225.
- **12. Disposal.** "Disposal" means the discharge, deposit, dumping, spilling, leaking or placing of hazardous, biomedical or solid waste, waste oil, refuse-derived fuel, sludge or septage into or on land, air or water and the incineration of solid waste, refuse-derived fuel, sludge or septage so that the hazardous, biomedical or solid waste, waste oil, refuse-derived fuel, sludge or septage or a constituent of the hazardous, biomedical or solid waste, waste oil, refuse-derived fuel, sludge or septage may enter the environment or be emitted into the air, or discharged into waters, including ground waters.

- **13. Generation.** "Generation" means the act or process of producing hazardous, biomedical or solid waste, waste oil, sludge or septage.
- **13-A. Repealed.** Laws 1991, c. 520, § 4.
- **14. Handle.** "Handle" means to store, transfer, collect, separate, salvage, process, recycle, reduce, recover, incinerate, dispose of or treat.
- **15. Hazardous waste.** "Hazardous waste" means a waste substance or material, in any physical state, designated as hazardous by the board under section 1319-O. It does not include waste resulting from normal household or agricultural activities. The fact that a hazardous waste or part or constituent may have value or other use or may be sold or exchanged does not exclude it from this definition.
- **15-A. Hazardous waste incinerator.** "Hazardous waste incinerator" means an enclosed device using controlled flame combustion to thermally break down hazardous waste.
- **15-B. Host community.** "Host community" means any town, township or city that is the geographic site of a solid waste disposal facility or any immediately contiguous town, township or city if such town, township or city can demonstrate to the department that it incurs a direct financial impact related to any necessary development or maintenance of infrastructure or to any necessary provision of services as a result of the location or operation of that solid waste disposal facility.
- **16. Incineration facility.** "Incineration facility" means a facility where municipal solid waste or refuse-derived fuel is disposed of through combustion, including combustion for the generation of heat, steam or electricity.
- **17. Inert fill.** "Inert fill" means clean soil material, rocks, bricks, and cured concrete, which are not mixed with other waste, and which are not derived from an ore mining activity.
- **18. Land clearing debris.** "Land clearing debris" means solid wastes resulting from the clearing of land and consisting solely of brush, stumps, soil material and rocks.
- **19. Manifest.** "Manifest" means the form used for identifying the quantity, composition and the origin, routing and destination of hazardous waste during its transport.
- **19-A. Material-separated, refuse-derived fuel.** "Material-separated, refuse-derived fuel" means a binder-enhanced, pelletized, solid fuel product made from the combustible fraction of a municipal solid waste stream that has been processed to remove the recyclable material before combustion. The product may not contain more than 6% by weight of plastic, metal, glass or food waste. In addition, the production of material-separated, refuse-derived fuel may not exceed 40% by weight of the total municipal solid waste stream from which it was derived.
- **19-B. Primary sand and gravel recharge area.** "Primary sand and gravel recharge area" has the same meaning as in section 562-A, subsection 16-B.
- **19-C. Repealed.** Laws 2011, c. 655, § GG-8, eff. July 1, 2012.
- **20. Recyclable.** "Recyclable" means possessing physical and economic characteristics that allow a material to be recycled.

- **21. Recycle.** "Recycle" means to recover, separate, collect and reprocess waste materials for sale or reuse other than use as a fuel for the generation of heat, steam or electricity.
- **22. Recycling.** "Recycling" means the collection, separation, recovery and sale or reuse of materials that would otherwise be disposed of or processed as waste or the mechanized separation and treatment of waste, other than through combustion, and the creation and recovery of reusable materials other than as a fuel for the generation of electricity.
- **23. Refuse-derived fuel.** "Refuse-derived fuel" means municipal solid waste which has been processed prior to combustion to increase the heat input value of the waste.
- **24. Regional association.** "Regional association" means 2 or more municipalities that have formed a relationship to manage the solid waste generated within the participating municipalities and for which those municipalities are responsible. The relationship must be formed by one or more of the following methods:
- A. Creation of a refuse disposal district under chapter 17;2
- **B.** Creation of a nonprofit corporation that consists exclusively of municipalities and is organized under Title 13, chapter 813 or Title 13-B, for the purpose, among other permissible purposes, of owning, constructing or operating a solid waste disposal facility, including a public waste disposal corporation under section 1304-B, or whose members contract for the disposal of solid waste with a solid waste disposal facility, including, but not limited to, a qualifying facility as defined in Title 35-A, section 3303;
- **C.** Creation of a joint exercise of powers agreement under Title 30-A, chapter 115;4 or
- **D.** Contractual commitment.

For the purposes of this chapter, a regional association and the entities described in paragraphs B and C may include counties and quasi-municipal corporations as members provided the counties or quasi-municipal corporations, when acting by themselves within their own jurisdictions, are capable of exercising all of the powers of the regional association.

- **25. Residue.** "Residue" means waste remaining after the handling, processing, incineration or recycling of solid waste including, without limitation, front end waste and ash from incineration facilities.
- **25-A. Responsible party.** For the purposes of subchapter II-A5 only, "responsible party" means any or all of the following persons:
- **A.** The owner or operator of an uncontrolled tire stockpile; and
- **B.** Any person who owned or operated an uncontrolled tire stockpile from the time any tire arrived at that stockpile.
- **26. Resource recovery.** For the purposes of section 1304-B only, "resource recovery" means the recovery of materials or substances that still have useful physical or chemical properties after serving a specific purpose and can be reused or recycled for the same or other purposes.

- **27. Septage.** "Septage" means waste, refuse, effluent, sludge and any other materials from septic tanks, cesspools or any other similar facilities.
- **27-A. Significant ground water aquifer.** "Significant ground water aquifer" has the same meaning as in section 562-A, subsection 19-A.
- **28. Site.** "Site" means the same or geographically contiguous property which may be divided by a public or private right-of-way, provided that the entrance and exit between the properties is at a crossroads intersection and access is by crossing as opposed to going along the right-of-way. Noncontiguous properties owned by the same person but connected by a right-of-way which he controls and to which the public does not have access is also considered site property.
- **28-A. Sludge.** "Sludge" means nonhazardous solid, semisolid or liquid waste generated from a municipal, commercial or industrial wastewater treatment plant, water supply treatment plant or wet process air pollution control facility or any other waste having similar characteristics and effect. The term does not include industrial discharges that are point sources subject to permits under the federal Clean Water Act, 33 United States Code, Section 1342 (1999).
- **29. Solid waste.** "Solid waste" means useless, unwanted or discarded solid material with insufficient liquid content to be free-flowing, including, but not limited to, rubbish, garbage, refuse-derived fuel, scrap materials, junk, refuse, inert fill material and landscape refuse, but does not include hazardous waste, biomedical waste, septage or agricultural wastes. The fact that a solid waste or constituent of the waste may have value or other use or may be sold or exchanged does not exclude it from this definition.
- **30. Solid waste disposal facility.** "Solid waste disposal facility" means a solid waste facility for the incineration or landfilling of solid waste or refuse-derived fuel. Facilities that burn material-separated, refuse-derived fuel, either alone or in combination with fuels other than municipal solid waste or refuse-derived fuels, are not solid waste disposal facilities.
- **31. Solid waste facility.** "Solid waste facility" means a waste facility used for the handling of solid waste, except that the following facilities are not included:
- **A.** A waste facility that employs controlled combustion to dispose of waste generated exclusively by an institutional, commercial or industrial establishment that owns the facility;
- **B.** Lime kilns; wood chip, bark and hogged fuel boilers; kraft recovery boilers and sulfite process recovery boilers, which combust solid waste generated exclusively at the facility; and
- **C.** An industrial boiler that combusts mixed paper, corrugated cardboard or office paper to generate heat, steam or electricity if:
- (1) The mixed paper, corrugated cardboard or office paper would otherwise be placed in a landfill;
- (2) The market value of the mixed paper, corrugated cardboard or office paper as a raw material for the manufacture of a product with recycled content is less than its value to the facility owner as a fuel supplement;
- (3) The mixed paper, corrugated cardboard or office paper is combusted as a substitute for, or supplement to, fossil or biomass fuels that constitute the primary fuels combusted in the

