The Harbor Master shall specify the minimum size, type and scope of the mooring and the maximum size and type of boat moored thereon, whether for the initial placement or relocation of the mooring. Only approved mooring inspectors, or the Harbor Master, are authorized to place moorings. This includes both moorings inside and outside of the harbors of Mount Desert.

The owner of the mooring shall ensure that each mooring is in safe condition and proper location, and meets the requirements of this Ordinance prior to its placement. information. The Harbor Master's decision may be appealed pursuant to the procedure set out in this Ordinance.

All new moorings placed outside the harbors of the Town of Mount Desert after the effective date of this Ordinance must register annually with the Harbor Master in compliance with this provision.

When the owner of an unregistered or unsafe mooring cannot be located, identified or refuses to remove his or her mooring, or replace it with one of a different character (when so directed by the Harbor Master), the Harbor Master shall cause the entire mooring to be removed or the ball removed and the chain dropped to the bottom or shall make such change in the character of the mooring as required, and collect from the master or owner (of that boat or vessel) the total cost, but not less than the sum of \$100, for any of those services rendered and the necessary expenses.

Before removing a mooring or a buoy, the Harbor Master shall notify the master or owner, if the master or owner can be determined, by registered mail at his or her last known address, of the action desired, the fact that the mooring will be removed, and the fine. If the matter is not settled to the Harbor Master's satisfaction within two (2) weeks, the Harbor Master may take the actions provided for in this Ordinance.

All moorings shall be assigned a number within a series that indicates the maximum size vessel that may use the mooring. The number shall be prominently displayed on the mooring in contrasting shades, at two inches minimum height. The Harbor Master shall assign the number and it shall be the owner's responsibility to apply and maintain the number.

In all events, mooring priorities shall be consistent with allocations required under State and Federal law.

7.8 - Waitlist

The Harbor Master shall maintain a list of all applicants who have not been assigned a mooring space for that year but want to remain eligible for future mooring space. To remain on the wait list, applicants must update their request in writing annually prior to April 1st and pay an annual application fee (fee schedules are set annually by the Selectboard). If an applicant refuses a mooring when offered one he or she may either choose to be dropped from the list or go to the bottom of the list. The wait list will be available for viewing at the Harbor Master's office during normal working hours.

7.9 - Registration transferrable

Mooring registrations are transferable, pursuant to 38 M.R.S. §§3 and 3-A in that a commercial fishing mooring may be transferred to a family member as defined in 38 M.R.S.A. §3-A, provided that the mooring assignment will continue to be used for commercial fishing purposes.

7.10 - Mooring Fees

The Selectboard, with the recommendation of the Harbor Master and Harbor Committee, shall annually set applicable mooring fees. The schedule of mooring fees will be maintained on file in the Harbor Master's office and/or posted to the Town's website. The Harbor Master may refuse to approve a mooring application, revoke a mooring approval, or refuse to allow the use of any moorings in the harbor or elsewhere in the Town for any person who has failed to pay applicable mooring fees.

7.11 - Mooring Rental

7.11.1 - Rental of Private Non-Commercial Moorings

Privately owned moorings, except those in Northeast Harbor, may be rented directly by their owners. The moorings shall conform, in all aspects, to the Town's specifications for moorings. Additionally, they shall have a permit from the US Army Corps of Engineers, with a copy on file with the Harbor Master's office. In Northeast Harbor, all mooring rentals except Clifton Dock (already ACOE permitted) shall be administered by the Harbor Master's office.

7.11.2 - Rental of Commercially Owned Moorings

Commercially owned moorings, except those in Northeast Harbor, may be rented directly by their owners. The moorings shall conform, in all aspects, to the Town's specifications for moorings. Additionally they shall have a permit from the US Army Corps of Engineers, with a copy on file with the Harbor Master's office. In Northeast Harbor, all mooring rentals except Clifton Dock (already ACOE permitted) shall be administered by the Harbor Master's office.

7.11.3 - One Boat – One Mooring Rule

As of September 30, 1998, all harbors in the Town of Mount Desert had been declared full (with grandfathered exceptions explained below). There shall be no more than one mooring allowed per each owned bona fide boat.