industrial boiler; and

- (4) The boiler combusts no other forms of solid waste except as provided in this subsection.
- **32. Solid waste landfill.** "Solid waste landfill" means a waste disposal facility for the disposal of solid waste on or in land. This term does not include landspreading sites used in programs approved by the department.
- **32-A. Solid waste processing facility.** "Solid waste processing facility" means a land area, structure, equipment, machine, device, system or combination thereof, other than an incineration facility, that is operated to reduce the volume or change the chemical or physical characteristics of solid waste. "Solid waste processing facility" includes but is not limited to a facility that employs shredding, baling, mechanical and magnetic separation or composting or other stabilization technique to reduce or otherwise change the nature of solid waste.
- **33. Source separation.** "Source separation" means the preparation of materials for recycling by separation from wastes at the point of generation.
- **34. Special waste.** "Special waste" means any solid waste generated by sources other than domestic and typical commercial establishments that exists in such an unusual quantity or in such a chemical or physical state, or any combination thereof, that may disrupt or impair effective waste management or threaten the public health, human safety or the environment and requires special handling, transportation and disposal procedures. Special waste includes, but is not limited to:
- **A.** Oil, coal, wood and multifuel boiler and incinerator ash;
- **B.** Industrial and industrial process waste;
- **C.** Waste water treatment plant sludge, paper mill sludge and other sludge waste;
- **D.** Debris and residuals from nonhazardous chemical spills and cleanup of those spills;
- **E.** Contaminated soils and dredge spoils;
- **F.** Asbestos and asbestos-containing waste;
- **G.** Sand blast grit and nonliquid paint waste;
- **H. Deleted.** Laws 1989, c. 869, § A-5.
- **I.** High and low pH waste;
- **J.** Spent filter media and residue; and
- **K.** Other waste designated by the board, by rule.
- **35. State waste management and recycling plan.** "State waste management and recycling plan" means the plan adopted by the former Maine Waste Management Agency pursuant to chapter 24, subchapter 2,6 subsequent plans developed by the former State Planning Office pursuant to Title 5, former section 3305, subsection 1, paragraph N and the department

pursuant to section 2122 and may also be referred to as "state plan."

- **36. Storage.** "Storage" means the containment of hazardous wastes, either on a temporary basis or for a period of years, in such a manner as not to constitute disposal of the hazardous wastes.
- **37. Substantially expand.** "Substantially expand" means the expansion of an existing licensed hazardous waste facility by more than 25%, as measured by volume of waste or affected land area, from the date of its initial licensed operation.
- **38. Transport.** "Transport" means the movement of hazardous or solid waste, waste oil, sludge or septage from the point of generation to any intermediate points and finally to the point of ultimate disposition. Movement of hazardous waste on the site where it is generated or on the site of a licensed waste facility for hazardous waste is not "transport." Movement of waste oil on the site where it is generated or on the site of a licensed waste oil dealer's facility is not "transport."
- **39. Treatment.** "Treatment" means any process, including but not limited to incineration, designed to change the character or composition of any hazardous waste, waste oil or biomedical waste so as to render the waste less hazardous or infectious.
- **39-A. Uncontrolled tire stockpile.** "Uncontrolled tire stockpile" means an area or location, whether or not licensed, where used motor vehicle tires are or were handled, stored or disposed of in such a manner as to present a significant fire hazard or a threat to public health or to the quality of a classified body of surface water or a significant sand and gravel aquifer or fractured bedrock aquifer as defined in section 1310-N, subsection 2-A.
- **39-B. Used oil.** "Used oil" means waste oil, as defined in subsection 42.
- **39-C. Used oil collection center.** "Used oil collection center" means a site or facility where used oil is accepted from the public and collected or stored in an aboveground tank for recycling.
- **40. Waste facility.** "Waste facility" means any land area, structure, location, equipment or combination of them, including dumps, used for handling hazardous, biomedical or solid waste, waste oil, sludge or septage. A land area or structure does not become a waste facility solely because:
- **A.** It is used by its owner for disposing of septage from the owner's residence;
- **B.** It is used to store for 90 days or less hazardous wastes generated on the same premises;
- **C.** It is used by individual homeowners or lessees to open burn leaves, brush, deadwood and tree cuttings accrued from normal maintenance of their residential property, when such burning is permitted under section 599, subsection 3; or
- **D.** It is used by its residential owner to burn highly combustible domestic, household trash such as paper, cardboard cartons or wood boxes, when such burning is permitted under section 599, subsection 3.
- 41. Waste management. "Waste management" means purposeful, systematic and unified

control of the handling and transportation of hazardous, biomedical or solid waste, waste oil, sludge or septage.

- **42. Waste oil.** "Waste oil" means a petroleum-based or synthetic oil that, through use or handling, has become unsuitable for its original purpose due to the presence of impurities or loss of original properties. Waste oil that exhibits hazardous wastes characteristics, or has been contaminated with hazardous wastes in excess of quantities normally occurring in waste oil, is subject to the provisions of this chapter dealing with hazardous wastes.
- **43. Waste oil dealer.** "Waste oil dealer" means any person in the business of transporting or handling more than 1,000 gallons of waste oil for the purpose of resale in a calendar month. A person who collects or stores waste oil on the site of generation, whether or not for the purpose of resale, is not a waste oil dealer.
- **44. Waste reduction.** "Waste reduction" means an action that reduces waste at the point of generation and may also be referred to as "source reduction."
- **45. Waste resulting from agricultural activities.** "Waste resulting from agricultural activities" means wastes which result from agricultural activities defined in section 361-A, subsection 1-B, which are returned to the soils as fertilizers and includes waste pesticides when generated by a farmer in his own use, provided that he triple rinses each emptied pesticide container in accordance with departmental rules and disposes of the pesticide residues in a manner consistent with the disposal instructions on the pesticide label.
- **46. Wood wastes.** "Wood wastes" means brush, stumps, lumber, bark, woodchips, shavings, slabs, edgings, slash and sawdust, which are not mixed with other waste.
- **47. Yard wastes.** "Yard wastes" means grass clippings, leaves and other vegetal matter other than wood wastes and land clearing debris.

17 M.R.S.A. § 2262

§ 2262. Purposes

Currentness

It is declared and recognized that the proliferation and accumulation of litter discarded throughout this State endangers the free utilization and enjoyment of a clean and healthful environment by the people and constitutes a public health hazard; and recognizing that there has been a collective failure on the part of government, business and the public to accept, plan for and accomplish effective litter control, there is enacted the "Maine Litter Control Act."

17 M.R.S.A. § 2263

§ 2263. Definitions

Currentness

As used in this chapter, unless the context otherwise indicates, the following terms have the following meanings.

- **1.** "Disposable package" or "container" means any and all packages or containers used for the purpose of containing a product sold or held out for sale for human or animal consumption.
- **1-A. Repealed.** Laws 1989, c. 878, § B-12, eff. April 20, 1990.
- **1-B. Department.** "Department" means the Department of Agriculture, Conservation and Forestry.
- **1-C. Commercial purpose.** "Commercial purpose" means for the purpose of economic gain.
- **1-D. Abandoned ice-fishing shack.** "Abandoned ice-fishing shack" means a temporary structure used for ice fishing and left on property not owned by the person owning the structure without permission of the landowner for more than 15 days after the inland waters on which the shack or structure was located are closed to ice fishing.
- 2. Litter. "Litter" means all waste materials including, but not limited to, bottles, glass, crockery, cans, scrap metal, junk, paper, garbage, rubbish, offal, except waste parts or remains resulting from the normal field dressing of lawfully harvested wild game or the lawful use of waste parts or remains of wild game as bait, feathers, except feathers from live birds while being transported, abandoned ice-fishing shacks, old automobiles or parts of automobiles or similar refuse, or disposable packages or containers thrown or deposited as prohibited in this chapter, but not including the wastes of the primary processes of mining, logging, sawmilling, farming or manufacturing.
- **3.** "Litter receptacle" means a container of suitable size which is clearly identified with a sign, symbol or other device as a place where the public may dispose of litter.
- **4. Vehicle.** "Vehicle" means every vehicle which is self-propelled and designed for carrying persons or property or which is used for the transportation of persons, except motorcycles, farm implements and snowmobiles.