Persons or organizations engaged in commercial business, may continue to register moorings (commercial), for which they do not own boats, provided that, in the judgment of the Harbor Master and Harbor Committee, the number of mooring(s) is reasonable, and that there is adequate space.

Non-commercial mooring owners who presently own moorings in more than one harbor within the Town of Mount Desert, but do not own a bona fide boat for each mooring in each harbor, will be allowed to continue to register and maintain no more than one mooring per boat. The only case where more than one mooring per boat is permitted is if the moorings were owned prior to the effective date of this Ordinance, in which case an owner may have one mooring in two different harbors for one boat and would not be entitled to any other mooring for the boat specified.

7.11.4 - Use of Private Moorings

No person shall use the mooring of another without expressed permission of the owner, and the Harbor Master must be informed. The Harbor Master may use or rent a mooring with the owner's permission.

7.12 - Application Procedure for More Than One Mooring

Applications for more than one mooring per boat shall be considered by the Harbor Master and the Harbor Committee as the need may arise and as space may be available.

7.13 - Town Owned Rental Moorings

In Northeast Harbor, the Town shall own, operate and maintain two (2) classes of rental moorings. Class 1, consisting of at least 80 percent of available Town owned rental moorings, shall be classified as transient and shall not be occupied by the same boat for more than seven (7) successive nights unless the period is extended by the Harbor Master. Class 2, consisting of not more than 20 percent of the available Town owned rental moorings, may be rented for an extended period of time, as determined by the Harbor Master.

7.14 - Inspection of Moorings

The Harbor Master may inspect any mooring, its appurtenances, gear and tackle at any time.

The Harbor Master, in consultation with the Harbor Committee, shall develop and maintain a list of independent contractors possessing the knowledge, experience and equipment necessary to conduct a full, thorough and complete examination of moorings. Revision of the list shall be at the discretion of the Harbor Master after consulting with the Harbor Committee. The list shall be maintained in the office of the Harbor Master and shall be available for inspection during regular business hours. Only those persons who are on the list shall conduct mooring inspection and repair.

Each mooring in a harbor of the Town of Mount Desert must be inspected, by an approved inspector at least every three years, or more frequently at the Harbor Master's discretion, for its conformity with the minimum mooring standards currently in effect for the Town. Moorings not meeting the current mooring standards shall be brought into compliance immediately or before the mooring may be used again. All expenses for inspection or correction of defects or removal of the mooring shall be the responsibility of the mooring owner. Any mooring owner not in compliance with this section shall lose the privilege of having that mooring. It is recommended that moorings located outside of harbors be inspected every three years by an approved inspector.

The mooring owner or the inspector, on his or her behalf, shall furnish a complete report in writing, signed by the inspector, attesting to the date of the inspection, the name of the owner, the name of the inspector, the identity of the mooring and a statement of its condition. Any and all defects shall be noted and the date by which repairs or renovations will be effected. Moorings outside of harbors do not need to furnish a report.

7.15 - Designation of Mooring Spaces

The Harbor Master shall designate mooring spaces and shall maintain a mooring and traffic plan of the anchorage areas indicating location of moorings and size of boats for Northeast Harbor

and Somesville. The Harbor Master shall review and update all mooring and traffic plans annually with the Harbor Committee. A copy of the all mooring plans shall be kept on file in the Harbor Master's office.

The Harbor Master shall annually assign the location for each mooring with the guidance of the mooring plans (as approved by the Harbor Committee) and ensure the mooring location is in accordance with the mooring plans. The Harbor Master, with approval of the Harbor Committee, may create mooring and traffic plans for other harbors or any other area in the tidal waters of Mount Desert as needed.

A mooring owner, at the direction of Harbor Master, shall move all moorings not located in the correct location. Upon failure of the mooring owner to comply with these provisions, the Harbor Master shall move or remove the improperly located moorings. The cost of moving or removal shall be borne by the owner of the mooring(s). If the mooring owner does not pay, the mooring gear may be sold by the Town after one (1) year.