- **4-A. Commercial vehicle.** "Commercial vehicle" means a vehicle owned or used by a business, corporation, association, partnership, or the sole proprietorship of any entity conducting business for a commercial purpose.
- **5.** "Person" means any person, firm, partnership, association, corporation or organization of any kind whatsoever.
- **6.** "Public place" means any area that is used or held out for use by the public whether or not owned or operated by public or private interests.
- **7.** "Trailer" means any vehicle without motive power, designed for carrying persons or property and for being drawn by a motor vehicle.
- **8.** "Watercraft" means any type of vessel, boat or craft used or capable of being used as a means of transportation on water.

# Maine Revised Statutes Annotated Title 17. Crimes (Refs & Annos) Chapter 80. Litter Control (Refs & Annos)

17 M.R.S.A. § 2263-A § 2263-A. Littering

Currentness

- **1. Prohibited acts.** A person may not throw, drop, deposit, discard, dump or otherwise dispose of litter in any manner or amount:
  - **A.** In or on public highway, road, street, alley, public right-of-way or other public lands, except in a container or receptacle or on property that is designated for disposal of garbage and refuse by the State or its agencies or political subdivisions;
  - **B.** In freshwater lake, river, stream, tidal or coastal water or on ice over the water. When any litter is thrown or discarded from a watercraft, a person is in violation of this section if that person is:
    - (1) The operator of the watercraft, unless it is a watercraft being used for the carriage of passengers for hire; or
    - (2) The person actually disposing of the litter.

This paragraph does not prohibit persons who fish, lobster or otherwise harvest from the water from returning to the water harvested products, bait and similar materials that naturally originate in the water;

- **C.** In or on any private property, unless:
  - (1) Prior consent of the owner has been given; and
  - (2) The litter is not a public nuisance or in violation of any state law or local rule;
- **D.** From a trailer or vehicle that is constructed, loaded or uncovered in such a way that the load may drop, sift, leak or otherwise escape. This paragraph applies to vehicles or trailers carrying trash, rubbish or other materials that may be construed as "litter"; or
- **E.** From a vehicle. When any litter is thrown or discarded from a vehicle, a person is in violation of this section if that person is:

- (1) The operator of the vehicle, unless it is a vehicle being used for the carriage of passengers for hire; or
- (2) The person actually disposing of the litter.

In addition to any penalty under section 2264-A, violation of this subsection is a traffic infraction under Title 29-A, chapter 23, subchapter VI.<sup>1</sup>

A record of a violation of this subsection must be forwarded to the Secretary of State who, in accordance with Title 29-A, section 2607, shall add the violation to the department's point system. The violation is counted in determining an individual's total points under the point system of the Department of the Secretary of State, Bureau of Motor Vehicles.

**2. Commercial purpose presumed.** For the purposes of this chapter, if a person dumps litter from a commercial vehicle, that person is presumed to have dumped the litter for a commercial purpose.

Current with emergency legislation through Chapter 453 of the 2013 Second Regular Session of the 126th Legislature

17 M.R.S.A. § 2264-A

§ 2264-A. Penalties Effective: September 28, 2011

Unless otherwise indicated, a person who disposes of litter in violation of this chapter commits a civil violation for which the following fines apply.

- **1. Disposal of 15 pounds or less or 27 cubic feet or less of litter.** A person who disposes of 15 pounds or less or 27 cubic feet or less of litter commits a civil violation for which a fine of not less than \$100 and not more than \$500 may be adjudged.
- **1-A.** Disposal of 15 pounds or less or 27 cubic feet or less of litter; subsequent offenses. A person who violates subsection 1 after having previously violated subsection 1 commits a civil violation for which a fine of not less than \$500 and not more than \$1,000 may be adjudged.
- **2.** Disposal of more than 15 pounds or more than 27 cubic feet of litter. A person who disposes of more than 15 pounds or more than 27 cubic feet of litter commits a civil violation for which the court:
  - **A.** Shall impose a fine of not less than \$500;
  - **B.** Shall require the person to pay a party sustaining damages arising out of a violation of this subsection treble the actual damages or \$200, whichever amount is greater, plus the injured party's court costs and attorney's fees if action results in a civil proceeding;
  - **C.** Shall require the person to perform not less than 100 hours of public service relating to the removal of litter or to the restoration of an area polluted by litter disposed of in violation of this section. The court shall consult with the Commissioner of Inland Fisheries and Wildlife to determine if there is an opportunity for public service that may improve landowner and sportsman relations;
  - **D.** When practical, shall require the person to remove the litter dumped in violation of this subsection;
  - **E.** May suspend the person's motor vehicle operator's license for a period of not less than 30 days or more than one year, except as provided in paragraph F. Notwithstanding paragraph F, the court shall suspend all licenses and permits issued under Title 12, Part 13, subpart 4 and recreational vehicle registrations and certificates issued to that person under

Title 12, Part 13, subpart 6 for a period of not less than 30 days or more than one year; and

- **F.** May suspend any license, permit, registration or certification issued by a state agency or municipality to the person. A professional license, permit, registration or certification required for that person to operate or establish a business or necessary for the person's primary source of employment may not be suspended unless the items dumped were related to the person's profession or occupation.
- **2-A.** Disposal of more than 15 pounds or more than 27 cubic feet of litter; subsequent offenses. A person who violates subsection 2 after having previously violated subsection 2 commits a civil violation for which the penalty provisions under subsection 2 apply except for subsection 2, paragraph A, and a fine of not less than \$2,000 must be adjudged.
- **3.** Disposal of more than 500 pounds or more than 100 cubic feet of litter for a commercial purpose. A person who disposes of more than 500 pounds or more than 100 cubic feet of litter for a commercial purpose is subject to the penalties under Title 38, section 349.

17 M.R.S.A. § 2264-B

§ 2264-B. Penalty options Effective: September 28, 2011

In addition to the fines imposed in section 2264-A, subsections 1 and 1-A, the court may order a person adjudicated to have violated section 2264-A, subsection 1 or subsection 1-A to:

- 1. Removal of litter. Remove the litter dumped in violation of section 2264-A;
- **2. Cost of cleanup.** Pay the owner of the property treble the owner's cost of clean up or removal of the litter:
- **3. Damages.** Pay the person sustaining damages arising out of a violation of this subsection treble the actual damages or \$200, whichever amount is greater, plus the injured party's court costs and attorney's fees if action results in a civil proceeding;
- **4. Public service.** Perform public service relating to the removal of litter, or to the restoration of an area polluted by litter, dumped in violation of section 2264-A; and
- **5. License suspension.** Surrender the person's motor vehicle operator's license, a license or permit issued to that person under Title 12, Part 13, subpart 4 or a recreational vehicle registration or certificate issued to that person under Title 12, Part 13, subpart 6 for a period not exceeding 30 days. The court may suspend an operator's license for any violation of section 2264-A, subsection 1 or subsection 1-A that involves the use of a motor vehicle.

17 M.R.S.A. § 2267-A

§ 2267-A. Submerged motor vehicles, snowmobile and watercraft in waters of the State Effective: September 12, 2009

The following provisions apply when a motor vehicle is submerged or partially submerged in waters of the State or when a snowmobile or watercraft is submerged in the inland waters of the State.

- **1. Definition.** When used in this section the term "motor vehicle" means any self-propelled vehicle designed to carry persons or property or used to transport persons, except snowmobiles and watercraft. The term "watercraft," when used in this section, means any type of craft placed on the inland waters of the State, whether used as a means of transportation or for other purposes.
- **2. Notice of submerged vehicle, snowmobile or watercraft to be given to department.** The owner of any motor vehicle that becomes submerged or partially submerged in the waters of the State shall immediately, by the fastest means of communication, notify the Commissioner of Inland Fisheries and Wildlife of the event and the location of the vehicle. The owner of a snowmobile or watercraft that becomes submerged in the inland waters of the State for more than 24 hours shall notify the commissioner as provided in this subsection.

The commissioner shall, upon receiving notice of a submerged or partially submerged vehicle in the waters of the State or a submerged snowmobile or watercraft in the inland waters of the State, notify the Chief of the State Police, the Commissioner of Environmental Protection and any municipality or public utility that regulates the uses of the waters as a source of public water supply pursuant to Title 22, sections 2641 to 2648.