7.16 - Designated Mooring and Anchorages within Designated Town Waters

Valley Cove has been designated as an anchorage area only. No moorings will be placed into the area bounded by 44 18 492 N, 068 19 085 W extending on a magnetic bearing of 085 degrees M to 44 18 687 N, 068 18 677 W, to 44 19 294N, 068 18 687 W, a bearing of 18 degrees magnetic, this intersects the high water shore line at Acadia Mountain. The westerly and northerly boundaries are the MHW along the shoreline, which is Acadia National Park.

Within the area defined above, no mooring of any type shall be placed other than those in position prior to July 2, 2002.

7.17 - Change of Use (Commercial or Private)

The Harbor Master shall be promptly notified of a proposed change of use (from private to commercial or commercial to private) of a mooring. Such change in use may only be instituted upon approval of such change by the Harbor Master. Use of a mooring is nontransferable except with the express written approval of the Harbor Master.

7.18 - Change of Location

All moorings shall be subject to change in location, at the owner's expense, when it is deemed by the Harbor Master to be in the best interests of the Town, the safety of the harbor or waterway, or required to comply with the provisions of this Ordinance.

7.19 - Full Harbors

All harbors within the Town of Mount Desert have been declared full harbors. Non-commercial mooring owners in a full harbor who do not have a bona fide boat for each registerable mooring must write a letter of intent, certifying that they will own a boat within one registration year, in order to maintain a mooring permit.

If a boat is not purchased and registered within that stated time, the owner's mooring privileges will be revoked for the mooring(s) without a bona fide boat, and they will not be permitted to apply for a new mooring until such time as they actually own a boat. All revocations will be done in writing by the Harbor Master.

The exception would be to allow mooring owners that have sold their boat, but have chartered a boat, for use of the mooring for a period of two (2) months during the registration period. The charter agreement must be provided to the Harbor Master prior to the mooring registration deadline. If the Harbor Master deems appropriate and the charter is valid the mooring may be maintained for that mooring registration period.

7.20 - Revocation

The Harbor Master may revoke the mooring approval of any person who fails to promptly correct any violation of the mooring plan or this Ordinance, after notice from the Harbor Master, or who refuses to obey any lawful order of the Harbor Master with reference to moorings. If notice is sent by mail, the notice is effective three business days after mailing.

The minimum specifications for all moorings in all harbors shall be specified in this Ordinance or subsequent regulations.

The specifications for all moorings outside of the harbors but within the tidal waters of the Town shall meet the minimum gear requirements of the harbors. In view of the fact that the locations outside the harbors are less protected than locations inside the harbor, the Harbor Master may require heavier gear and more scope to be safe.

7.22 – Setting and Maintaining Moorings

The following requirements shall govern the setting and maintaining of all moorings:

- i.** Every mooring shall carry the number assigned to it at the time of registration.
- ii.** Floating rope on any mooring is prohibited.

- v. The rocks staple can be no less than 1 inch in diameter.

7.23 - Standards for Single Point Mooring Systems

7.26 – Scope of Mooring Systems

7.26.1 - Single Point Moorings and Two Point Mooring Floats

From May 15 to October 1, the mooring scope shall be equal to the depth of the water at mean low tide + 15 feet multiplied as indicated below, measured from the rock to the bow of the boat. From October 1 to May 15, pennants may be lengthened, provided such action does not interfere with nearby moorings.

Northeast Harbor and Somes Harbor: multiplied by 2

Otter Creek, Seal Harbor, and Bartlett's Landing: multiplied by 3

When setting two point moorings, the Harbor Master or Deputy Harbor Master shall be present.

7.26.2 - Three Point Moorings

From May 15 to October 1, the mooring scope shall be equal to the depth of the water at mean low tide + 15 feet multiplied as indicated below, measured from the ring to the bow of the boat. From October 1 to May 15, pennants may be lengthened, provided such action does not interfere with nearby moorings.

Northeast Harbor and Somes Harbor: multiplied by 2

Otter Creek, Seal Harbor, and Bartlett's Landing: multiplied by 3

When setting these three point moorings, the Harbor Master or Deputy Harbor Master shall be present.

7.26.3 - String Moorings

String moorings are permitted for boats less than 20 feet long with the permission of the Harbor Master.

When setting these string moorings, the Harbor Master or Deputy Harbor Master shall be present.

ARTICLE VIII—USE OF PUBLIC FLOATS, DOCKS, PIERS, AND RAMPS

8.1 - Use of Floats, Docks, Piers and Ramps: In General

No vessel may dock at a Town marina or be secured to a Town owned float in any harbor or in any tidal waters without first obtaining permission and a license from the Harbor Master. Any vessel docked in the marina or secured to a Town owned float without the Harbor Master's permission may be fined in accordance with Article X of this Ordinance, and removed at the vessel owner's expense and risk.

Use of any Town owned marine facility, where rent or license fees are collected, is not allowed unless all rent, fees, fines and taxes owed to the Town of Mount Desert pertaining to a vessel or mooring(s) are paid in full. Privately owned moorings rented through the Town or with the permission of the Harbor Master shall be considered part of the Town owned facility for this purpose. To avoid court action and or loss of harbor privileges, tickets must be paid within 30 days of date of issue.

Use of any Town owned marine facility, is not allowed unless all rent, fees, tickets, fines and taxes owed to the Town of Mount Desert pertaining to a vessel or mooring(s) are paid in full.

Piers, floats, docks and ramps shall be kept clear of small boats, traps, vehicles and other materials at all times. Owners of boats renting Town owned floats or slips shall keep the same clear of snow and ice.

A round trip fee of \$5.00 will be charged to non-residents for the use of the Northeast Harbor launching ramp.

8.2 - Licenses

Any reservation for use of a dock, float, slip, marina, wharf, or other Town facility for any period of time is issued as a license, which grants revocable permission to use the Town facility to the licensee. The license does not grant any property interest to the licensee and is not transferable.

8.3 - Slip Reservations

Reservations will not be accepted prior to 1 January of each year for that summer season. All reservations must be re-confirmed prior to 10 days of the scheduled date of arrival.

Mariners are encouraged to make reservations as early as possible. Those who do not re-confirm will be dropped to the bottom of the waiting list for that day. Credit card numbers will be taken on all confirmed reservations. Any vessel not showing up for a confirmed reservation will be charged for any confirmed dates not filled by the office on his or her credit card.

If a vessel has a reservation and decides to depart early they will be charged for those dates not filled by the office. Check out time is 11:00 a.m. on the day of departure.

8.4 - Waiting List

When available, boats requesting a reservation will be recorded on a waiting list in the order in which the reservation is received.

At 9:30 a.m. and 2:30 p.m. each day, available dock space will be offered to those on the waiting list. Vessels on the waiting list for more than one day will be considered on a day-to-day basis.

Boats that are on the waiting list must confirm by 9:00 a. m. on the morning of their scheduled arrival and any day they are on the waiting list. Once a determination has been made if there is room for a vessel the vessels that can be confirmed into the marina will be called by VHF channel 9 or by telephone.

8.5 - Transient Vessels

Transient vessels may not remain in a slip for more than thirty (30) days. After thirty (30) days, vessels must remain out for fourteen (14) days unless space is available. Boaters with confirmed reservations may enter their designated slips after 12:00 PM (noon). Boaters who wish may enter vacant slips before noon and pay for one-third (1/3) of a day's slip charge for the slip occupied.

8.6 - Seasonal Slips

A confirmed seasonal slip renter will have a minimum reservation for at least forty-five (45) days during the periods of May 15 through September 30. Seasonal slip waitlist is maintained in the Harbor Master's office.

Seasonal slip licensees that are unable to use their slip for a season may keep their slip in future years if they pay for a period of 45 days. The slip will only be held for a period of one season.

Notification of absences from the slip by seasonal licensees is essential, as the Harbor Master may wish to license the space during the seasonal licensee's absence. Accordingly, a seasonal licensee shall inform the Harbor Master in writing of all periods when the slip will not be

occupied overnight. Seasonal slip licensees may return before noon if so stated in writing on their departure.