- 3. Owner legally liable to remove vehicle, snowmobile or watercraft. The owner of the vehicle is legally liable to remove any motor vehicle submerged or partially submerged in the waters of the State and pay any damages resulting from the submersion or removal. The vehicle must be removed within 30 days of the submersion or partial submersion or within 30 days of "ice out" in the body of water unless the commissioner determines that the vehicle creates a health or safety hazard. If the commissioner determines that the vehicle creates a health or safety hazard the commissioner shall order the owner to remove the vehicle immediately. If the owner fails to remove the vehicle upon order of the commissioner, the commissioner shall, in writing, request the court to direct the owner to remove the vehicle immediately. The owner of a snowmobile or watercraft that is submerged in the inland waters of this State for longer than 24 hours shall remove the snowmobile or watercraft in accordance with this subsection.
- 4. Financial responsibility. A conviction or adjudication of any person for a violation of this

section constitutes a violation of state law relative to motor vehicles to which Title 29-A, chapter 13<sup>1</sup> applies.

- **5. Penalties.** A violation of this section is a civil violation for which a forfeiture of \$200 may be adjudged. In addition to a forfeiture, or instead of a forfeiture, the judge may direct the person convicted to remove the vehicle, snowmobile or watercraft.
- **6. Rules.** The commissioner may, in accordance with the provisions of Title 5, chapter 375, adopt any rules necessary to carry out the purposes of this chapter.

17 M.R.S.A. § 2269-A

§ 2269-A. Litter receptacles; selection and placement

Currentness

- 1. Procure, place and maintain litter receptacles. A person who owns or operates an establishment or public place in which litter receptacles are required by this chapter shall procure, place and maintain receptacles at the person's own expense in accordance with this chapter.
- **2. Required placement.** Litter receptacles as defined in section 2263 must be placed at all public places or establishments that serve the public, including, but not limited to: campgrounds, trailer parks, drive-in restaurants, gasoline service stations, parking lots, shopping centers, grocery store parking lots, parking lots of major industrial firms, marinas, boat launching areas, boat moorage and fueling stations, beaches and bathing areas, school grounds and business district sidewalks. The number of receptacles required is as follows:
  - **A.** For a campground or trailer park for transient habitation, one receptacle at each public rest room facility;
  - **B.** For a drive-in restaurant, parking lot, shopping center, grocery store parking lot or parking lot of a major industrial firm, one receptacle, plus one additional receptacle for each 200 parking spaces in excess of 50 spaces;

- **C.** For a gasoline service station, one receptacle per gasoline pump island;
- **D.** For a marina, boat launching area or boat moorage and fueling station, one receptacle at each location:
- E. For a beach or bathing area, one receptacle at each public rest room facility;
- **F.** For school grounds, one receptacle at each playground area and one at each school bus loading zone; and
- **G.** For business district sidewalks, one receptacle per 1,000 feet of sidewalk curbing.
- **3. Exception; remote forest campsites.** Remote forest campsites operated by the Department of Agriculture, Conservation and Forestry pursuant to Title 12, chapter 220, subchapter 2, are not considered public places or establishments that serve the public if they are designated as "carry-in and carry-out" sites from which users are expected to remove litter and other material upon their departure.
- **4. Penalties.** A person who operates a business of a type described in this section commits a civil violation for which a fine of \$10 for each violation may be adjudged if that person:
  - A. Fails to place the litter receptacles on the premises in the numbers required; or
  - **B.** Fails to comply within 10 days of being notified by registered letter by the Department of Agriculture, Conservation and Forestry that that person is in violation.

Each day a violation continues is a separate offense.

#### NOTES:

.

<sup>(</sup>f) Within the shoreland zone: No new lot shall be created except in conformity with all of the requirements of this Ordinance for the district in which it is located. In addition to shore frontage, refer to Section 6B.1011.4.3 for the required minimum lot width. For the required measurements, refer to shore frontage and minimum lot width in Section 8. When a legally existing parcel does not contain any shore frontage, the lot may be divided such that the newly created lots do not contain any shore frontage as otherwise required in Sections 3.5 and 6B.11.4.3, provided that all other minimum lot dimensional

standards are met, including but not limited to lot area and minimum lot width.

.

#### **6A GENERAL PERFORMANCE STANDARDS**

.

#### 6A.8 Vegetation

- 1. **Clearing.** Clearing of trees or conversion to other vegetation is allowed for permitted construction provided that:
  - 1. Appropriate measures are taken, if necessary, to prevent erosion when activity is undertaken.
  - 2. The activity is in conformity with Section 6C.3, clearing or removal of vegetation for activities other than timber harvesting.
- 2. Tree removal near town or state roads. Removal of more than 25% of the trees within 25 feet of any town or state road in any 12 month period (except for those required to complete permitted construction) shall require a Conditional Use Approval of the Planning Board. Other woody plants must be retained or replaced with native species.
- 3. Slash. No accumulation of slash shall be left within 50 feet of any town or state road or within 50 feet of the normal high-water line of any water body, and in shoreland zone shall comply with the standards of Section 6C.3. Slash shall be disposed of so that no part extends more than 4 feet above the ground.
- 4. CEO Permit. A CEO Permit is required for cutting timber larger than 4 inches in diameter measured 4 ½ feet above ground when the total amount to be cut is greater than 10 cords but less than 50 cords in any one year period.

**5. Conditional Use Approval.** Conditional Use Approval is required from the Planning Board for cutting timber larger than 4 inches in diameter measured 4 ½ feet above ground when the total amount to be cut is 50 cords or more in any one year period.

•

#### 6B SPECIFIC PERFORMANCE STANDARDS FOR ACTIVITIES AND LAND USES

.

#### 6B.9 Individual Private Campsites.

<u>Individual private campsites not associated with campgrounds are allowed provided the</u> following conditions are met:

1. One campsite per lot existing on the effective date of this Ordinance, or thirty thousand (30,000) square feet of lot area within the shoreland zone, whichever is less, may be

#### permitted.

- 2. When an individual private campsite is proposed on a lot that contains another principal use and/or structure, the lot must contain the minimum lot dimensional requirements for the principal structure and/or use, and the individual private campsite separately.
- 3. Campsite placement on any lot, including the area intended for a recreational vehicle or tent platform, shall be set back one hundred (100) feet, horizontal distance, from the normal high-water line of a great pond classified GPA or river flowing to a great pond classified GPA, and seventy-five (75) feet, horizontal distance, from the normal high-water line of other water bodies, tributary streams, or the upland edge of a wetland.
- 4. Only one recreational vehicle shall be allowed on a campsite. The recreational vehicle shall not be located on any type of permanent foundation except for a gravel pad, and no structure except a canopy shall be attached to the recreational vehicle.
- 5. The clearing of vegetation for the siting of the recreational vehicle, tent or similar shelter in a Resource Protection District shall be limited to one thousand (1000) square feet.
- 6. A written sewage disposal plan describing the proposed method and location of sewage disposal shall be required for each campsite and shall be approved by the Local Plumbing Inspector. Where disposal is off-site, written authorization from the receiving facility or land owner is required.
- 7. When a recreational vehicle, tent or similar shelter is placed on-site for more than one hundred and twenty (120) days per year, all requirements for residential structures shall be met, including the installation of a subsurface sewage disposal system in compliance with the State of Maine Subsurface Wastewater Disposal Rules unless served by public sewage facilities.

SHORELAND ZONING STANDARDS

.

6C.3 Clearing or Removal of Vegetation For Activities Other Than Timber Harvesting

:

#### 7. Hazard Trees, Storm-Damaged Trees, and Dead Tree Removal

- Hazard trees in the shoreland zone may be removed without a permit after consultation with the Code Enforcement Officer if the following requirements are met:
  - 1. Within the shoreline buffer, if the removal of a hazard tree results in a cleared opening in the tree canopy greater than two hundred and fifty (250) square feet, replacement with native tree species is required, unless there is new tree growth already present. New tree growth must be as near as practicable to where the hazard tree was removed and be at least two (2) inches in diameter, measured at four and one half (4.5) feet above the ground level. If new growth is not present, then replacement trees shall consist of native species and be at least four (4) feet in height, and be no less than two (2) inches in diameter. Stumps may not be removed.
  - 2. Outside of the shoreline buffer, when the removal of hazard trees exceeds forty (40) percent of the volume of trees four (4) inches or more in diameter, measured at four and one half (4.5) feet above ground level in any ten (10) year period, and/or results in cleared openings exceeding twenty-five (25) percent of the lot area within the shoreland zone, or ten thousand (10,000) square feet, whichever is greater, replacement with native tree species is