8.7 - Fees

The Selectboard, with the recommendation of the Harbor Master and Harbor Committee, shall annually set applicable fees. The schedule of fees will be maintained on file in the Harbor Master's office and/or posted to the Town's website.

8.7.1 - Vessel Length

A vessel's length is considered to be its overall measured length and not its registered or documented length. Measurements are at the discretion of the Harbor Master whose decision will be final.

8.7.2 - Payment

Transient vessels shall pay, in advance, in U.S. currency. Travelers' or personal checks in U.S. currency will be accepted with two (2) forms of identification. Master Card and VISA are also accepted.

Payment of off-season slip fees shall be paid in advance. Payment is expected to the end of the month upon entering the slip, then on the first of the month thereafter.

8.8 - Northeast Harbor Regulations

8.8.1 – Generally

Due to parking limitations, dock space limitations, safety considerations, and the restrictive size of the present ticket booth facility at the Northeast Harbor Marina, the Selectboard shall consider any new commercial boat operations in the Town of Mount Desert subject to the policy outlined in this Ordinance.

Any vessel docked in the marina or secured to a Town owned float without the Harbor Master's permission may be fined in accordance with Article X of this Ordinance, and removed at the vessel owner's expense and risk.

All vessels moored at the Northeast Harbor Marina must be kept in a presentable condition at all times.

Charcoal grilling in the open within the Marina is prohibited.

8.8.2 - Maintenance Float

Before docking, vessels needing minor mechanical work or maintenance must obtain permission of the Harbor Master. No more than 2 vessels may use the float at one time.

When work on vessels cannot be performed during one workday, such vessels may be moved at the Harbor Master's discretion. Vessels requiring major mechanical work or maintenance must make arrangements with the Harbor Master prior to commencing any work.

Users of the maintenance float are responsible for cleaning up so that the float is neat and tidy at all times.

Sanding, welding and use of torches is not allowed without specific permission from the Harbor Master.

If the maintenance float in the Northeast Harbor Marina is not occupied at or after 5:00 p.m., it may be used for overnight dockage, provided any vessel using it shall depart not later than 7:00 a.m. the following morning. Vessels remaining at the float after 7:00 a.m. without permission will be fined in accordance with Article X of this Ordinance and any reservation for subsequent slip space may be canceled.

In the spring and fall when boats are being rigged and unrigged, if the Maintenance Float is unavailable, boats may remain in the marina for forty-eight (48) hours without charge, if space permits, at the Harbor Master's discretion.

8.8.3 - Commercial Float

Only commercial vessels authorized to do so by the Selectboard may use the commercial float. Unauthorized use by vessels shall be subject to a fine in accordance with Article X of this Ordinance and the vessel may be removed at the owner's expense and risk.

8.8.4 - Public Float

Any vessel, with the exception of those actually carrying passengers or freight for hire, may use the portions of the float so marked within the limits posted. The back of the Public Float will be divided into 2 sections, one for boats of 17 feet or less to be limited to 4 hours, and commercial dinghies. These dinghies will be 14 feet or less and if powered be powered by 25 hp or less, they will also be required to display decals on the inside of their transoms to certify that they are mooring owners in Northeast Harbor. The Harbor Masters office will issue the decals.

Violators may be fined in accordance with Article X of this Ordinance and the vessel may be removed at the owner's expense and risk.

No vessel docked at the public float at the Northeast Harbor Marina may engage in repair work without permission of the Harbor Master.

8.8.5 - Parking

New operators carrying passengers or freight for hire applying to operate from the Northeast Harbor Marina, or existing operators seeking to expand their capacity beyond the approved capacity, must show there is sufficient parking for the new or expanded marine business in order to obtain approval to operate from the Northeast Harbor Marina. Parking relied on to meet this requirement must comply in all respects to the Land Use Zoning Ordinance for the Town of Mount Desert.

Applicants may satisfy the parking requirement by providing new parking, or by showing that sufficient parking is presently available to handle the proposed venture because (i) changes in the approved vessel fleet have reduced demand for parking, or (ii) the Town has provided additional parking sufficient to handle the new or expanded operation.