- required, unless there is new tree growth already present. New tree growth must be as near as practicable to where the hazard tree was removed and be at least two (2) inches in diameter, measured at four and one half (4.5) feet above the ground level. If new growth is not present, then replacement trees shall consist of native species and be at least two (2) inches in diameter, measured at four and one half (4.5) feet above the ground level.
- 3. The removal of standing dead trees, resulting from natural causes, is permissible without the need for replanting or a permit, as long as the removal does not result in the creation of new lawn areas, or other permanently cleared areas, and stumps are not removed. For the purposes of this provision dead trees are those trees that contain no foliage during the growing season.
- 4. The Code Enforcement Officer may require the property owner to submit an evaluation from a licensed forester or arborist before any hazard tree can be removed within the shoreland zone.
- 5. The Code Enforcement Officer may require more than a one–for-one replacement for hazard trees removed that exceed eight (8) inches in diameter measured at four and one half (4.5) feet above the ground level.
- 2. Storm-damaged trees in the shoreland zone may be removed without a permit after consultation with the Code Enforcement Officer if the following requirements are met:
  - 1. Within the shoreline buffer, when the removal of storm-damaged trees results in a cleared opening in the tree canopy greater than two hundred and fifty (250) square feet, replanting is not required, but the area shall be required to naturally revegetate, and the following requirements must be met:
    - (i) The area from which a storm-damaged tree is removed does not result in new lawn areas, or other permanently cleared areas;
    - (ii) Stumps from the storm-damaged trees may not be removed;
    - (iii) Limbs damaged from a storm event may be pruned even if they extend beyond the bottom one-third (1/3) of the tree; and
    - (iv) If after one growing season, no natural regeneration or regrowth is present, replanting of native tree seedlings or saplings is required at a density of one seedling per every eighty (80) square feet of lost canopy.
  - 2. Outside of the shoreline buffer, if the removal of storm damaged trees exceeds 40% of the volume of trees four (4) inches or more in diameter, measured at four and one half (4.5) feet above the ground level in any ten (10) year period, or results, in the aggregate, in cleared openings exceeding 25% of the lot area within the shoreland zone or ten thousand (10,000) square feet, whichever is greater, and no natural regeneration occurs within one growing season, then native tree seedlings or saplings shall be replanted on a one-for-one basis.

- 8. Exemptions to Clearing and Vegetation Removal Requirements. The following activities are exempt from the clearing and vegetation removal standards set forth in Section 15(P), provided that all other applicable requirements of this chapter are complied with, and the removal of vegetation is limited to that which is necessary:
  - 1. The removal of vegetation that occurs at least once every two (2) years for the maintenance of legally existing areas that do not comply with the vegetation standards in this chapter, such as but not limited to cleared openings in the canopy or fields. Such areas shall not be enlarged, except as allowed by this section. If any of these areas, due to lack of removal of vegetation every two (2) years, reverts back to primarily woody vegetation, the requirements of Section 15(P) apply;
  - The removal of vegetation from the location of allowed structures or allowed uses, when the shoreline setback requirements of section 15(B) are not applicable;
  - 3. The removal of vegetation from the location of public swimming areas associated with an allowed public recreational facility;
  - 4. The removal of vegetation associated with allowed agricultural uses, provided best management practices are utilized, and provided all requirements of section 15(N) are complied with;
  - 5. The removal of vegetation associated with brownfields or voluntary response action program (VRAP) projects provided that the removal of vegetation is necessary for remediation activities to clean-up contamination on a site in a general development district, commercial fisheries and maritime activities district or other equivalent zoning district approved by the Commissioner that is part of a state or federal brownfields program or a voluntary response action program pursuant 38 M.R.S.A section 343-E, and that is located along:
    - 1. A coastal wetland; or
    - 2. A river that does not flow to a great pond classified as GPA pursuant to 38 M.R.S.A section 465-A.
  - 6. The removal of non-native invasive vegetation species, provided the following minimum requirements are met:
    - If removal of vegetation occurs via wheeled or tracked motorized equipment, the wheeled or tracked motorized equipment is operated and stored at least twenty-five (25) feet, horizontal distance, from the shoreline, except that wheeled or tracked equipment may be operated or stored on existing structural surfaces, such as pavement or gravel;
    - 2. Removal of vegetation within twenty-five (25) feet, horizontal distance, from the shoreline occurs via hand tools; and
    - 3. If applicable clearing and vegetation removal standards are exceeded due to

the removal of non-native invasive species vegetation, the area shall be revegetated with native species to achieve compliance.

**NOTE**: An updated list of non-native invasive vegetation is maintained by the Department of Agriculture, Conservation and Forestry's Natural Areas Program: http://www.maine.gov/dacf/mnap/features/invasive\_plants/invasives.htm

- 7. The removal of vegetation associated with emergency response activities conducted by the Department, the U.S. Environmental Protection Agency, the U.S. Coast Guard, and their agents.
- 9. Revegetation Requirements. When revegetation is required in response to violations of the vegetation standards set forth in Section 15(P), to address the removal of non- native invasive species of vegetation, or as a mechanism to allow for development that may otherwise not be permissible due to the vegetation standards, including removal of vegetation in conjunction with a shoreline stabilization project, the revegetation must comply with the following requirements.
  - 1. The property owner must submit a revegetation plan, prepared with and signed by a qualified professional, that describes revegetation activities and maintenance. The plan must include a scaled site plan, depicting where vegetation was, or is to be removed, where existing vegetation is to remain, and where vegetation is to be planted, including a list of all vegetation to be planted.
  - 2. Revegetation must occur along the same segment of shoreline and in the same area where vegetation was removed and at a density comparable to the pre-existing vegetation, except where a shoreline stabilization activity does not allow revegetation to occur in the same area and at a density comparable to the pre-existing vegetation, in which case revegetation must occur along the same segment of shoreline and as close as possible to the area where vegetation was removed:
  - 3. If part of a permitted activity, revegetation shall occur before the expiration of the permit. If the activity or revegetation is not completed before the expiration of the permit, a new revegetation plan shall be submitted with any renewal or new permit application.
  - 4. Revegetation activities must meet the following requirements for trees and saplings:
    - 1. All trees and saplings removed must be replaced with native noninvasive species;
    - 2. Replacement vegetation must at a minimum consist of saplings;
    - 3. If more than three (3) trees or saplings are planted, then at least three (3) different species shall be used;
    - 4. No one species shall make up 50% or more of the number of trees and saplings planted;

- 5. If revegetation is required for a shoreline stabilization project, and it is not possible to plant trees and saplings in the same area where trees or saplings were removed, then trees or sapling must be planted in a location that effectively reestablishes the screening between the shoreline and structures; and
- 6. A survival rate of at least eighty (80) percent of planted trees or saplings is required for a minimum five (5) years period.
- 5. Revegetation activities must meet the following requirements for woody vegetation and other vegetation under three (3) feet in height:
  - 1. All woody vegetation and vegetation under three (3) feet in height must be replaced with native noninvasive species of woody vegetation and vegetation under three (3) feet in height as applicable;
  - Woody vegetation and vegetation under three (3) feet in height shall be planted in quantities and variety sufficient to prevent erosion and provide for effective infiltration of stormwater;
  - 3. If more than three (3) woody vegetation plants are to be planted, then at least three (3) different species shall be planted;
  - 4. No one species shall make up 50% or more of the number of planted woody vegetation plants; and
  - 5. Survival of planted woody vegetation and vegetation under three feet in height must be sufficient to remain in compliance with the standards contained within this chapter for minimum of five (5) years
- 6. Revegetation activities must meet the following requirements for ground vegetation and ground cover:
  - All ground vegetation and ground cover removed must be replaced with native herbaceous vegetation, in quantities and variety sufficient to prevent erosion and provide for effective infiltration of stormwater;
  - Where necessary due to a lack of sufficient ground cover, an area must be supplemented with a minimum four (4) inch depth of leaf mulch and/or bark mulch to prevent erosion and provide for effective infiltration of stormwater; and
  - 3. Survival and functionality of ground vegetation and ground cover must be sufficient to remain in compliance with the standards contained within this chapter for minimum of five (5) years.

.

**6C.7** Marine and Freshwater Structure Performance Standards

•

5. **No new structures.** No new structure shall be built on, over or abutting a pier, wharf, dock or other structure extending below the normal high-water line of a water body or within a wetland unless the structure requires direct access to the water body or wetland as an operational necessity. A structure constructed on a float or floats is prohibited unless it is designed to function as, and is registered with the Maine Department of Inland Fisheries and Wildlife as a watercraft.