8.8.6 - Dinghies and Outboard Floats

Town residents shall tie up their dinghies (14 ft limit with 25 hp/ob motors or less) to the float near the Yachtsmen Building at no charge. Transient yachtpersons will also use the same area.

Dinghies used to tend both commercial fishing and commercial vessels will not be charged but will carry a decal issued by the Harbor Masters Office and will be limited to 14 ft with 25 hp o/b motors or less and will tie up behind the public float marked accordingly. The decal will only be issued to commercial float operators and commercial fishermen with moorings in Northeast Harbor.

8.8.7 - Limits on Numbers and Size of Boats

Except as provided below, the Harbor Master shall not approve more than thirteen (13) boats to use the Northeast Harbor Marina, or a lesser number of boats which exceed a maximum licensed load carrying capacity for the combined total number of trips for all vessels of more than 1175 passengers/day, in order to manage the safe and efficient use of the marina facility.

The Harbor Master may recommend to the Harbor Committee increasing the number of boats allowed to use the Northeast Harbor Marina if the existing boats authorized to use the facility decrease trip frequency thereby creating available space or time slots at the commercial dock, provided that the total passenger carrying capacity of the approved fleet of vessels does not exceed the maximum number as outlined above.

Due to the limited size and load constraints of the present commercial float system, no vessel over 50 feet maximum may dock at the Northeast Harbor commercial float.

8.8.8 - Application Process for Approved Boats

Each approved operator must sign an Operator License Agreement with the Town which includes a commitment to operate for the upcoming season, verifies the size and licensed passenger capacity of the approved vessels, maximum number of trips allowed per day, approved time for these trips, a certificate of liability insurance (which names the Town of Mount Desert as an additionally insured), copy of all vessel operators' current Coast Guard license, a copy of each inspected vessel's current certificate of inspection, as well as other provisions consistent with this Ordinance. The Town shall provide the Contract form.

Operator Contracts are issued by the Town as a license, which grants revocable permission to the licensee to use Town marina facilities. This license does not grant any property interest to the licensee and is not transferable.

On or before September 30 of every third year after an Operating Contract is executed, every approved operator must submit to the Harbor Master an "Application for Approval to Operate from the Northeast Harbor Marina." Applications shall be submitted on forms supplied by the Town and shall, at a minimum, require each operator to submit a detailed operating plan for its use of the marina. The purpose of the Application shall be to provide the Town with a periodic opportunity to review use of the Northeast Harbor Marina. Decision criteria shall include the operator's record of safety, compliance, courteous use of the float, public feedback, and other factors related to the safe and efficient use of the Northeast Harbor Marina.

The Harbor Master shall forward all Applications to the Harbor Committee with a recommendation of Approval, Approval with Conditions, or Non-Approval. The Harbor Committee shall review the Applications and the Harbor Master's recommendations, and forward the Applications to the Selectboard with the Committee's recommendations. The Selectboard shall make the final determination on all Applications.

Proposals for replacing an existing approved vessel by a present operator which involves no increase in passenger carrying capacity, and otherwise complies with this Ordinance, the Contract, and the Application, may be submitted at any time to the Harbor Master for review and approval.

Proposals for changing an existing Contract, Application, or approval in a manner that does not increase use of the Northeast Harbor Marina, ticket booth, or parking for the upcoming season may be submitted to the Harbor Master between January 15 and March 1st of every year for review and approval and, if appropriate, amendment of the Contract.

Proposals from approved operators to change operations in any manner which would increase use of the marina, ticket booth, or parking shall be treated as proposals for new or expanded business, and evaluated accordingly.

All proposals to transfer existing business operations with existing approved operating plans and vessels to new owners (“Direct Replacement of Services”) will be considered on a case by case basis at any time and must first be submitted to the Harbor Master for review and comment, next obtain the recommendation for operational status by the Harbor Committee and finally receive approval by the Selectboard in order to operate from the commercial float.