.

#### 6C.11 Timber Harvesting

- 1. Resource Protection and Stream Protection Districts. In the Resource Protection and Stream Protection Districts, timber harvesting is prohibited.
- Areas other than Resource Protection or Stream Protection. Except in areas as described in Section 6C.11.1. above, timber harvesting shall conform with the following provisions:
  - 1. 40% limit. Selective cutting of no more than forty (40) percent of the total volume of trees four (4) inches or more in diameter measured at 4 1/2 feet above ground level on any lot in any ten (10) year period is permitted. In addition:
    - 1. No clearcuts within shoreline setback. Within one-hundred (100) feet, horizontal distance, of the normal high-water line of a great pond, and within seventy-five (75) feet, horizontal distance, of the normal high-water line of other water bodies, tributary streams, or the upland edge of a wetland, there shall be no clearcut openings and a well-distributed stand of trees and other vegetation, including existing ground cover, shall be maintained.
    - 2. Cleared openings farther than shoreline setback. At distances greater than one-hundred (100) feet, horizontal distance, of a great pond, and greater than seventy five (75) feet, horizontal distance, of the normal high-water line of other water bodies, tributary streams or the upland edge of a wetland, harvesting operations shall not create single clearcut openings greater than ten-thousand (10,000) square feet in the forest canopy. Where such openings exceed five thousand (5000) square feet they shall be at least one hundred (100) feet, horizontal distance, apart. Such clearcut openings shall be included in the calculation of total volume removal. Volume may be considered to be equivalent to basal area.
  - 2. Harvesting in excess of 40%. Timber harvesting operations exceeding the 40% limitation in Section 6C.11.2.1 above may be allowed by the planning board upon a clear showing, including a forest management plan signed by a Maine licensed professional forester, that such an exception is necessary for good forest management and will be carried out in accordance with the

- purposes of this Ordinance. The planning board shall notify the Commissioner of the Department of Environmental Protection of each exception allowed, within fourteen (14) days of the planning board's decision.
- 3. **Accumulation of slash.** No accumulation of slash shall be left within fifty (50) feet, horizontal distance, of the normal high-water line of a water body. In all other areas slash shall either be removed or disposed of in such a manner that it lies on the ground and no part thereof extends more than four (4) feet above the ground. Any debris that falls below the normal high-water line of a water body or tributary stream shall be removed.
- 4. **Stream channel travel prohibited.** Timber harvesting equipment shall not use stream channels as travel routes except when:
  - 1. Surface waters are frozen; and
  - 2. The activity will not result in any ground disturbance.
- 5. Crossing of flowing water. All crossings of flowing water shall require a bridge or culvert, except in areas with low banks and channel beds which are composed of gravel, rock or similar hard surface which would not be eroded or otherwise damaged.
- 6. Skid trail runoff. Skid trail approaches to water crossings shall be located and designed so as to prevent water runoff from directly entering the water body or tributary stream. Upon completion of timber harvesting, temporary bridges and culverts shall be removed and areas of exposed soil revegetated.
- 7. Soil exposure setback. Except for water crossings, skid trails and other sites where the operation of machinery used in timber harvesting results in the exposure of mineral soil shall be located such that an unscarified strip of vegetation of at least seventy five (75) feet, horizontal distance, in width for slopes up to ten (10) percent shall be retained between the exposed mineral soil and the normal high water line of a water body or upland edge of a wetland. For each ten (10) percent increase in slope, the unscarified strip shall be increased by twenty (20) feet, horizontal distance. The provisions of this paragraph apply only to a face sloping toward the water body or wetland, provided, however, that no portion of such exposed mineral soil on a back face shall be closer than twenty five (25) feet, horizontal distance, from the normal high-water line of a water body or upland edge of a wetland.

# 6C.1211Water Quality . . SECTION 7 CODE ENFORCEMENT OFFICER .

\_\_\_\_

7.5 Procedure for Administering Permits

.

3. **Special Exceptions.** In addition to the criteria specified in Section 5.9 above, excepting structure setback requirements, the Planning Board may approve a permit for a single family residential structure in a Resource Protection District provided that the applicant demonstrates that all of the following conditions are met:

.

4. The total <u>footprint</u> <u>ground-floor area</u>, including cantilevered or similar overhanging extensions, of all principal and accessory structures is limited to a maximum of 1500 square feet. This limitation shall not be altered by variance.

.

#### **SECTION 8 DEFINITIONS**

•

BUREAU OF FORESTRY: State of Maine Department of Agriculture, Conservation, and Forestry, Bureau of Forestry.

.

**COASTAL WETLAND:** All tidal and subtidal lands; all lands with vegetation present that is tolerant of salt water and occurs primarily in a salt water or estuarine habitat; and any swamp, marsh, bog, beach, flat or other contiguous low land that is subject to tidal action during the highest tide level for the year in which an activity is proposed as identified in tide tables published by the National Ocean Service Association. Coastal wetlands may include portions of coastal sand dunes. All areas below the highest annual tide level are coastal wetlands. These areas may consist of rocky ledges, sand and cobble beaches, mud flats, etc., in addition to salt marshes and salt meadows.

•

**EXPANSION OF A STRUCTURE:** An increase in the <u>footprint</u> <u>floor area or volume</u> of a structure, including all extensions such as, but not limited to: attached decks, garages, porches and greenhouses.

**EXPANSION OF A USE:** The additional use of more floor footprint of a structure, land or water area devoted to a particular use; additional one or more weeks of the use's operating season; or additional business hours of operation.

.

**FOREST MANAGEMENT ACTIVITIES:** Timber cruising and other forest resource evaluation activities, pesticide or fertilizer application, management planning activities, timber stand improvement, pruning, regeneration of forest stands, and other similar or associated activities, exclusive of timber harvesting and the construction, creation or maintenance of roads.

.

FUNCTIONALLY WATER-DEPENDENT USES: Those uses that require, for their primary purpose, location on submerged lands or that require direct access to, or location in, coastal or inland waters and that can not be located away from these waters. The uses include, but are not limited to commercial and recreational fishing and boating facilities (excluding recreational boat storage buildings), finfish and shellfish processing, fish-related storage and retail and wholesale fish marketing facilities, waterfront dock and port facilities, shipyards and boat building facilities, marinas, navigation aids, basins and channels, retaining walls, shoreline structures necessary for erosion control purposes, industrial uses dependent upon water-borne transportation or requiring large volumes of cooling or processing water that can not reasonably be located or operated at an inland site, and uses that primarily provide general public access to coastal or inland waters. Recreational boat storage buildings are not considered to be a functionally water dependent use.

HAZARD TREE: a tree with a structural defect, combination of defects, or disease resulting in a structural defect that under the normal range of environmental conditions at the site exhibits a high probability of failure and loss of a major structural component of the tree in a manner that will strike a target. A normal range of environmental conditions does not include meteorological anomalies, such as, but not limited to: hurricanes; hurricane-force winds; tornados; microbursts; or significant ice storm events. Hazard trees also include those trees that pose a serious and imminent risk to bank stability. A target is the area where personal injury or property damage could occur if the tree or a portion of the tree fails. Targets include roads, driveways, parking areas, structures, campsites, and any other developed area where people frequently gather and linger.

LAND MANAGEMENT ROAD: A route or track consisting of a bed of exposed mineral soil, gravel, or other surfacing materials constructed for, or created by, the passage of motorized vehicles and used primarily for timber harvesting and related activities, including associated log vards, but not including skid trails or skid roads.

NON-CONFORMING STRUCTURE: A structure which does not meet any one or more of the following dimensional requirements; setback, height, or lot coverage or footprint, but which is allowed solely because it was in lawful existence at the time this Ordinance or subsequent amendments took effect.

NON-NATIVE INVASIVE SPECIES OF VEGETATION: species of vegetation listed by the Maine Department of Agriculture, Conservation and Forestry as being invasive in Maine ecosystems and not native to Maine ecosystems.