8.8.9 - New or Expanded Operators

On or before September 30 of any year, the Selectboard will advertise for proposals to be submitted for consideration by potential new passenger vessel operators, as well as proposed additional vessels or proposed higher passenger capacity replacement vessels by presently approved operators, to fill any vacancies which have been created at the Northeast Harbor Marina. Proposals must meet all criteria as outlined in this document, and be submitted on the Application for Approval to Operate from the Northeast Harbor Marina. Selection of new operators, additional vessels, or higher passenger capacity replacement vessels will be on a “space available basis” and will be determined by a lottery system if the number of acceptable proposals exceeds the operating space available. All new or expanded operators will be required to enter into Contracts in this Ordinance.

8.8.10 - Classification of Passenger Vessels

Passenger vessels operating from the marina will be classified and approved for operation in the following categories:

1. “Regular Trip” Operator (includes Drop Off and Pickup privileges); or
2. Operator Approved for “Drop Off and Pickup” (on Demand Services only)

All vessels approved for operation from the Northeast Harbor Marina will also be permitted drop off and pickup privileges in the other harbors of Mount Desert. Regular scheduled trip operations will only be allowed from the Northeast Harbor Marina.

8.8.11 - Ticket Booth

Use of the ticket booth at the marina will be governed by the present “Ticket Booth Cooperative” Bylaws. All vessels approved by the Selectboard for regular trip operation from the marina will be allowed use of this facility upon payment of their joining fee. All vessels approved for “Drop-Off and Pickup” on demand services at the commercial float will be allowed to display their advertising at the ticket booth. Any disputes arising from the operation of the ticket booth will be resolved by the Harbor Master.

8.8.12 - Penalties

Approval to use the Northeast Harbor Marina may be suspended, limited, or revoked by the Harbor Master upon violation of this Ordinance or any applicable Contract or

Application, which violation is not corrected as soon as possible and in any event within 30 days of notice from the Harbor Master. The Harbor Master shall not be required to allow a cure period for repeat violations. In addition, the Harbor Master shall have the authority to impose fines as described in Article X of this Ordinance.

The

Harbor Master may order any such boat or vessel to move. If the Harbor Master receives a complaint from an owner, master, or operator of any boat or vessel, that another boats or vessels are obstructing free movement or safe anchorage, he or she shall investigate the situation and order such other boat or vessel to move to an appropriate location, if necessary.

If the Harbor Master should observe a condition in which one boat or vessel is obstructing the free movement or safe anchorage of any other boat or vessel, he or she may order the other boat or vessel to move. If any boat or vessel is anchored within the channel limits established by the Town of Mount Desert the Harbor Master shall order the boat or vessel to move. If space is available the Harbor Master may designate the location to which the obstructing boat or vessel may proceed to anchor.

Primary responsibility for compliance with such orders and directions shall rest with the owner of the improperly anchored or moored vessel or his or her authorized agent; in the absence of such owner or agent, said responsibility shall rest with the mooring owner or the authorized operator of the facility at which the vessel is anchored, docked, or moored. In an urgent situation, and in the absence of any such responsible person, the Harbor Master may board any vessel and cause the improper situation to be corrected, and the owner of the vessel shall be liable for any costs incurred by the Town of Mount Desert in effecting such correction. The Town or its officials shall not be held liable for any damage to such vessel or property that occurs during or as a result of being boarded pursuant to this section.

above described, which shall have been left unattended for a period of sixty (60) days, shall be deemed to have been abandoned. The Harbor Master may order the owner to remove the same within fifteen (15) days. In default of removal or in the event the Harbor Master is unable to identify the owner or master of the vessel after reasonable efforts, the Harbor Master may undertake its removal or destruction at the cost of the owner. Any violation of the above shall be deemed a violation and be subject to the penalties and fines as described in Article X of this Ordinance.

9.7 - Removal of Illegal Vessels

A person shall not moor or permit to be moored, in any harbor or tidal waters of the Town of Mount Desert, a vessel of any kind whatsoever which is un-seaworthy or is in a badly deteriorated condition or which is likely to sink or to damage docks, wharves, floats or other vessels or which may become a menace to navigation, except with the express written permission of the Harbor Master.

The Harbor Master shall give the owner of the dock, pier, wharf or lobster car or other structure written notice of the condition. The notice shall order the owner to abate the nuisance within a reasonable period of time, which shall be specified in the notice.