**OUTLET STREAM:** any perennial or intermittent stream, as shown on the most recent highest

resolution version of the national hydrography dataset available from the United States
Geological Survey on the website of the United States Geological Survey or the national map,
that flows from a freshwater wetland.
•
•
PRINCIPAL STRUCTURE OR USE: A structure or use other than one which is wholly
incidental or accessory to another structure or use on the same premises lot.
•
•
SAPLING: a tree species that is less than two (2) inches in diameter at four and one half (4.5) feet above ground level.
leet above ground level.
<b>SEEDLING:</b> a young tree species that is less than four and one half (4.5) feet in height above ground level.
•
•
SKID ROAD OR SKID TRAIL: A route repeatedly used by forwarding machinery or animal to haul or drag forest products from the stump to the yard or landing, the construction of which requires minimal excavation.
requires minimal excavation.
•
STORM-DAMAGED TREE: a tree that has been uprooted, blown down, is lying on the ground,
or that remains standing and is damaged beyond the point of recovery as the result of a storm
event.
<del></del>
STRUCTURE: Anything temporarily or permanently located, built, constructed or erected, for the
support, shelter or enclosure of persons, animals, goods or property of any kind or anything
<u>constructed or erected</u> as a permanent fixture on, above, or below the surface of the land, or water.
The term includes structures temporarily or permanently located, including a porches, decks or
patios. Anything constructed or erected that would be considered a structure but for the fact that it
is temporary and not permanent which is within the shoreland zone as defined will also be
considered a structure. The term structure shall not include flagpoles, church steeples, fences,
poles customarily used for the transmission of electricity, television antennas, <u>mailboxes</u> radio
antennas, driveways, roads, and subsurface wastewater disposal systems and wells. Sign posts, as referenced in the "Ordinance Regulating the Building and Street Numbering in the Town of
Mount Desert", shall not be included as structures.
Mount Desert, small not be included as structures.

B. Temporary: A building or structure not meeting the definition of permanent.

A. Permanent: A building or structure that is intended to remain in place for a period of more than 180 days in any consecutive 12-month period.

.

TREE: A woody perennial plant whose trunk is 4" in diameter or more, measured at 4½' above ground level. A woody perennial plant with a well-defined trunk(s) at least two (2) inches in diameter at four and one half (4.5) feet above the ground, with a more or less definite crown, and reaching a height of at least ten (10) feet at maturity fixed exterior wall planes as measured from the exterior faces of these walls and roof. (Excluding foundations, but including basements as defined in this section.)

### STATE OF MAINE DEPARTMENT OF TRANSPORTATION MUNICIPAL PARTNERSHIP AGREEMENT

#### WIN 21930.08

#### REGARDING

#### **ROUTE 3, MOUNT DESERT**

This Cooperative Agreement (AGREEMENT) is entered into by and between the MAINE DEPARTMENT OF TRANSPORTATION ("MaineDOT"), an agency of state government with its principal administrative offices located on Child Street, Augusta, Maine, and the **TOWN OF MOUNT DESERT** ("MUNICIPALITY"), a municipality in the State of Maine with offices located at **21 SEA STREET, MOUNT DESERT**, ME.

#### WHEREAS,

**MOUNT DESERT** shall perform a **HIGHWAY REHABILITATION** project (the "Project"). The work will consist of full depth pavement reclamation with drainage improvements and HMA overlay on ROUTE 3 from RLM 118.21 to RLM 119.31 (the Work"). **MOUNT DESERT** estimates this project at \$1,000,000.00

#### **MOUNT DESERT SHALL:**

- A. Procure all contracts for and oversee the Project on **ROUTE 3** for the Work outlined above.
- B. Cause such Work to be performed in accordance with a design by an engineer licensed in the State of Maine. The Licensed Engineer shall provide a certification to the Municipality and to MaineDOT that, in his/her professional opinion, the Project as designed will provide a smooth ride, not reduce the safety, mobility or structural quality of the state [state aid] road. All design documents must be stamped and signed in accordance with this provision by the Professional Engineer.
- C. Agree to secure all necessary Federal, State and Local permits necessary to complete the work. **MOUNT DESERT** also agrees to secure any needed property rights in accordance with all applicable State and Federal Law.

- D. Agrees that any exceptions to State Design Standards shall be documented as part of this process. This documentation shall compare the new design to the existing conditions for each of the exceptions to current design standards. Any such exceptions shall be displayed on the cover sheet for the Project plans with the signature and PE stamp of the engineer responsible for the design of the Project.
- E. Be responsible, within the Project limits, for the following:
  - a. Ensuring that the safety of the corridor and the life of the resulting structural and design elements are equal to or better than existing conditions and design;
  - b. Ensuring that the structures, roadways and/or design features affected by the Project work shall, at a minimum, be of equal dimensions to the existing features or structures and shall be of improved quality in terms of materials and utility;
  - c. Ensuring that the Project does not introduce any unanticipated safety hazards to the traveling public;
  - d. Ensuring that the Project retains the same level of mobility or improves mobility of travel within the corridor;
  - e. Ensuring that the Project does not in any manner decrease the life expectancy of this component of Maine's transportation system; and,
  - f. Ensuring that the Project meets the most recent standards of Americans with Disabilities Act of 1990 (ADA) design requirements.
- F. Provide certification through their Engineer to MaineDOT that the Project is complete and was constructed as designed.
- G. Ensure that construction shall commence within EIGHTEEN (18) months and shall be certified complete within THIRTY SIX (36) months of execution of this agreement.

  MOUNT DESERT may forfeit the unpaid balance of this grant if these deadlines are not met or they can not demonstrate earnest and good faith efforts to meet them.
- H. Be responsible for or cause its contractors to be responsible for all damage to public or private property of any kind resulting from any act, omission, neglect or misconduct of MOUNT DESERT or its contractors, including damage to vehicles passing through the Project limits.
- I. Bear all risk of loss relating to the Project and the Work regardless of cause.

#### **MAINEDOT SHALL:**

A. Provide a maximum \$500,000.00 in State funds supporting the Work stated above. Reimbursement will be made by the Department at a minimum of 1/3 project completion upon receipt of supporting cost documentation from the Municipality. Payments will be made per Appendix A attached. The Department's Region Engineer shall review the costs and certify their eligibility prior to reimbursement of Municipal

Partnership Initiative Funds. Payment by MaineDOT Municipal Partnership Initiative funds shall not exceed **\$500,000.00** or 50% of the actual costs incurred and paid by the Municipality.

B. This project has been approved for Calendar Year 2019. If the Municipality commences construction of the project as outlined above prior to January 1, 2019, the Municipality assumes the risk and responsibility for costs incurred, in the event that funding levels fall below MaineDOT projections. If this occurs, the Municipality will not receive reimbursement from MaineDOT.

The TOWN OF MOUNT DESERT and MaineDOT agree to function within all applicable laws, statutes, regulations, and AGREEMENT provisions; avoid hindering each other's performance; fulfill all obligations diligently; and cooperate in achievement of the intent of this AGREEMENT.

**IN WITNESS WHEREOF**, the parties hereto have executed this AGREEMENT in duplicate effective on the day and date last signed.

#### **APPENDIX A**

## PROJECT SCOPE AND COST SHARING MAINE DEPARTMENT OF TRANSPORTATION

Municipal Partnership Initiative Project

#### MUNICIPALITY OF MOUNT DESERT

PROPOSED IMPROVEMENTS TO: ROUTE 3

STATE PROJECT IDENTIFICATION NUMBER (WIN) 21930.08

**FUNDED CONSTRUCTION YEAR 2019** 

**Project Scope**: Highway Rehabilitation

<u>Funding Outline</u>: The Total Project Estimated Cost is \$1,000,000.00, and the Parties agree to share costs through all stages of the Project under the terms outlined below.

Work Element	Municipal Share		State Share		Total Cost	
	%	\$	%	\$	\$	
Project Costs	50	500,000.00	50	500,000.00	1,000,000.00	
PROJECT SHARES						
Total Cost of Additional Work above agreement estimate	100%					
TOTAL ESTIMATED MUNICIPAL REIMBURSEMENT		\$500,000.00				

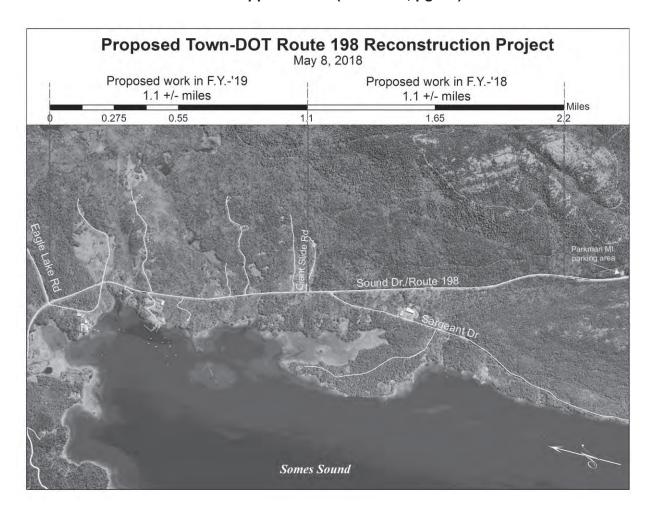

#### **REIMBURSEMENT SCHEDULE:**

Upon 1/3 project completion, the municipality may begin invoicing the Department. Preferred invoicing interval is 1/3, 2/3, final, the Department will accept monthly invoices after 1/3 project completion with a maximum invoice submittal not to exceed 5 invoices.

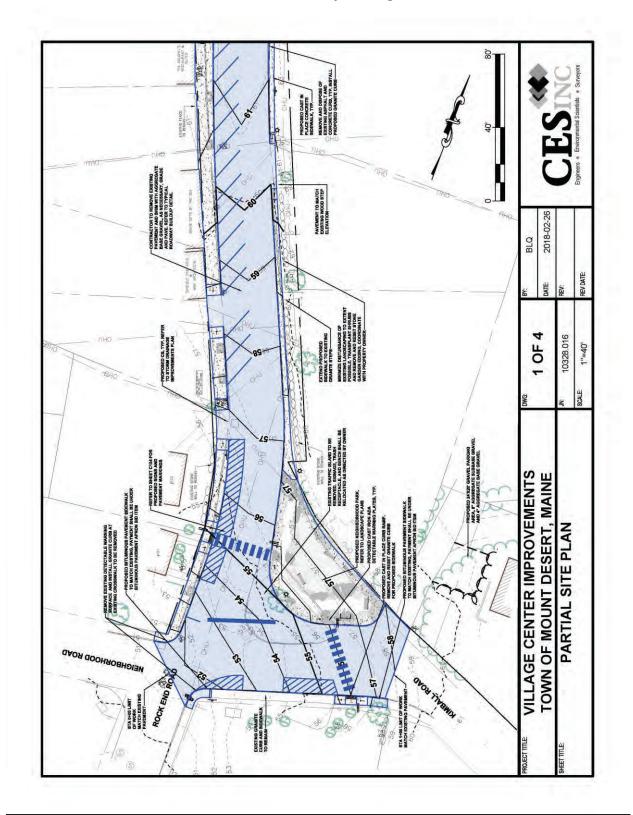

#### DESIGN EXCEPTIONS REQUIRED: YES X NO

Design exceptions were required for this project. Please see attached approval from MaineDOT Chief Engineer outlining design exceptions.

- (e) = Hancock County Budget
- (f) = Estimate of taxable value includes 14.5 million loss in value to new exemptions

## (Article 57; pg. 30) Tax Levy Worksheet

#### 2018 MUNICIPAL PROPERTY TAX LEVY LIMIT WORKSHEET

Municipality: MOUNT DESERT, ME Contact Person\*: KYLE AVILA Phone Number: (207)276-5531

\* The Contact Person should be able to answer clarifying questions about the reported information.

The following two pages show how to calculate your municipality's property tax levy limit. Completing these pages is not mandatory, but doing so will help ensure that your municipality complies with Maine law on the rate of property tax increases. Information on new property, appropriations, and deductions should be collected from the assessor and the valuation book before completing these pages.

Calendar Year Municipalities - For communities with "calendar year" budgets, the use of the term 2017 refers to the budget year that ended at the end of 2017 or early 2018. The use of the term 2018 refers to the budget year that will end at the end of 2018 or in early 2019.

Fiscal Year Municipalities – For communities with "fiscal year" budgets, the use of the term 2017 refers to the July 1, 2016 to June 30, 2017 budget year. The use of the term 2018 refers to the July 1, 2017 to June 30, 2018 budget year.

#### LAST YEAR'S (2017) MUNICIPAL PROPERTY TAX LEVY LIMIT

This is the portion of 2017 property tax revenue used for municipal services.

- If last year the municipality committed LESS THAN or EQUAL TO the limit, enter last year's limit on Line 1 below.
- If last year the municipality voted to EXCEED the limit ONCE (just last year), enter last year's limit on Line 1 below.
- 1. LAST YEAR'S MUNICIPAL PROPERTY TAX LEVY LIMIT

#### <u>OR</u>

- If last year the municipality voted to <u>INCREASE</u> the limit <u>PERMANENTLY</u>, complete Steps A-D below. The information needed for this calculation is on the <u>Municipal Tax Assessment Warrant</u>, filed in the Valuation Book.
  - A. Last year's Municipal Appropriations (Line 2, 2017 Municipal Tax Assessment Warrant)
  - B. Last year's Total Deductions (Line 11, 2017 Municipal Tax Assessment Warrant)
  - C. If necessary, enter any revenue included in Total Deductions that paid for non-municipal appropriations, such as schools. (If all deductions paid for municipal appropriations, enter "0".) \$
  - D. Add Lines A and C, and subtract Line B. Enter result on Line 1 above.

## CALCULATE GROWTH LIMITATION FACTOR

- Each municipality's Growth Limitation Factor is based on local property growth and statewide income growth.
- Total New Taxable Value of lots (splits), buildings, building improvements, and personal property first taxed on April 1, 2017 (or most recent year available)

\$11,369,385

\$7,793,563

3. Total Taxable Value of Municipality on April 1, 2017 (or most recent year available)

\$2,063,479,220

4. Property Growth Factor

(Line 2 divided by Line 3)

0.0055

5. Income Growth Factor

(provided by Office of Policy and Management)

0.0261

6. Growth Limitation Factor

(Line 4 plus Line 5)

0.0316

Add 1 to the Growth Limitation Factor calculated in Line 6.
 (For example, if Line 6 is 0.0362, then enter 1.0362 on Line 7.)

1.0316

The Registrar gives notice that she will be in session at her office, 21 Sea Street, Northeast Harbor, in said Town of Mount Desert on May 7, 2018 from eight thirty o'clock in the forenoon to four thirty o'clock in the afternoon of each day for the purpose of receiving applications of persons claiming the right to vote in said Town.

Given under our hands at Mount Desert this <u>2nd</u> day of <u>April</u> 2018, the Selectmen of the Town of Mount Desert:

13/	
John B. Macauley, Chairman	
Malthew J. Hart, Vice Chairman	
Wendy H. Littlefield, Secretary	
Martha T. Dudman	
dames F. Mobers	
	Attest: A True Copy
	Town Clerk, Mount Desert

#### MAINE MODERATOR'S MANUAL RULES OF PROCEDURE (Revised 2005)

TYPEMOTION	SECOND REQUIRED	DEBATABLE	AMENDABLE	VOTE REQUIRED	RECONSID- ERABLE	RANKANOTES
PRIVILEGED						
Adjourn (sine die)	Y	N	N	M	N	1
Recess or Adjourn to Time Certain	Ŷ	Υ	Y	М	N	2

Amend	¥	Y	Y	M	Y.	6
INCIDENTAL						
Appeal	γ	γ	N	M	Y.	A.B.D
Fix the Method of Voting	Y	N	N	M	N	В
Withdraw a Motion	N	N	N	M	See Notes	B, C, D
MAIN						
Main Motion	Y	Y	Y	M	Y	
Reconsider	Ŷ	See Notes	N	M	N	A, D, E
Take up Out of Order	Y	Y	N	2/3	N	

- Y Yes, this action is required or permitted.
- N No, this action cannot be taken or is unnecessary.
- M Majority vote required
- A This motion may be made when another motion has the floor.
- B Same rank as motion out of which it anses.
- C Only a prevailing negative vote on this motion may be reconsidered.
- D This motion has the same rank, and is debatable to the same extent, as the motion being reconsidered.
- E Only a person who voted on the prevailing side may make this motion.

None of the motions in the table should interrupt a speaker

This table does not include the statutory procedure for challenge (to question a vote), mentioned in the "Notes for Voters" and discussed in the Maine Moderator's Manual.
